Women's Football in Latin America Jorge Knijnik, Gabriela Garton, 2022-11-17 The chapters in the Women's Football in Latin America two volumes will look at the social and historical means of the embodied representation of gender differences that has been deeply embedded in the history of Latin American women and football. The authors identify and analyse how in a range of ways Latin American women have found in between spaces amid severe macho structures to establish and play their football. As a result the book will be of interest to researchers and students of sport sociology, football studies, gender studies, comparative sports studies, sports history and Latin American sporting culture. The second volume of this edited collection integrates a range of high quality studies on women's football across Latin American countries to a global readership. From studies with marginalized communities, football fans but also the media and professional women's footballers, the chapters show how football has been a key part of oppressive gender structures and ways that women have fought for gender equity within this key cultural expression in Latin America. The book also suggests a fascinating research and activist agenda for women's football in the continent for the next decades. *Una historia de la selección española de fútbol (1982-83)* Félix Martialay, 2018-08-01 Tomo 26 de la colección Una historia de la selección española de fútbol

Argentina. La búsqueda de la democracia. Tomo 5 (1960-2000) Varios autores, 2012-10-03 Tomo V de Argentina en la Colección América Latina en la Historia Contemporánea. Dirigido por Jorge Gelman y coordinado por Mariano Ben Plotkin. La caída del gobierno de Juan Perón en 1955 abrió una de las etapas más complejas de la historia argentina contemporánea. Las décadas que siguieron hasta 1983 estuvieron marcadas por una profunda inestabilidad política, la presencia de gobiernos autoritarios y represores y un alto nivel de conflictividad social, pero también constituyeron uno de los momentos más productivos y ricos de la producción cultural argentina. La restauración democrática dio comienzo a la fase más larga de estabilidad institucional del país desde 1930. Este quinto y último volumen de la Historia Contemporánea de Argentina analiza desde perspectivas novedosas toda la riqueza y complejidad de este periodo. La colección América Latina en la Historia Contemporánea es uno de los proyectos editoriales más importantes de las últimas décadas y una aportación original y novedosa a la historiografía sobre América Latina en la que han participado más de 400 historiadores de diversos países. Presenta una visión plural y accesible de la historia contemporánea de las naciones latinoamericanas incluyendo aquellas otras europeas o americanas que más han aportado a su materialización y revela las claves políticas, sociales, económicas y culturales que han determinado su trayectoria y el lugar en el mundo que hoy ocupan. Premio de la revista La Aventura de la Historia a la mejor iniciativa editorial. **La Joven Moderna in Interwar Argentina** Cecilia Tossounian, 2019-12-11 In this book Cecilia Tossounian reconstructs different representations of modern femininity from 1920s and 1930s Argentina, a time in which the country saw new economic prosperity, a growing cosmopolitan population and the emergence of consumer culture. Tossounian analyzes how these popular images of la joven moderna, the modern girl, helped shape Argentina's emerging
