The Theatre of Kander and Ebb Robert Gordon,2025-07-24 Discover John Kander and Fred Ebb the most artistically and commercially successful musical theatre writing team since Rodgers and Hammerstein in a brand new way Identifying the theatrical approach that renders their musical dramaturgy unique this book explores their importance within and contribution to musical theatre history Through their biggest hits Cabaret 1966 and Chicago 1975 Kander and Ebb have been performed on the stage more times both within and outside of the USA than any other American musical theatre writers Unlike Sondheim whose work from 1964 increasingly aspired towards the avant garde Kander and Ebb located their projects in a nexus between art and commercial entertainment seeking to deconstruct popular forms in order to expose their ideological function This book investigates the full range of Kander and Ebb s collaboration from the pure comic entertainment of 70 Girls 70 1971 and Curtains 2006 to more overtly serious musicals such as Kiss of the Spiderwoman 1992 The Scottsboro Boys 2010 and The Visit 2014 which were less commercially successful precisely because they addressed disturbing subjects It explores how the difficult material inspired beautiful though challenging scores It also probes how the

ironic counterpointing of luscious music with witty and demotic lyrics challenges the desire of a Broadway audience for escapist entertainment devoid of critical self reflection in order to create complex yet popular masterpieces of the genre This is the first volume to explicitly analyse the recurrent theatrical tropes and dramaturgical forms in Kander and Ebb's musicals offering an in depth introduction to their oeuvre Warrior of the Heart Sharon Wynns,2016-09-29 Life is a journey not a destination In this book you will find an imaginative world traversed by characters both human and animal who represent many aspects of my psyche The two main characters Turtle and Butterfly one reclusive and prone to ponder rather than act the other flighty ethereal and more outgoing have decided to take a journey that will lead them into the unknown Their journey is one of self discovery that encourages trusting oneself as they explore many of the truths I have come to claim as my own Ultimately and together with the other characters they meet along the way both human and animal they create a strong sense of unity a foundation with which to continue their life adventures In a very real sense this is a self help book set within a story **What Love Teaches Me** Ruthe McDonald,2017-07-27 **Screw Your Perception** Kareem A

Rashed,2022-08-22 Basically Screw Your Perception is to remind us all that we are one How is our ego getting in the way and stopping us from listening and accepting others just as they are How can we learn to live in love and in relation with another How can we learn and understand one another What if we listened What if we allowed others to be themselves What if we let go What if we were willing to look ourself in the mirror What if we might just be each other's reflection What if we were here to learn to show empathy to love and to accept one another Can we accept others just as they are Can we accept them even when to us what they are saying thinking or doing seems so different from what we are saying thinking or doing The big question Can we deflate our ego and stop trying to change everyone else Maybe it is about changing ourselves Maybe it is all about connection rather than division **"What Students Perceive"** United States Commission on Civil Rights,1970

Periagoge - Theory of Singularity and Philosophy as an Exercise of Transformation Guido Cusinato,2023-11-07 This book returns to the question at the center of our existence a question that the narcissistic culture in which we are immersed systematically tends to remove Why The underlying thesis is that the answer must not be sought in success or social recognition but in a fragment of truth hidden somewhere inside each of us which reveals itself only if we detach ourselves from our ego and its certainties It is not therefore a matter of finding yet another philosophical theory of the meaning of existence but rather of shedding light on the conditions under which such meaning can emerge The author shows us that the ultimate source of our existential orientation lies in the affective sphere and that the current crisis of orientation is derived from the atrophy of the process of affective maturation on a large scale and from a lack of knowledge and experience about which techniques are best to reactivate it We are like glowworms that had once unlearned how to illuminate and have since begun to hover around the magic lantern of the ascetic ideal already criticized by Nietzsche and then around neon advertising signs We are glowworms that have forgotten that we have within our own affective structure a

precious source of orientation The basic thesis is that this source of orientation can be reactivated through the care of desire and practices of emotional sharing
