## Seeds We Sow:

Seeds We Sow... Little Do We Know Dinah Vinson, 2021-08 *Seeds We Sow Little Do We Know* is somewhat controversial. However, after reading it, one is not inclined to immediately run to the showers. This book is a compilation of short stories that may encourage us to strive to make positive changes in our own lives and to understand and lend a hand in helping others. *Seeds We Sow Little Do We Know* shares important heartfelt events that happened in the lives of ten different men and women. Those strong events happened while they were children. Such events tend to almost declare their expected adult outcomes. The background for these ten interesting short stories is Raleigh, North Carolina. This short but powerful novel runs about 30,000 words. I strongly believe those few words will remain with you forever. What We Sow Jennifer Jewell, 2023-09-19 An insightful personal and timely exploration into the wonderful world of seeds. In *What We Sow*, Jennifer Jewell brings readers on an insightful year-long journey exploring the outsized impact one of nature's smallest manifestations, the simple seed. She examines our skewed notions where organic seeds are grown and sourced, reveals how giant multinational agribusiness has refined and patented the genomes of seeds we rely on for staples like corn and soy, and highlights the efforts of activists working to regain legal access to heirloom seeds that were stolen from Indigenous peoples and people of color. Throughout, readers are invited to share Jewell's personal observations as she marvels at the glory of nature in her Northern California hometown. She admires the wild seeds she encounters on her short daily walks and is amazed at the range of seed forms from cups and saucers to vases, candelabras, ocean-going vessels, and airliners. *What We Sow* is a tale of what we choose to see and what we haven't been taught to see, what we choose to seed and what we choose not to seed. It urgently proves that we must work hard to preserve and protect the great natural diversity of seed. The Egg Is Still in There Keisha Perrin, 2021-07-27 Life has been a challenge for Keisha to find the truth of God with false teachings and lack of true discipleship around her. The Holy Spirit divinely intervenes with choosing one of two roads: destruction or God. This choice brought many storms and trials that were authored by God Almighty to break her and her family down to remold them into His image. The cost was high but well worth it. Forgiveness for herself was necessary, and as the convicting came, God also healed through a comparison of the family according to God's word with baking. Knowledge and truth is powerful. The science of baking a cake with ingredients: eggs and flour, match God's purpose for the family. Satan deceives women into thinking their purpose and touch on the family isn't seen, but the egg is still in there even though you can't always see it. We were all born with a purpose.
