Louisiana Purchase:

The Louisiana Purchase Michael Burgan, 2016-03-20 When the United States won its independence from Great Britain it also won new lands Soon the Louisiana Purchase doubled the country's size These new lands had to be explored and settled Brave explorers such as Lewis and Clark soon blazed a trail to the West How did the United States grow after the American Revolution Why did Thomas Jefferson buy Louisiana from France What did Lewis and Clark discover on their journey [The Louisiana Purchase](#) Blythe Lawrence, 2019-08-01 In the 1790s trade was a major part of the U S economy At this time most goods were sent by boat So the country needed cities with ports The city of New Orleans was especially important It sits on the Mississippi River and it borders the Gulf of Mexico Find out more in *The Louisiana Purchase* a title in the Building Our Nation series Building Our Nation is a series of AV2 media enhanced books A unique book code printed on page 2 unlocks multimedia content These books come alive with video audio weblinks slideshows activities hands on experiments and much more [Louisiana Purchase](#) Alan Pierce, 2004-01-01 Provides an overview of the history surrounding the Louisiana Purchase

The Louisiana Purchase and American Expansion, 1803-1898 Sanford Levinson, Bartholomew Sparrow, 2023-06-14 The 1803 purchase of the Louisiana Territory was a watershed event for the fledgling United States Adding some 829 000 square miles of territory the Louisiana Purchase set a striking precedent of Presidential power and brought to the surface profound legal and constitutional questions As the nation continued to expand westward and into the Pacific and Caribbean critical social political and constitutional questions arose that greatly tested American resolve and reshaped the nation's founding premises In this exciting collection Sanford Levinson and Bartholomew Sparrow bring together noted scholars in American history constitutional law and political science to examine role that the Louisiana Purchase played in shaping both the expansionist policies of the nineteenth century and critical interpretations of the Constitution *The Louisiana Purchase and American Expansion 1803 1898* provides a fascinating overview of how the U S Constitution and the American political system is inextricably tied to **The Louisiana Purchase** Tim McNeese, 2009 Though the present day United States stretches from the Atlantic Ocean to the Pacific the shape of the nation has shifted many times over the course of its history The year 1803 marked one of the greatest changes when President Thomas Jefferson purchased 828 000 square miles from France's Napoleon Bonaparte This area of land known then as the Louisiana Territory today comprises all or part of 15 states Buying the territory was no easy task however France was wrangling with political and military battles the deal required the talents of two of Jefferson's most talented diplomats and even the constitutionality of such land acquisition came under fire *The Louisiana Purchase* tells the story of the purchase that opened up the possibility of American westward expansion

Jefferson's Louisiana Purchase Elaine Landau, 2014-12-15 Should the United States expand across the continent of North America or stay a small country That was the big question in 1804 when the United States had a chance to buy the huge Louisiana Territory from France Who would make this big decision And how would it change the United States Author Elaine

Landau poses this and other exciting questions to the reader in this lively account of the Louisiana Purchase [Louisiana Purchase](#) Peter Roop, Connie Roop, 2015-05-05 The big purchase that led to fundamental questions about what America would become In 1803 President Thomas Jefferson bought the Louisiana Territory from the French for 15 million extending the United States beyond the Mississippi River for the first time Now the United States had big questions to answer How would Louisiana be governed How would it be divided Would it be comprised of free states or slave states What would happen to the Native Americans With biographical sketches of the people who helped forge the answers to these questions such as Lewis and Clark Napoleon Bonaparte and of course Thomas Jefferson this is the tale of the expansion of the United States into a new territory as well as a new era **Expanding a Nation** Elizabeth Raum, 2013-01-07 Describes the causes of and effects of the Louisiana Purchase on US history Provided by publisher *The Louisiana Purchase and the Westward Movement* Curtis Manning Geer, 1904 [The Louisiana Purchase](#) Junius P. Rodriguez, 2002-06-20 Published in celebration of the Purchase's bicentennial this resource offers a multifaceted view of a watershed American event In one easy access resource The Louisiana Purchase brings together the work of over 100 experts covering historical figures relevant legal and historical concepts states that formed in the new territory frontier outposts and the Native Americans uprooted by expansion westward The book examines every aspect and consequence of Thomas Jefferson's momentous transaction the largest real estate deal in American history Readers will learn how the purchase made Manifest Destiny really seem like destiny how it sparked the rise of America's urban industrial society and inflamed passions over the expansion of slavery and how it triggered tragic conflicts between the government and Native Americans as well as immeasurable environmental damage Ideal for students historians and public and private libraries the Encyclopedia is the most comprehensive reference ever compiled on an event so central to the American experience that it seems to lie at the heart of everything triumphant and tragic in our history *What's the Deal?* Rhoda Blumberg, 1998 Discusses the Louisiana Purchase of 1803 and the political maneuverings of Napoleon and Jefferson that made it possible **The Louisiana Purchase** Thomas Fleming, 2007-08-20 From The Louisiana Purchase Like many other major events in world history the Louisiana Purchase is a fascinating mix of destiny and individual energy and creativity Thomas Jefferson would have been less than human had he not claimed a major share of the credit In a private letter the president reviving a favorite metaphor said he very early saw Louisiana was a speck that could turn into a tornado He added that the public never knew how near this catastrophe was But he decided to calm the hotheads of the west and endure Napoleon's aggression betting that a war with England would force Bonaparte to sell This policy saved us from the storm Omitted almost entirely from this account is the melodrama of the purchase so crowded with what ifs that might have changed the outcome and the history of the world The reports of the Lewis and Clark expedition electrified the nation with their descriptions of a region of broad rivers and rich soil of immense herds of buffalo and other game of grassy prairies seemingly as illimitable as the ocean From the Louisiana Purchase would come in future decades the

states of Arkansas Missouri Iowa Nebraska South Dakota and large portions of what is now North Dakota Montana Wyoming Minnesota Colorado and Louisiana For the immediate future the purchase by doubling the size of the United States transformed it from a minor to a major world power The emboldened Americans soon absorbed West and East Florida and fought mighty England to a bloody stalemate in the War of 1812 Looking westward the orators of the 1840s who preached the Manifest Destiny of the United States to preside from sea to shining sea based their oratorical logic on the Louisiana Purchase TURNING POINTS features preeminent writers offering fresh personal perspectives on the defining events of our time **The Louisiana Purchase** Elaine Landau,2008-01-01 A basic discussion about the history of the Louisiana Purchase and how the United States expanded their lands by buying the Louisiana Territory from France Provided by publisher
