Rodríguez,2022-08-08 In *A Kiss across the Ocean* Richard T Rodr guez examines the relationship between British post punk musicians and their Latinx audiences in the United States since the 1980s Melding memoir with cultural criticism Rodr guez spotlights a host of influential bands and performers including Siouxsie and the Banshees Adam Ant Bauhaus Soft Cell Frankie Goes to Hollywood and Pet Shop Boys He recounts these bands importance for him and other Latinx kids and discusses their frequent identification with these bands glamorous performance of difference Whether it was Siouxsie Sioux drawing inspiration from Latinx contemporaries and cultural practices or how Soft Cell singer Marc Almond s lyrics were attuned to the vibrancy of queer Latinidad Rodr guez shows how Latinx culture helped shape British post punk He traces the fandom networks that link these groups across space and time to illuminate how popular music establishes and facilitates intimate relations across the Atlantic In so doing he demonstrates how the music and styles that have come to define the 1980s hold significant sway over younger generations equally enthused by their matchlessly pleasurable and political reverberations      **Unbelonging** Iván A. Ramos,2023-07-11 How Latinx artists engage in sonic subcultures to reject

neoliberal definitions of belonging What is the connection between the British rock star Morrissey and the Latinx culture of transnational unbelonging What is the relevance of dyke chords in Chicana feminist punk and lesbian dissolution In what ways can dissonant sounds challenge systems of dominance *Unbelonging* answers these questions and more through an exploration into Mexican and US based Latinx artists writers and creators use of the discordant sounds of punk metal and rock to give voice to the aesthetic of unbelonging a rejection of consumerist and nationalist mentalities Iv n A Ramos argues that racial identity and belonging have historically required legible forms of performance Sound has been the primary medium that amplifies and is used to assign cultural citizenship and for Latinx individuals legibility is essential to music perceived as traditional and authentic to their national origins In the context of twentieth century neoliberal policies which cemented the concept of citizen within logics of consumerism and capitalism Ramos turns to focus on Latinx artists writers and audiences who produce experimental and often inauthentic performances and installations in sonic subcultures to reject new definitions of economic citizenship Organized around studies of a number of artists all whom are explored through the methodological frameworks of sound studies performance studies and queer theory *Unbelonging* unearths how their very

different genres of music share a unifying theme of dissonance With the backdrop of neoliberalism s attempt to define citizenship in relation to economic and cultural legibility Unbelonging offers an urgent analysis of how these oft overlooked queer and feminist performers and fans used sonic illegibility to challenge gender norms official definitions of citizenship and narratives of assimilation Ultimately these forms of inauthenticity move beyond negation and become ways to imagine alternative realities

**Alternative Comics** Charles Hatfield,2009-11-12 In the 1980s a sea change occurred in comics Fueled by Art Spiegel man and Fran oise Mouly s avant garde anthology Raw and the launch of the Love Rockets series by Gilbert Jaime and Mario Hernandez the decade saw a deluge of comics that were more autobiographical emotionally realistic and experimental than anything seen before These alternative comics were not the scatological satires of the 1960s underground nor were they brightly colored newspaper strips or superhero comic books In Alternative Comics An Emerging Literature Charles Hatfield establishes the parameters of alternative comics by closely examining long form comics in particular the graphic novel He argues that these are fundamentally a literary form and offers an extensive critical study of them both as a literary genre and as a cultural phenomenon Combining sharp eyed readings and illustrations from particular texts with a larger understanding of the comics as an art form this book discusses the development of specific genres such as autobiography and history Alternative Comics analyzes such seminal works as Spiegelman s Maus Gilbert Hernandez s Palomar The Heartbreak Soup Stories and Justin Green s Binky Brown Meets the Holy Virgin Mary Hatfield explores how issues outside of cartooning the marketplace production demands work schedules can affect the final work Using Hernandez s Palomar as an example he shows how serialization may determine the way a cartoonist structures a narrative In a close look at Maus Binky Brown and Harvey Pekar s American Splendor Hatfield teases out the complications of creating biography and autobiography in a substantially visual medium and shows how creators approach these issues in radically different ways
