What happens when novelists write about their own lives directly in memoirs and autobiographies rather than in novels How do they present themselves and what do their self portraits reveal In a series of biographical case studies *Portraits from Life* examines how seven canonical Modernist writers Joseph Conrad Ford Madox Ford Henry James Wyndham Lewis Gertrude Stein H G Wells and Edith Wharton depicted themselves in their memoirs and autobiographies during the first half of the twentieth century Drawing on a range of life writing sources in this innovative group portrait Jerome Boyd Maunsell reconstructs the periods during which these authors worked on their memoirs often towards the end of their lives and shows how memoirs and autobiographies are just as artful as novels The seven portraits in the book also create a rich network of encounters as many of these writers knew each other and wrote about each other in their reminiscences *Portraits from Life* investigates the difficulties and possibilities of autobiography the relation of fact and fiction biography and autobiography the ethical issues of dealing with real people the thin generic lines between novels and autobiographies and the deceptive workings of memory and how all these writers dealt with these concerns as they looked back on their lives An act of portraiture and biography as well as an act of criticism moving from London to Paris and through two world wars it also pieces together a fresh and constantly inter connecting narrative of the Modernist era in England and France     *Love and Russian Literature* Ira Nadel,2023-11-30

Russia haunted the British cultural imagination throughout the 20th century whether as a romantic source of literary and political inspiration or as a warning of creeping totalitarianism In this new book Ira Nadel charts the story of that influence through the work of some of the key figures in British literature across the century including Joseph Conrad Somerset Maugham Jane Harrison Virginia Woolf and H G Wells Framed by the story of two romantic encounters between Walter Benjamin and the actress Asja Lacis in Moscow in 1926 and between Isaiah Berlin and Anna Akhmatova in 1945 *Love and Russian Literature* casts a vivid new light on the ways in which responses to Russia shaped the history of British modernism

**Our Man Down in Havana** Christopher Hull,2019-03-05 When U S immigration authorities deported Graham Greene from Puerto Rico in 1954 the British author made an unplanned visit to Havana and the former MI6 officer had stumbled upon the ideal setting for a comic espionage story Three years later he returned in the midst of Castro s guerrilla insurgency against a U S backed dictator to begin writing his iconic novel *Our Man in Havana* Twelve weeks after its publication in January 1959 the Cuban Revolution triumphed soon transforming a capitalist playground into a communist stronghold

Combining biography history politics and a measure of psychoanalysis *Our Man Down in Havana* investigates the real story behind Greene's fiction. It includes his many visits to a pleasure island that became a revolutionary island turning his chance involvement into a political commitment. His Cuban novel describes an amateur agent who dupes his intelligence chiefs with invented reports about concrete platforms and unidentifiable pieces of giant machinery. With eerie prescience, Greene's satirical tale had foretold the Cold War's most perilous episode: the 1962 Cuban Missile Crisis.

**The Femme Fatale: Images, Histories, Contexts** Helen Hanson, Catherine O'Rawe, 2010-07-20. These essays trace the femme fatale across literature, visual culture, and cinema, exploring the ways in which fatal femininity has been imagined in different cultural contexts and historical epochs, moving from mythical women such as Eve, Medusa, and the Sirens via historical figures such as Mata Hari to fatal women in contemporary cinema.

Violent Femmes Rosie White, 2007-11-13. The female spy has long exerted a strong grip on the popular imagination. With reference to popular fiction, film, and television, *Violent Femmes* examines the figure of the female spy as a nexus of contradictory ideas about femininity, power, sexuality, and national identity. Fictional representations of women as spies have recurrently traced the dynamic of women's changing roles in British and American culture. Employing the central trope of women who work as spies, Rosie White examines cultural shifts during the twentieth century regarding the role of women in the professional workplace. *Violent Femmes* examines the female spy as a figure in popular discourse which simultaneously conforms to cultural stereotypes and raises questions about women's roles in British and American culture in terms of gender, sexuality, and national identity. Immensely useful for a wide range of courses such as film and television studies, English cultural studies, women's studies, gender studies, media studies, communications, and history, this book will appeal to students from undergraduate level upwards.

*Studies in Intelligence*, 2014.

*The Cinema of Michael Powell* Ian Christie, Andrew Moor, 2019-07-25. The films of Michael Powell (1905-90) and Emeric Pressburger (1902-88), among them *I Know Where I'm Going* (1945), *A Matter of Life and Death* (1947), and *The Red Shoes* (1948), are landmarks in British cinema, standing apart from the realist and comic mainstream with their highly stylised aesthetic and their themes of romantic longing and spiritual crisis. Powell and Pressburger are revered by film lovers and film makers. Martin Scorsese has called them the most successful experimental film makers in the world. In this first ever collection of essays on Powell, an international group of critics and scholars map out his film-making skills, providing new readings of individual films, analysing recurrent techniques and themes, and relating them to contemporary debates about gender, sexuality, nationality, and cinematic spectacle. Powell, with and without Pressburger, emerges as a film maker of lasting originality and significance.

Shadow Knights Gary Kamiya, 2011-12-06. Pulp History brings to life extraordinary feats of bravery, violence, and redemption that history has forgotten. These stories are so dramatic and thrilling they have to be true. In *SHADOW KNIGHTS*, everyday men and women risk their lives on top secret missions to sabotage Adolf Hitler's Third Reich. Hell bent on conquering Europe, Hitler had just set his sights on England when Winston Churchill reached into his bag of

tricks and invented a secret spy network of ordinary citizens These schoolteachers housewives prostitutes and farmers abandoned their former lives trained in covert black ops and set Europe ablaze Parachuting into Nazi territory under the cover of night they destroyed factories armed resistance networks and turned Hitler s juggernaut on its head
