Democracy Ram n A. Feenstra, 2019-11-19 Large sections of democracy and its basic structures have recently been hijacked By stealth powerful elites have gradually gained control of the political sphere and transformed it to serve their own interests The political systems of what appear to be established democracies in all corners of the world are showing signs of this takeover which has led to widespread citizen disaffection and indignation Kidnapped Democracy uses the metaphor of captivity to illustrate the differences and similarities between conventional kidnappings and the hijacking of a political system The book s nine chapters identify the kidnappers the accomplices the hostages the victims and the negotiators before examining the effect of a peculiar Stockholm syndrome and finally reflecting on possible ways to secure the release of democracy

After Violence Elin Skaar, Camila Gianella Malca, Trine Eide, 2015-04-17. After Violence: Transitional Justice, Peace and Democracy examines the effects of transitional justice on the development of peace and democracy. Anticipated contributions of transitional justice mechanisms are commonly stated in universal terms with little regard for historically specific contexts. Yet a truth commission for example will not have the same function in a society torn by long term civil war or genocide as in a society emerging from authoritarian repression. Addressing trials, reparations, truth commissions and amnesties, the book systematically addresses the experiences of four very different contemporary transitional justice cases: post-authoritarian Uruguay and Peru and post-conflict Rwanda and Angola. Its analysis demonstrates that context is a crucial determinant of the impact of transitional justice processes and identifies specific contextual obstacles and limitations to these processes. The book will be of much interest to scholars in the fields of transitional justice and peacebuilding as well as students generally concerned with human rights and democratisation.

Psicokillers Juan Antonio Cebrián Zúñiga, 2010-01-01. En el libro profusamente ilustrado y redactado de forma amena y desenfadada en ocasiones un mecanismo de defensa evidente para soportar la crudeza de lo que se relata, Cebrián escribe sobre treinta asesinos, algunos de fama mundial, otros menos conocidos pero todos auténticos monstruos. El vampiro de Düsseldorf, el carnicero de Hannover, Jeane Weber, la estranguladora de París, el depredador de Seattle son sólo algunos de los nombres que asoman su mirada criminal por estas páginas y que nos devuelven la imagen del infierno que reposa expectante en un resquicio del corazón de todo ser humano. Psicokillers, escrito por Juan Antonio Cebrián y publicado por la Editorial Nowtilus, es una obra excepcional que aborda los perfiles, las biografías de los asesinos en serie más famosos de la historia a lo largo de las doscientas cincuenta y tres páginas que conforman este trabajo, donde queda retratada con palabras la vida y la muerte. Cebrián ha seleccionado quince especímenes notables en su género que en su día fueron protagonistas del espacio, pasajes del terror en el programa radiofónico La rosa de los vientos. Una galería del horror humano, la descripción de un modo periodístico huyendo del morbo gratuito de los treinta casos de asesinos en serie más aterradores de todos los tiempos. La labor de Juan Antonio Cebrián como investigador está fuera de toda duda, tampoco es debatible su talento como comunicador tanto a través de las ondas como sobre el papel. Ambas características confluyen en esta obra, en la que Cebrián nos presenta dividido en dos bloques los crímenes de los 30 mayores asesinos de la historia. Canibales, estranguladores o descuartizadores se nos presentan de un modo

riguroso evitando el morbo de la casquer a f cil pero d ndonos la justa medida de las atrocidades que estos hombres cometieron

Learn Spanish News Vol.2: Nik Marcel, LEARN SPANISH NEWS Vol 2 English Spanish THIS EDITION The dual language text has been arranged into sentences and shorter paragraphs for quick and easy cross referencing The source text is the Spanish language edition of Voice of America VOA The Spanish text has been translated into English for this dual language project The reader can choose between four formats Section 1 English to Spanish Section 2 Spanish to English Section 3 English Section 4 Spanish A methodology for getting the most out of this bilingual format is explained in the book s Foreword The primary purpose of this text is to equip a foreign language learner with the ability to start reading news in the particular foreign language to be able to read only in the foreign language and extract enough understanding to continue the language learning process fruitfully this way A reader might like to go back to reading dual language news for reinforcement and further development returning to foreign language only news with a deeper understanding By going back to the same old news you are going over words word patterns and passages with which you already have a certain familiarity The process of reinforcement learning or retaining of what is new and exposure to what is unfamiliar is much easier this way even though the news may seem a little dated The aim of informing the reader about actual news is secondary especially given that the content will become less current and less relevant over time If you are having trouble with the level of difficulty in the text a suggested path for learning languages is as follows Familiarise yourself with a basic language instruction book or re read the one you have Once a student has studied the basics a suitable book about basic grammar can be helpful The suggestion is that any grammar book be studied more with the intent of recognition and understanding rather than memorising and obsessive rote learning Go through as much of the grammar book you feel you can digest maybe even the whole book skipping over what is not easily understood After this read through a portion of text in a book called Spanish Sentences by 2LanguageBooks looking for examples of what you have picked up or gleaned in your hopefully not so arduous study of grammar Even repeatedly seeing a word that you remember seeing listed as a subject pronoun or a third person plural verb of some sort is a great help Then depending on your inclination return to the grammar book or your basic Spanish book or move on to lengthier bilingual text like in 2Language Books texts containing news or stories for example or find some suitable Spanish text a simple novel a Spanish news website etc Grammar books will likely have some verb charts However there are currently good on line resources that go further dictionaries with a verb conjugation search option Many basic language books offer some form of audio support Internet services primarily news based radio stations offer podcasts Audio from television is an additional resource and can be formatted for use on various digital platforms However if audio is an important component of your interest in languages electronic devices that support quality text to speech TTS will likely be appealing With a library card TTS technology in a device that supports the relevant content and the above mentioned resources an entire language learning system is available for not much more than a cup of coffee There is no substantial
