

SWEET ROMANCE

A romantic illustration of a man and a woman in a close embrace, about to kiss. The woman has long, wavy brown hair and is looking towards the man with a soft expression. The man has dark, wavy hair and is leaning in towards her. They are both wearing elegant clothing. The background is a warm, golden glow with bokeh light effects, suggesting a romantic setting like a restaurant or a city at night. The overall style is soft and painterly.

He's so handsome...

Kiss him

Insult him

Love And Games:

Game Love Jessica Enevold, Esther MacCallum-Stewart, 2015-01-09 What does love have to do with gaming As games have grown in complexity they have increasingly included narratives that seek to engage players with love in a variety of ways While media attention often focuses on violent emotions and behavior in gaming love has always been central to the experience We love to play games we have titles that we love and sometimes we love too much or love terrible games for their shortcomings Love in gaming is rather like love in life often complicated and frustrating but also exciting and gratifying This collection of fresh essays explores the meaning and role of love in gaming describing a number of ways from coding to cosplay in which love can be expressed in for and around games Investigating how gaming involves love is also key to understanding the growing importance of games and gamers as cultural markers *Love and Electronic Affection* Lindsay D. Grace, 2020-04-30 Love and Electronic Affection A Design Primer brings together thought leadership in romance and affection games to explain the past present and possible future of affection play in games The authors apply a combination of game analysis and design experience in affection play for both digital and analog games The research and recommendations are intersectional in nature considering how love and affection in games is a product of both player and designer age race class gender and more The book combines game studies with game design to offer a foundation for incorporating affection into playable experiences The text is organized into two sections The first section covers the patterns and practice of love and affection in games explaining the patterns and practice The second section offers case studies from which designers can learn through example Love and Electronic Affection A Design Primer is a resource for exploring how digital relationships are offered and how to convey emotion and depth in a variety of virtual worlds This book provides A catalog of existing digital and analog games for which love and affection are a primary or secondary focus A catalog of the uses of affection in games to add depth and investment in both human computer and player to player engagement Perspective on affection game analyses and design using case studies that consider the relationship of culture and affection as portrayed in games from large scale studios to single author independent games Analysis and design recommendations for incorporating affection in games beyond romance toward parental love affection between friends and other relationships Analysis of the moral and philosophical considerations for historical and planned development of love and affection in human computer interaction An intersectionality informed set of scholarly perspectives from the Americas Eurasia and Oceania Editor Bio Lindsay D Grace is Knight Chair of Interactive Media and an Associate Professor at the University of Miami School of Communication He is Vice President for the Higher Education Video Game Alliance and the 2019 recipient of the Games for Change Vanguard award Lindsay is author of Doing Things with Games Social Impact through Design and more than fifty peer reviewed papers on games and related research He has given talks at the Game Developers Conference SXSW Games for Change Festival the Online News Association the Society for News Design and many other industry events He was the founding director of the

tales and material culture **Emotion of Love** Sanford Bell, 2015-11-09 The emotion of love between the sexes has as yet received Pg 325 no thorough scientific treatment No writer so far as I can find has treated it from a genetic standpoint The literature upon the subject is therefore meager In his recent treatise upon The Psychology of the Emotions Ribot 2 remarks The sex instinct the last in chronological order with man and the higher animals gives rise to the emotion of love with its numerous individual varieties Most psychologists have been very sparing of details where it is concerned and one might mention certain voluminous treatises which contain no mention of it Is this through exaggerated delicacy Or is it because the authors think that their place has been usurped by the novelists who have so obstinately confined themselves to the study of this passion But the novelist s mode of analysis is different from the psychological mode and does not exclude it This author then devotes one chapter of eleven pages to the treatment of the sexual instinct which includes Pg 326 what he has to say upon sex love Brief as this treatment is it is valuable both for the facts it presents and for the problems it suggests Havelock Ellis who has perhaps done more than any other investigator in the field of the normal Psychology of Sex says in his most recent work 3 It is a very remarkable fact that although for many years past serious attempts have been made to elucidate the psychology of sexual perversions little or no endeavor has been made to study the psychologic development of the normal sexual emotions Nearly every writer seems either to take for granted that he and his readers are so familiar with all the facts of normal sex psychology that any detailed statement is altogether uncalled for or else he is content to write a few introductory phrases mostly made up from anatomic philosophic and historical work *The Art of Game Design* Jesse Schell, 2008-08-04 Anyone can master the fundamentals of game design no technological expertise is necessary The Art of Game Design A Book of Lenses shows that the same basic principles of psychology that work for board games card games and athletic games also are the keys to making top quality videogames Good game design happens when you view your game from many different perspectives or lenses While touring through the unusual territory that is game design this book gives the reader one hundred of these lenses one hundred sets of insightful questions to ask yourself that will help make your game better These lenses are gathered from fields as diverse as psychology architecture music visual design film software engineering theme park design mathematics writing puzzle design and anthropology Anyone who reads this book will be inspired to become a better game designer and will understand how to do it **Off the Wild Poles of Love Games** Martin Solotruk, 2020-03-15 This pocket sized paperback is one of the thirty titles published for 2019 Hong Kong International Poetry Nights The theme of IPHHK2019 is Speech and Silence From 19 24 November 2019 30 invited poets from various countries gathered in Hong Kong to read their works based on the theme Speech and Silence Included in the anthology and box set these unique works are presented with Chinese and English translations in bilingual or trilingual formats Poets include Ana Luisa Amaral Portugal Maxim Amelin Russia Renato Sandoval Bacigalupo Peru Jen Bervin USA Ana Blandiana Romania Tamim Al Barghouti Palestine Abbas Beydoun Lebanon Milosz Biedrzycki Poland Derek Chung Hong Kong Louise
