Pratt,Peter Cheng-Chong Wu,2016-07-01 Contemporary urbanisation has two faces global flows of people money and information and that of localised social and economic disparities Recent research has focused on the headlines of global cities as control centres of the world economy and social and economic shock waves that have raged through cities and regions but less attention has been paid to the secret life of cities and the changing nature of everyday life in the wake of such changes This book challenges current research and policy agendas recommending spatial concentration and relocation as a solution to the problems of environmental sustainability and social dislocation Instead this book highlights the key linkages between social and environmental problems it argues that neither are likely to be resolved with a simple spatial fix The book draws attention to local contexts of contemporary urbanisation emphasising consideration of policy making from the perspective of the household as a key unit of analysis in identifying links between labour and housing markets transport and leisure This book draws upon detailed household interviews about the daily experience of life in a global city It illustrates the dilemmas and solutions that people routinely find in order to go on in their lives It shows that these local fixes that are managed at the level of the household work in spite of and sometimes against existing policies aimed at sustainability It concludes that policy making needs to be radically overhauled in order to address the integrated nature of people's everyday lives *Secret Language of Crows* Thea Atkinson, Sometimes to save your life You must take it One brutal lover's spat too many makes Olivia decide her only way out of a violent same sex relationship is on a stretcher But life has other plans When her father suffers a stroke and needs 24 hour care she realizes this is a chance to start fresh and heal her fragile spirit Not to mention escape the brutal hands that bruise her body But it requires the one thing she swore she would never do Go home Can Olivia find a way to resolve the ghosts of her troubled past or will it leave her trapped in her the darkest parts of her psyche If you enjoy deeply introspective fiction with dark themes you will want to give *Secret Language of Crows* a try This stand alone novel is a cross between women's literary fiction and psychological thriller that explores the strength of family ties and the secret lives within them In the tradition of Canadian women writers the author delivers a story both dark and brutal that somehow finds a way to the light [Trekking Nepal](#) Stephen Bezruchka, M.D.,Alonzo Lyons,2011-06-01 Any Nepal travel guidebook will give you details details details But read Stephen Bezruchka's *Trekking Nepal* the best for background and thorough trekking advice Christian Science Monitor on the 7th edition Co written by veteran Nepal trekkers with more than 60 combined years of experience in the region New 8th edition reflects the
