Secrets Of The Sphinx Mysteries Of The Ages Revealed:

The Zodiac Conspiracy Atara, Dr. Atara, 2011-11 The appearance of an astronomer who was discussing the 13th constellation on national TV last year caused a huge outcry from the public. The big question was: How can my sun sign be different? Many people concluded that the astronomer did not know what he was talking about. People wanted to know how their Sun sign could be different than what they had been told all these years. Actually, the astronomer was very correct; he was telling everyone the truth as indicated by the science of astronomy, which the psychological art of astrology is based upon. There are 13 constellations and has always been 13. This is why the book also features a section on Ophiuchus, which is the 13th constellation and the only constellation sign named after a human being, Imhotep, an African Egyptian. There has been a conspiracy of silence among Western astrologers to misrepresent the history of astrology and ignore the truth of astronomy. Since astrologers did not adhere to the science of astronomy as dictated by the constellations, they created an alternative paradigm called the Koch zodiac system, which only acknowledges 12 constellations and therefore 12 signs. Astrologers who live in the Eastern part of the world practice the truth of astronomy by using the Sidereal zodiac system. Most people in the Western world actually believe that on January 1st their Sun sign is Capricorn. However, the truth is that the Sun is actually in the constellation of Sagittarius. This is the truth of astronomy and the sidereal zodiac system. So if you were born on January 1st of any year, your Real Sun Sign is Sagittarius, not Capricorn. This book shows everyone who wants to continue believing in their old sign while embracing the truth of their Real Sun Sign how to blend these two systems so that who you REALLY ARE and what you are destined to learn about yourself is anchored in the truth. It is a gentle reminder that you are not living your most authentic self. Are you the Virgo Selfless Servant or Aquarius The Giver? Read **The Zodiac Conspiracy** and be introduced to the truth and Your Real Sun Sign.

13 Different Men of the Zodiac Dr. Regina Atara Wead, 2022-06-10 This is not an astrological textbook and it doesn't provide any astrological forecasts. You'll never understand all the planets simply by reading this book. This book is a simplified and entertaining way of describing the influences that the planet Mars has on the human personality and the particular way the planet influences men. This information is based on decades of professional astrological consultation and research along with a careful evaluation of human psychology. Hopefully, it will provide you with insight into what makes a man tick.

The Sphinx Mystery Robert Temple, 2009-01-20 A book that verifies the existence of secret underground chambers beneath the Sphinx and demonstrates its origins as the Egyptian god of the dead, Anubis. Includes an anthology of eyewitness accounts from early travelers who explored the secret chambers before they were sealed in 1926. Reveals that the Sphinx was originally carved as a monumental crouching Anubis, the Egyptian jackal god of the necropolis. Shrouded in mystery for centuries, the Sphinx of Giza has frustrated many who have attempted to discover its original purpose. Accounts exist of the Sphinx as an oracle, as a king's burial chamber, and as a temple for initiation into the Hermetic Mysteries. Egyptologists have argued for decades about whether there are secret chambers underneath the Sphinx.

why the head to body ratio is out of proportion and whose face adorns it In *The Sphinx Mystery* Robert Temple addresses the many mysteries of the Sphinx He presents eyewitness accounts published over a period of 281 years of people who saw the secret chambers and even went inside them before they were sealed in 1926 accounts that had been forgotten until the author rediscovered them He also describes his own exploration of a tunnel at the rear of the Sphinx perhaps used for obtaining sacred divinatory dreams Robert Temple reveals that the Sphinx was originally a monumental Anubis the Egyptian jackal god and that its face is that of a Middle Kingdom Pharaoh Amenemhet II which was a later re carving In addition he provides photographic evidence of ancient sluice gate traces to demonstrate that during the Old Kingdom the Sphinx as Anubis sat surrounded by a moat filled with water called Jackal Lake in the ancient Pyramid Texts where religious ceremonies were held He also provides evidence that the exact size and position of the Sphinx were geometrically determined in relation to the pyramids of Cheops and Chephren and that it was part of a pharaonic resurrection cult **13**

Sun Signs of the Zodiac Dr. Regina Atara Wead, 2014-10-29 Using the Sidereal Zodiac like Nostradamus an astrologer and metaphysician shares her insight about the blending of Eastern and Western astrology in *The Zodiac Conspiracy* This book underscores the omission of Ophiuchus a major constellation that the Greeks left off the tropical zodiac wheel It includes a brief section on Ophiuchus the only constellation named after a real man named Imhotep The 13 Sun Signs of the Zodiac outlines the differences between popular tropical astrology that you read in the daily horoscopes and the science astronomy of sidereal astrology This book merges the sidereal and tropical systems to help us understand how the tropical zodiac represents who we are learning to be while the sidereal zodiac represents who we really are Rev Dr Martin Luther King Jr was really a Sagittarian The Seeker who was learning how to be a Capricorn goat climbing up the mountain to become The Achiever Jesus was probably born under the sign of Virgo to a virgin mother However he was really a Libra The Peacemaker who was learning how to be a Virgo The Selfless Servant All of this and much much more is explained in this extraordinary book **13 Sun Signs of Zodiac** *The Magic of the Pyramids and the Mystery of the Sphinx* A. Aldous Huxley's *The Doors of Perception* achieved incredible acclaim and influence ultimately serving as a key group in the development of psychedelic and progressive rock. At the center of it all was front man Jim Morrison who died in 1971 at age 27. Yet as author Paul Wyld reveals despite Morrison's reputation as a lewd drunken performer he was a full fledged mystical shamanic figure a secret teacher of the occult who was not merely central to the development of rock music but also to the growth of the Western esoteric tradition as a whole. Wyld looks at the mystical works that inspired Morrison including Kurt Seligmann's *The Mirror of Magic* Colin Wilson's *The Outsider* and the writings of Nietzsche and Jack Kerouac. Drawing on Morrison's lyrics and poems his intimate writings and the recollections of friends like photographer Paul Ferrara and Doors keyboard player Ray Manzarek the author makes the case that Morrison was not simply a superficial dabbler in the occult but an actual secret teacher transmitting knowledge through the golden thread stretching back to Egypt and Thoth Hermes. Explaining how Morrison sought to use his role as a rock singer to express the power of inner experience Wyld shows how praxis was at the heart of Morrison's approach revealed in his journey through the arduous ordeals of shamanic initiation. He was a shaman mystic and sage and an essential part of a great spiritual awakening to which he gave himself over fully.

Best selling author and visionary scientist Gregg Braden suggests that the hottest topics that divide us as families cultures and nations seemingly disparate issues such as war terrorism abortion genocide poverty economic collapse climate change and nuclear threats are actually related. They all stem from a worldview based upon the false assumptions of an incomplete science. The History. The obsolete beliefs of our modern worldview have brought us to the brink of disaster and the loss of all that we cherish as a civilization. Our reluctance to accept new discoveries about our relationship to the earth one another and our ancient past keeps us locked into the thinking that has led to the crises threatening our lives today. The Facts. The scientific method allows for and expects new information to be revealed and assimilated into our existing beliefs. It's the updating of scientific knowledge with the new facts from new discoveries that is the key to keeping science honest current and meaningful. To continue teaching science that is not supported by the new discoveries ones based upon accepted scientific methods is not in fact scientific. But this is precisely what we see happening in traditional textbooks classrooms and mainstream media today. The Opportunity. Explore for yourself the discoveries that change 150 years of scientific beliefs yet are still not reflected in mainstream thinking including Evidence of advanced near ice age civilizations The origin of and reasons for war in our ancient past and why it may become obsolete in our time The false assumptions of human evolution and of the Darwinian theory.
