This was a chapter in a book written by Emilio Aguinaldo, who was one of the important roles in the Philippine Revolution itself, just republished on the internet. This e-Book provided a lot of information about Aguinaldo's personal opinion on the Spanish, the Revolution starting in 1896, and provided me with some primary quotes as well. I used this chapter's information throughout my Revolution pages. This was an excellent source.

This was another chapter of the book mentioned above, which was republished online. Again, I got a lot of first-hand information/accounts from this e-Book. I got to see how Aguinaldo felt about the Biak-na-bato treaty in this chapter, and a little information about the pact itself. I used the information from here in my Aftermath page, under the 'The Pact of Biak-Na-Bato' heading. This was a really useful source.

This was also another chapter in the book mentioned earlier. This chapter helped me understand how Emilio Aguinaldo felt about proclaiming independence from the Spanish Colonial Government. Though I didn't use much of the information from this chapter on my website, this was still a good source. It was a book written by a prominent person at the time of the revolution.

between uplander and lowlander rich and poor Christian and Muslim between those of one ethnic linguistic and geographic
region and those of another the nation is a complex mosaic formed by conflicting forces of consensus and national identity
and of division and instability It is not possible to comprehend the many changes in the Philippines such as the rise and fall of
Ferdinand Marcos or the revolution that toppled him without an awareness of the religious cultural and economic forces that
have shaped the history of these islands These forces formed the focus of the first edition of The Philippines Of that 1982

include this book in his must reading list The fourth edition has been updated through the final years of the Ramos

Compadre Colonialism Norman Owen, 2020-08-06 This volume is a manifestation of the continuing interest of scholars at the University of Michigan in Philippine studies Written by a generation of post colonial scholars it attempts to unravel some of the historical problems of the colonial era Again and again the authors focus on the relationship of the ilustrados and the Americans on the problems of continuity and discontinuity and on the meaning of modernization in the Philippine context As part of the Vietnam generation these authors have looked at American imperialism with a new perspective and yet their analysis is tempered not strident and reflective not dogmatic Perhaps the most central theme to emerge is the depth of the contradiction inherent in the American colonial experiment vi vii **Selected Bibliography of the Philippines Topically Arranged and Annotated.
