## Seek The Stars:

**Scenic Walks and Deep Thoughts** Mary Zimmer,2015-03-13 Every time we open our eyes some thing or someone is speaking to us God s creation people animals mountains rivers trees yes and even the insects are sending messages and providing life lessons Of course our problem is an inability to see and hear all they have to say For several years I ve been trying really hard to cultivate this wonderful awareness and in this book I would like to share my discoveries with you Just turn the first page and let the journey begin

*Tuning My Heart* Laurie Ann Kraus,2008-05-28 Even in a society as highly mobile as our own has become change is unsettling discomfiting Like our ancestors in faith we are more often than not on the journey in the wilderness seeking to know who we are as a people and trying to comprehend the God who we hope is going up with us wherever it is we end up going The paths are not as familiar as they once were and recognizable signposts are rare It s easy to feel lost The congregation I have now served in Miami Florida for nearly twenty years has while remaining constant in size changed faces accents and styles at a dizzying pace People don t stay put anymore and the folk who find their way to church these days are hungry for a home longing for community and hoping the God of their long vanished Sunday school childhoods can find the way to their latest change of address For this pastor and her congregation the rooting of our common life and shared faith story in the fertile soil and the organic rhythms of the liturgical year has provided a permanent address that feels like home

*Tuning My Heart* is a collection of articles sermons and poetry based upon the movements of the liturgical calendar and shaped by one tropical congregation s life cycle as it seeks to bloom in the old rich soil of the Christian tradition and to flower in the exotically scented air of the vibrant diverse city that is home

**Star of Fate** Dr. Sirajul Hoque,2024-08-06 My poetry book entitled *Star of Fate* is a collection of modern English poems dealing with the stern realites as well as direly sombre aspects of life that focus on how man suffers on account of hostile fate and its workings on love in the course of reaching a destination through inscrutable predicaments contrived by despair disease and death These collected poems conjure up a real world of melancholy that commands sympathy The poems virtually celebrate macabre situations by means of philosophical ideas that are related to passions of life weaving a cobweb in a psychosocial domain My poems generally represent my personal ideology as they overshadow my concepts of pessimism and realism that make a mark on my poetic creativity

**Astronomy with Schmidt-Type Telescopes** M. Capaccioli,2012-12-06 The idea of holding a colloquium on Schmidt telescopes techniques and science originated from the observation that in the last ten years and in spite of the remarkable developments and achievements in this field of astronomical research there had been no specific opportunity for the experts to meet together make the point on the state of the art discuss and coordinate future plans Therefore Prof L Rosino one of the pioneers in the use of wide field telescopes driven also by the wish of honouring the over four decades of activity of the Asiago Observatory proposed to the Executive Committee of the International Astronomical Union to sponsor a colloquium on Astronomy with Schmidt type telescopes I to be held at Asiago at the end of

the summer of 1983 Details about the composition of the Scientific Organizing Committee and the sponsoring organizations are given in Prof Rosino s Welcome to the Participants The granting of this proposal was the beginning of a number of headaches for the members of the Local Organizing Committee R Barbon F Ciatti P Rafanelli and myself If organizationwise the colloquium was successful this is truly due to the generous efforts of my colleagues of the SOC and to the efficient organization of the Linta Park the hotel hosting the meeting
