Jacobs, 2006 A portrait of the talented singer songwriter traces the evolution of a musical prodigy from her early years to become one of the most important female musical voices of contemporary music revealing how she has combined her talent on the piano with inspiration from some of the most tragic incidents of her life to create musical art Original *Back to the Fifties* Michael D. Dwyer, 2015-06-10 Throughout the 1970s and 1980s Hollywood studios and record companies churned out films albums music videos and promotional materials that sought to recapture revise and re imagine the 1950s Breaking from dominant wisdom that casts the trend as wholly defined by Ronald Reagan s politics or the rise of postmodernism *Back to the Fifties* reveals how Fifties nostalgia from 1973 to 1988 was utilized by a range of audiences for diverse and often competing agendas Films from *American Graffiti* to *Hairspray* and popular music from *Sha Na Na* to Michael Jackson shaped and were shaped by the complex social political and cultural conditions of the Reagan Era By closely examining the ways that the Fifties was remade and recalled *Back to the Fifties* explores how cultural memories were fostered for a generation of teenagers trained by popular culture to rewind record recycle and replay **Outbreak!** Hilary Evans, Robert E. Bartholomew, 2009 From fads crazes and manias to collective delusions scares panics and mass hysterias history is replete with examples of remarkable social behavior Many are fueled by fear and uncertainty others are driven by hope and expectation For others still the causes are more obscure This massive collection of extraordinary social behaviors spans more than two millennia and attempts to place many of the episodes within their greater historical and cultural context Perhaps the most well known example of unusual collective behavior occurred in 1938 when a million or more Americans were frightened or panicked after listening to a realistic radio drama about a Martian invasion of New Jersey based on an adaptation of the H G Wells novel *War of the Worlds* Less known but equally remarkable scares based on Wells book occurred in Chile in 1944 when Army units were mobilized in Ecuador in 1949 when riots broke out leaving more than a dozen dead as well as in Buffalo in 1968 Rhode Island in 1974 and Europe in 1988 and 1998 The modern civilized world is by no means immune to such peculiar episodes In the late 20th century scores of people in the U S and Europe were wrongly incarcerated following claims of Satanic ritual abuse by authorities untutored in False Memory Syndrome This episode recalls the European witch terror of the late Middle Ages when innocent people were tortured and executed for consorting with the Devil based on the flimsiest of evidence OUTBREAK THE ENCYCLOPEDIA OF EXTRAORDINARY SOCIAL BEHAVIOR is an authoritative reference on a broad range of topics collective behavior deviance social and perceptual psychology sociology history folklore religious studies political science social anthropology gender studies critical thinking and mental health Never before have so many sources been brought together on the mesmerizing topic of collective behavior **Cold War Country** Joseph M. Thompson, 2024-04-02 Country music maintains a special decades long relationship to American military life but these ties didn t just happen This readable history reveals how country music s Nashville based business leaders on Music Row created partnerships with the Pentagon to sell their

audiences on military service while selling the music to servicemembers Beginning in the 1950s the military flooded armed forces airwaves with the music hosted tour dates at bases around the world and drew on artists from Johnny Cash to Lee Greenwood to support recruitment programs Over the last half of the twentieth century the close connections between the Defense Department and Music Row gave an economic boost to the white dominated sounds of country while marginalizing Black artists and fueling divisions over the meaning of patriotism This story is filled with familiar stars like Roy Acuff Elvis Presley and George Strait as well as lesser known figures industry executives who worked the halls of Congress country artists who dissented from the stereotypically patriotic trappings of the genre and more Joseph M Thompson argues convincingly that the relationship between Music Row and the Pentagon helped shape not only the evolution of popular music but also race relations partisanship and images of the United States abroad *All Music Guide to Rock* Vladimir Bogdanov,Chris Woodstra,Stephen Thomas Erlewine,2002-04 This fun to read easy to use reference has been completely updated expanded and revised with reviews of over 12 000 great albums by over 2 000 artists and groups in all rock genres 50 charts **Tearing Down the Streets** Jeff Ferrell,2001-12-07 From New York to San Francisco local police clash with graffiti artists disorderly young people radical environmentalists and the homeless on city streets in an attempt to create a sense of urban order and safety This study of extreme urban culture asks Whose city is it *A Companion to Contemporary Art in a Global Framework* Jane Chin Davidson,Amelia Jones,2023-10-16 *A Companion to Contemporary Art in a Global Framework* explores the ways specialists and institutions in the fine arts curation cultural studies and art history have attempted to situate art in a more global framework since the 1980s Offering analyses of the successes and setbacks of these efforts to globalize the art world this innovative volume presents a new and exciting way of considering art in its global contexts Essays by an international panel of leading scholars and practicing artists assert that what we talk about as art is essentially a Western concept thus any attempts at understanding art in a global framework require a revising of established conceptual definitions Organized into three sections this work first reviews the history and theory of the visual arts since 1980 and introduces readers to the emerging area of scholarship that seeks to place contemporary art in a global framework The second section traces the progression of recent developments in the art world focusing on the historical and cultural contexts surrounding efforts to globalize the art world and the visual arts in particular global and transnational frameworks The final section addresses a wide range of key themes in contemporary art such as the fundamental institutions and ontologies of art practice and the interactions among art politics and the public sphere *A Companion to Contemporary Art in a Global Framework* is essential reading for undergraduate and graduate students scholars researchers and general readers interested in exploring global art beyond the traditional Euro American context **Theology and Prince** Jonathan H.
