## Seeds Of Revolt 1821 1849:

Dostoevsky. 1. The seeds of revolt : 1821 - 1849 Joseph Frank,1977      Dostoevsky Joseph Frank,1979      *Dostoevsky, Vol.1* Joseph Frank (b),1976      Dostoevsky Joseph Frank,1979      **Dostoevsky** Joseph Frank,1979      **Anton Rubinstein** Philip S. Taylor,2007-06-14 The first modern biography in English of Russian composer pianist Anton Rubinstein this book places Rubinstein within the context of Russian and western European musical culture during the late 19th century exploring his rise to international fame from humble origins in Bessarabia as well as his subsequent rapid decline and marginalization in later musical culture Taylor provides a balanced account of Rubinstein s life and his career as a piano virtuoso conductor composer and as the founder of Russia s first conservatory Widely considered the virtuosic heir to Liszt and recognized internationally as an equivalent cultural icon he performed with most leading musicians of the day including Liszt himself Joachim Clara Schumann Vieuxtemps Wieniawski Saint Saens and Ysa e      Lectures on Dostoevsky Joseph Frank,2022-04-19 L ditteur indique This book collects twelve classroom lectures on seven major works by Dostoevsky Crime and Punishment The Brothers Karamazov The Idiot Notes from Underground and three others by Joseph Frank the author of the definitive five volume biography of Dostoevsky published by Princeton University Press Frank s widow Marguerite Frank has worked with a Russian translator and former student of Frank s Marina Brodskya to compile the lectures some of which Frank had written out in their entirety others for which he left extensive notes The book will contain a preface introduction seven chapters each containing one or two lectures on a major work and lists of further reading and stage and screen adaptations of Dostoevsky s works Each lecture is about 4 000 words and is written in a conversational style that is accessible for undergraduates but also demonstrates Frank s unparalleled knowledge of the Russian author and his world providing wide ranging literary and historical context The editors include notes to explain references and allusions The book also will include some images of Joseph Frank Dostoevsky a couple of artworks discussed in the lectures and a sample of Frank s handwritten lecture notes      **Before They Were Titans** Elizabeth Cheres Allen,2019-08-28 Dostoevsky and Tolstoy are the titans of Russian literature As mature artists they led very different lives and wrote vastly different works but their early lives and writings display provocative kinships while also indicating the divergent paths the two authors would take en route to literary greatness The ten new critical essays here written by leading specialists in nineteenth century Russian literature give fresh sophisticated readings to works from the first decade of the literary life of each Russian author for Dostoevsky the 1840s for Tolstoy the 1850s Collectively these essays yield composite portraits of these two artists as young men finding their literary way At the same time they show how the early works merit appreciation for themselves before their authors were Titans      **Dostoevsky and the Catholic Underground** Elizabeth A. Blake,2014-04-30 While Dostoevsky s relation to religion is well trod ground there exists no comprehensive study of Dostoevsky and Catholicism Elizabeth Blake s ambitious and learned Dostoevsky and the Catholic Underground fills this glaring omission in the

scholarship Previous commentators have traced a wide ranging hostility in Dostoevsky's understanding of Catholicism to his Slavophilism Blake depicts a far more nuanced picture Her close reading demonstrates that he is repelled and fascinated by Catholicism in all its medieval Reformation and modern manifestations Dostoevsky saw in Catholicism not just an inspirational source for the Grand Inquisitor but a political force an ideological wellspring a unique mode of intellectual inquiry and a source of cultural production Blake's insightful textual analysis is accompanied by an equally penetrating analysis of nineteenth century European revolutionary history from Paris to Siberia that undoubtedly influenced the evolution of Dostoevsky's thought

**Narrative, Space and Gender in Russian Fiction: 1846-1903** Joe Andrew, 2007-01-01 The present volume has as its primary aim readings from a feminist perspective of a number of works from Russian literature published over the period in which the woman question rose to the fore and reached its peak All the works considered here were produced in or hark back to a fairly narrowly defined period of not quite 20 years 1846-1864 in which issues of gender of male and female roles were discussed much more keenly than in perhaps any other period in Russian literature The overall project is summed up by the three key words of this book's title narrative space and gender and especially the interconnections between them That is what do the way these stories were told tell us about gender identities in mid nineteenth century Russia Which spaces were central to these fictional worlds Which spaces suggested which gender identities The discussions therefore focus on issues of narrative and space and how they acted as technologies of gender This volume will be of interest to all interested in nineteenth century Russian literature as well as students of gender and of the semiotics of narrative space

Dostoevsky's Polyphonic Talent

Joe E. Barnhart, 2005 This book illuminates the connectedness of Dostoevsky's literary art with his philosophical and psychological brilliance Two Fyodor Dostoevsky conferences originating at the University of North Texas set the stage for this volume Scholars contributed original papers focusing on how Dostoevsky's literary art and philosophical insights enrich one another Fyodor Dostoevsky wrote and thought polyphonically His polyphonic method is both his special literary technique and his distinctive way of probing theological social and philosophical depths As Bakhtin and Terras suggest all Dostoevsky's major literary inventions from the underground man to the vitriolic Grushenka are products of his ability to listen profoundly to his own characters Like the genius author redactor of 1 and 2 Samuel he reports the heights and depths of human emotion and behavior whether exploring the anatomy of dysfunctional families making the heart soar with Zosima's vision of forgiveness or giving Ivan Karamazov full rein to challenge theism Dostoevsky's characters transform themselves into irregular verbs whose fierce independence emerges only because of their desperate and inescapable interdependence His major characters are text subtext and context for each other They play inside each other's head and answer in one way or another

Dostoevsky Joseph Frank, 2009-10-19 A magnificent one volume abridgement of one of the greatest literary biographies of our time Joseph Frank's award winning five volume Dostoevsky is widely recognized as the best biography of the writer in any language and one of the greatest literary biographies of the past half century Now Frank's monumental 2500 page work has been skillfully abridged and condensed in this single highly readable volume with a new preface by the author Carefully preserving the original work's acclaimed narrative style and combination of biography intellectual history and literary criticism Dostoevsky A Writer in His Time illuminates the writer's works from his first novel Poor Folk to Crime and Punishment and The Brothers Karamazov by setting them in their personal historical and above all ideological context More than a biography in the usual sense this is a cultural history of nineteenth century Russia providing both a rich picture of the world in which Dostoevsky lived and a major reinterpretation of his life and work
