**Collected Poems** C. K. Williams,2025-09-23 *Collected Poems* brings together nearly four decades of C K Williams s work more than four hundred poems that though remarkable in their variety have in common Williams s distinctive outlook restless passionate dogged and uncompromising in the drive to find words for the truth about life as we know it today Williams s rangy elastic lines are measures of thought and in these pages we watch them unfold from his confrontational early poems through the open expansive *Tar and With Ignorance* His voice is both cerebral and muscular capable of both the eightline poems of *Flesh and Blood* and the inward soundings of *A Dream of Mind* and of both together in the award winning

recent books *Repair* and *The Singing* These poems feel spontaneous individual and directly representative of the experience of which they sing open to life they chafe against summary and conclusion Few poets leave behind them a body of work that is global in its ambition and achievement C K Williams is one of them      **The Idea of Landscape and the Sense of Place**
