Parrish, 2000-07 Four of the most challenging rivals to Christianity Mormonism Secular Humanism Baha'ism and The New Age Movement are measured by the standards found in Christianity This honest and forthright examination of these religions will strengthen your faith and confidence in the truths of Christianity It will also help you understand the basic tenants of religions held by many people in your community who need to know the message of Christ

See the Gods Fall Francis Beckwith, Stephen E. Parrish, 1997 The New Mormon Challenge Zondervan, 2010-12-21 Current facts about Mormonism Over 11 million members Over 60 000 full time missionaries more than any other single missionary sending organization in the world More than 310 000 converts annually As many as eighty percent of converts come from Protestant backgrounds In Mormon circles the saying is We baptize a Baptist church every week Within fifteen years the numbers of missionaries and converts will roughly double Within eighty years with adherents exceeding 267 million Mormonism could become the first world religion to arise since Islam You may know the statistics What you probably don't know are the advances the Church of Jesus Christ of Latter day Saints LDS is making in apologetics and academic respectability With superb training Mormon scholars outclass many of their opponents Arguments against Mormon claims are increasingly refuted as outdated misinformed or poorly argued The New Mormon Challenge is a response to the burgeoning challenge of scholarly Mormon apologetics Written by a team of respected Christian scholars it is free of caricature sensationalism and diatribe The respectful tone and responsible rigorous yet readable scholarship set this book in a class of its own It offers freshly researched and well documented rebuttals of Mormon truth claims Most of the chapter topics have never been addressed and the criticisms and arguments are almost entirely new But The New Mormon Challenge does not merely challenge Mormon beliefs it offers the LDS Church and her members ways to move forward The New Mormon Challenge will help you understand the intellectual appeal of Mormonism and it will reveal many of the fundamental weaknesses of the Mormon worldview Whether you are sharing the gospel with Mormons or are investigating Mormonism for yourself this book will help you accurately understand Mormonism and see the superiority of the historic Christian faith Outstanding scholarship and sound methodology make this an ideal textbook The biblical historical scientific philosophical and theological discussions are fascinating and will appeal to Christians and Mormons alike Exemplifying Christian scholarship at its best The New Mormon Challenge pioneers a new genre of literature on Mormonism The Editors Francis J Beckwith Carl Mosser and Paul Owen are respected authorities on the Church of Jesus Christ of Latter day Saints and the authors of various books and significant articles on Mormonism With contributors including such respected scholars as Craig L Blomberg William Lane Craig J P Moreland and others The New Mormon Challenge is as Richard Mouw states in his foreword an important event for both Protestant evangelicals and Mormons that models to the evangelical community what it is like to engage in respectful and meaningful exploration of a viewpoint with which we

disagree on key points **Gods of this World** Shandon L. Guthrie, 2018-10-30 Philosophers of religion have focused almost exclusively on the existence and nature of God and the nature and destiny of human beings But these philosophers have been remiss in engaging discussions about the possibility of there being adverse gods of this world demonic beings despite being a doctrine that comprises a significant part of the Christian confession This drought in the literature has left a number of questions unaddressed including Hasn't science buried the demonic Are there any successful philosophical arguments for the existence of Satan What kind of being is Satan Is he the fallen angel of lore Is it reasonable for Christians to say that demons are purely immaterial spirits Can demons causally interact with the physical world and its inhabitants Can demons perform diabolical miracles Shandon Guthrie broaches new territory beginning with a rigorous defense for the existence of Satan and his cohorts He then advances and defends a model for how to understand their nature in terms of their ontology and causal powers No other book has attempted a full fledged natural diabolology on behalf of Christian orthodoxy This is a must read for anyone interested in the dark side of Christian theology and metaphysics **Doctrine Twisting** H. Wayne House, Gordon A. Carle, 2003-08-29 H Wayne House and Gordon Carle show how many new religious movements distort orthodox Christian teaching on revelation the Trinity the two natures of Christ the Holy Spirit sin atonement faith and works the second coming and the afterlife **Bioengagement** Nigel M. de S. Cameron, Scott E. Daniels, Barbara White, 2000 **Voices from the University** Heidi Szpek, 2002 In this collection more than twenty student essays and papers are brought together to celebrate the legacy of the Hebrew Bible Within such diverse disciplines as art literature philosophical thought gender studies prophecy the nature of God mysticism and the unimaginable domains of the American Frontier and The Jerry Springer Show the students of Central Washington University have revealed that the sacred literature of the Hebrew Bible the Old Testament in Christian tradition has not only imparted its wisdom on the western world of past centuries but is still a vibrant source of inspiration and knowledge speaking to those within contemporary society **Atheism?** Stephen E. Parrish, 2019-05-06 Does atheism have a monopoly on reason and science Many think so or simply assume so Atheism challenges the many hidden assumptions that have led to the popular belief that atheism is the default position for explaining reality Delving into the most basic and fundamental questions of existence this thought provoking book explains that atheism does not and cannot provide a secure foundation for thought and life Specifically it demonstrates that atheistic theories cannot explain the existence of an ordered universe the conundrums of consciousness and knowledge or why there is morality or beauty Rather than being the result of reason atheism is shown to be in effect a revolt against reason If you enjoy pondering the most basic issues that confront us in our world today then Atheism is the book for you To Everyone an Answer Francis J. Beckwith, William Lane Craig, J. P. Moreland, 2009-08-20 In a society that believes anything goes the Christian worldview faces aggressive opposition Francis J Beckwith William Lane Craig and J P Moreland assembled the essays in this book covering all major aspects of apologetics to help you make a more coherent defense for the Christian faith

The Jesus Who Never Lived H. Wayne House, 2008 Jesus asked no more profound question than this one that He posed to His disciples He asks that same question of you today But how can anyone know for certain who Jesus is when confronted with so many different views of Him Is He the good but powerless Jesus of world religions the less than fully God Jesus of the cults of Christianity the mystical and even sensual Jesus of Hollywood and popular media *One World, Many Neighbors* Perry C. Cotham, 2008 Is there a God who calls us to a discipleship of our minds What is the uniqueness of Christianity Do the major non Christian worldviews and world religions have any insights or inspiration to offer those who have chosen the Christian journey Is God at work within the various religions drawing people to himself Addressing provocative questions like these Professor Perry Cotham challenges readers to re examine long held attitudes on life s most crucially important issues

Shared Stories, Rival Tellings Robert C. Gregg, 2015-08-05 Judaism Christianity and Islam are considered kindred religions holding ancestral heritages and monotheistic belief in common but there are definitive distinctions between these Abrahamic peoples Shared Stories Rival Tellings explores the early exchanges of Jews Christians and Muslims and argues that their interactions were dominated by debates over the meanings of certain stories sacred to all three communities Robert C Gregg shows how Jewish Christian and Muslim interpreters artists as well as authors developed their unique and particular understandings of narratives present in the two Bibles and the Qur an Gregg focuses on five stories Cain and Abel Sarah and Hagar Joseph and Potiphar s Wife Jonah and the Whale and Mary the Mother of Jesus As he guides us through the often intentional variations introduced into these shared stories Gregg exposes major issues under contention and the social intellectual forces that contributed to spirited and sometimes combative exchanges among Jews Christians and Muslims Offering deeper insight into these historical moments and their implications for contemporary relations among the three religions Shared Stories Rival Tellings will inspire readers to consider and reconsider the dynamics of traditional and current social religious competition

Revelation in Christian Theologies of Religions Iain McGee, 2024-06-04 What are non Christian religions How is God related to them How do they relate to Christianity In this original book Iain McGee explores five Christian theologians answers to these questions The study spans the history of the church covering figures from four different continents Justin Martyr Augustine John Calvin Jonathan Edwards and Daniel Strange Focusing on the revelation religion interface in the writings of these scholars McGee outlines and analyzes their varied understandings of Logos illumination the prisca theologia and the demonic alongside the relationships between them and their impact on non Christian religion McGee forwards an argument that each theology can be considered a biblically informed contextually reflective and reactive response to significant religious challenges faced by these Christian thinkers in their attempts to demonstrate the uniqueness of the Christian faith

Christian Apologetics Douglas Groothuis, 2022-02-08 The Christian faith offers people hope But how can we know that Christianity is true How can Christians confidently present their beliefs in the face of doubts and competing views In this second edition of a landmark apologetics text Douglas Groothuis makes a

clear and rigorous case for Christian theism addressing the most common questions and objections raised regarding Christianity Soldiering for God John F. Shean, 2010-08-23 This new study argues that the religious attitude of the Roman army was a crucial factor in the Christianization of the Roman world Specifically by the end of the third century there was a significant Christian presence within the army which was ready to act in the interests of the faith Conditions at this time were thus ripe for the coming to power of a Christian emperor when Constantine converted to Christianity he could rely upon the enthusiastic support of his Christian soldiers Constantine strengthened his Christian base by initiating policies which accelerated the Christianization of the army The continuation of these policies by Christian Roman emperors eventually allowed them to use the military as a vehicle for the suppression of paganism and heretical Christian sects **Christian Ethics** Isma'il Ragi A. al Faruqi, 1967-01-01 The Doctrine of God and Theological Ethics Michael Banner, Alan Torrance, 2006-08-29 This book addresses an important topic and fills a major gap in developments in modern theology and Christian ethics Significant treatments include Wolfhart Pannenberg's historical overview of the relationship between modernism and Christian faith John Webster's meticulous analysis of Christian theology's contribution to modern conceptions of conscience J L O Donovan's critique of liberal contractarian theory and Alasdair MacIntyre's examination of the critical issues which Christianity raises for secular philosophy *Perspectives on the World Christian Movement (4th Edition)* Ralph D. Winter, Steven C. understandings of God's sameness The appropriateness of interfaith worship Additional essays by Joseph Cumming and David W Shenk explore the implications of this question specifically for Christians wanting to minister among and build relationships with Muslims Insightful gracious and relevant Do Christians Muslims and Jews Worship the Same God sheds light on one of the most important theological issues of our day The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion *Seeing Islam as Others Saw It: A Survey and Evaluation of Christian, Jewish and Zoroastrian Writings on Early Islam* Robert G. Hoyland, 2014-01-10 This book offers a new approach to the vexing question of how to write the early history of Islam The first part discusses the nature of the Muslim and non Muslim source material for the seventh and eighth century Middle East and argues that by lessening the divide between these two traditions which has largely been erected by modern scholarship we can come to a better appreciation of this crucial period The second part gives a detailed survey of sources and an analysis of some 120 non Muslim texts all of which provide information about the first century and a half of Islam roughly A D 620 780 The third part furnishes examples according to the approach suggested in the first part and with the material presented in the second part how one might write the history of this time The fourth part takes the form of excurses on various topics such as the process of Islamization the phenomenon of conversion to Islam the development of techniques for determining the direction of prayer and the conquest of Egypt Because this work views Islamic history with the aid of non Muslim texts and assesses the latter in the light of Muslim writings it will be essential reading for historians of Islam Christianity Judaism or Zoroastrianism indeed for all those with an interest in cultures of the eastern Mediterranean in its traditional phase from Late Antiquity to medieval times
