Love And Death On Long Island:

Love and Death on Long Island Gilbert Adair, 2007-12-01 A reserved British intellectual falls obsessively in love with a young American heartthrob in this witty and poignant tour de force Literary Review When he wanders into the wrong theater and finds himself watching the wretched teen pic Hotpants College II cerebral British author Giles De Ath becomes romantically obsessed with dreamboat Ronnie Bostock Giles's infatuation drives him to the unthinkable he reads American fan magazines and watches movies with titles like Tex Mex and Skid Marks And finally he travels to Long Island intent on meeting Ronnie in the flesh The basis for the hit independent film starring Jason Priestley and John Hurt Love and Death on Long Island is a brilliant and heartrending update of Thomas Mann's early twentieth century novella Death in Venice It offers both a poignant meditation on passion and a very funny portrait of an extraordinarily unworldly academic's introduction to the dizzyingly incomprehensible realm of popular culture Nick Hornby Brief pure intense The writing is masterly the conjuring of contrasting worlds a triumph The Financial Times

Love and Death in Goethe Ellis Dye, 2004 Explores the central theme of Romantic poetry in the works of the most important German Romantic poet of all Goethe in association with his younger Romantic compatriots the Schlegels Novalis Fichte and Schelling struggled with the subject object dichotomy and tried to bridge the gap between self and other consciousness and nature His theory and practice prefigured the Romantics determination to display and interrogate the linguistic and cultural structures informing their own thinking and modes of representation what Goethe calls one's *Vorstellungsart* His work exploits subverts and supplants inherited conventions and signs demonstrating with virtuosic irony that literature is a system of texts pre texts and pre established but dynamic conceptual models Love and Death in Goethe One and Double explores Goethe's use in a wide range of his poetry and prose of the theme of *Liebestod* love and death and related embodiments of the paradox of unity in duality Ellis Dye also examines Goethe's use of other themes related to love and death the *femme fatale* the *vagina dentata* *Frau Welt* the *Lorelei* venereal disease the *Lustmord* and considers issues of selfhood and individuation as well as the possibility that the love death theme contains an implicit gender bias toward the existential fact of personal separateness Poems plays and novels are dealt with nevertheless as works of art not only as illustrations of an idea or as points of intersection in a system of rhetorical conventions and are examined for intellectual cohesiveness elegance and integrity of design as well as special meanings and effects Love and Death in Goethe One and Double explores the meaning of the central theme of Romantic poetry in the works of the most important Romantic poet of all Students of literary culture both the lay reader and the Goethe specialist will be enlightened by its approach and find pleasure and instruction in its revelations Robert Ellis Dye is Professor of German at Macalester College
