attention to the context of language is vital to understanding the reasons behind an author's choices. Read Heimerdinger applies the tools of discourse analysis to several features of Luke's Greek such as variation in word order, the use of the article and fine distinctions between synonyms in order to demonstrate how principles that govern their use subsequently affect exegesis. In addition, she makes suggestions to account for manuscript variation which in turn have an impact on the editorial choices of Nestle-Aland's Greek New Testament. *Seeing Christ in the New Testament* Stephen Kaung, 2010-09-29

The Holy Scriptures, the Bible, is the foundation of our faith. It is God-breathed. It gives us the full knowledge of Him and of His Son. This is the eternal life that they should know: Thee, the only true God, and Jesus Christ whom thou hast sent. John 17:3. God's word gives us eternal life through faith in Christ Jesus. It makes us men and women of God. It is most profitable for our spiritual life for it teaches us, convicts us, corrects us, and instructs us in righteousness. Thus we are made complete and fully equipped to do God's will. We are exhorted by our Lord himself to search the Scriptures for in them is the witness concerning Him. See John 5:37. A special blessing is given by God to those who read, hear, and keep His word. See Revelation 1:3. The New Testament is composed of twenty-seven books. Each of these twenty-seven books reveals Christ to us in a special aspect of His fullness. Thus we are able to know Christ in His fullness. In this volume, each book in the New Testament is briefly discussed with special attention to seeing Christ in His fullness. It is not an exhaustive study; its purpose simply being to offer a taste of the sweet word of God so as to induce us to search His word more diligently. May He draw us deeper into His word so that we may be drawn deeper into Him.
