Seduction Of Black Criminality:

The Seduction of Black Criminality Gene A. Jones, 1996-01-01 **Know Thyself: Ideologies of Black Liberation**
Gwinyai H. Muzorewa, 2005-07-28 Muzorewa is chair of the Department of Philosophy and Religion at Lincoln University of Pennsylvania. He is also the author of *The Origins and Development of African Theology* and *The Great Being Yahweh Chuku Allah God Brahman*. **Seduction Of Crime** Jack Katz, 1988-12-04 A chilling exploration of the criminal mind from juvenile delinquency to cold blooded murder. Cover subtitle: **Criminality and Power in the Postcolonial City** Maria Ridha, 2022-11-21 This book investigates the literary imaginings of the postcolonial city through the lens of crime in texts set in Naples and Mumbai from the 1990s to the present. Employing the analogy of a black hole, it posits the discourse on criminality as a way to investigate the contemporary spatial manifestations of coloniality and global capitalist urbanity. Despite their different histories, Mumbai and Naples have remarkable similarities. Both are port cities, gateways to their countries and regional trade networks, and both are marked by extreme wealth and poverty. They are also the sites and symbolic battlegrounds for a wider struggle in which the North exploits the South and the South fights back. As one of the characters of the novel *The Neapolitan Book of the Dead* puts it, a narrativisation of the underworld allows for a discovery of a different city from its forgotten corners. Crime provides a means to understand the relationship between space and society, culture in a number of cities across the Global South by tracing a narrative of postcolonial urbanity that exposes the connections between exploitation and the ongoing coloniality of power. **Black Men, Invisibility and Crime** Martin Glynn, 2013-12-04 Past studies have suggested that offenders desist from crime due to a range of factors such as familial pressures, faith-based interventions or financial incentives. To date, little has been written about the relationship between desistance and racialisation. This book seeks to bring much needed attention to this under-researched area of criminological inquiry. Martin Glynn builds on recent empirical research in the UK and the USA and uses Critical Race Theory as a framework for developing a fresh perspective about black men's desistance. This book posits that the voices and collective narrative of black men offers a unique opportunity to refine current understandings of desistance. It also demonstrates how new insights can be gained by studying the ways in which elements of the desistance trajectory are racialised. This book will be of interest both to criminologists and sociologists engaged with race, racialisation, ethnicity and criminal justice.

Copycat Crime Jacqueline B. Helfgott, 2023-07-27 Details the new phenomena of copycat crime inspired by technology and the hyperreality fueled in some people by digital culture and video games. Across her 30-year career in criminology, author Jacqueline Helfgott has watched with fascination and fear as the world has shifted from a place where one-dimensional televised news each evening and newspapers bought each morning provided the only information on crimes and killings. Now, nonstop instant global news coverage on 24-hour television and the internet enables people to see and replay not only crime, violence, terrorism and murder coverage provided by journalists in real time but also Facebook and YouTube.

feeds filmed by the criminals themselves while perpetrating the crimes In this riveting text about the consequences of our technical digital and cultural changes Helfgott focuses on how these advances are perpetuating this era s new and more massively deadly acts The book intertwines vignettes from current events perpetrator statements police reports and current research to show how copycat crimes are linked to media technology and our digital culture Concluding with recommendations to reduce the criminogenic effects of media technology and digital culture this book also includes an appendix listing technology and media influenced copycat crimes

The Tragic Black Buck Carlyle Van Thompson, 2004 The new edition of *The Tragic Black Buck: Racial Masquerading in the American Literary Imagination* offers a fresh perspective on this trail blazing scholarship and the singular importance of F Scott Fitzgerald s *The Great Gatsby* as a challenge to the racial hegemony of biological white supremacy Fitzgerald convincingly and boldly shows how racial passing by light skinned Black individuals becomes the most fascinating literary trope associated with democracy and the enduring desire for the American Dream

Women and Crime Judith Ann Warner, 2012-07-19 Drawing on government data and interdisciplinary expertise this timely book seeks to explain why the changing economic and legal status of women has not reduced the gender gap in criminal offending *Women and Crime: A Reference Handbook* examines how women s patterns of offending have changed over time in America from the Colonial period to the present The book sets the stage with a historical overview of women s criminal activity Subsequent chapters cover such topics as changes in women s status and patterns of offending the impact of childhood abuse on the development of criminality and how changes in law the War on Drugs and other crime policy have in fact increased the frequency of women s imprisonment and arrests International issues such as legalization of prostitution sex trafficking and women s involvement in organized crime including drug cartels are also explored Each chapter examines theory research law policy and key players in the evolving response to women s crime patterns Throughout the work the author links women s status victimization and offending patterns and suggests how crime control policy far from saving women is increasingly making it impossible for female offenders to live on the outside
