The Female Trickster Ricki Stefanie Tannen, 2014-02-25 The Female Trickster presents a Post Jungian postmodern perspective regarding the role of women in contemporary Western society by investigating the re emergence of female trickster energy in all aspects of popular culture Ricki Tannen explores the psychological aspects of what happened when women's imagination was legally and psychologically enclosed millennia ago and demonstrates how the re emergence of Trickster energy through the female imagination has the radical potential to effect a transformation of western consciousness Examples are drawn from a diverse range of sources from Jane Austen and female sleuth narratives to Madonna and *Sex and the City* illustrating how Trickster energy is used not to maintain power and control but to integrate and unite the paradoxical through humour Subjects covered include imagination and metaphor the traditional trickster law and the imagination humour Eros using logos the postmodern female trickster This highly original perspective on women's role in contemporary culture will offer readers a new vision of how humour psychologically operates as a healthy adaptation to trauma and adversity It will be of great interest to all analytical psychologists and psychoanalysts as well as those in women's cultural legal and literary studies *The Heroine with 1001 Faces* Maria

Tatar, 2021-09-14 World renowned folklorist Maria Tatar reveals an astonishing but long buried history of heroines taking us from Cassandra and Scheherazade to Nancy Drew and Wonder Woman *The Heroine with 1 001 Faces* dismantles the cult of warrior heroes revealing a secret history of heroism at the very heart of our collective cultural imagination Maria Tatar a leading authority on fairy tales and folklore explores how heroines rarely wielding a sword and often deprived of a pen have flown beneath the radar even as they have been bent on redemptive missions Deploying the domestic crafts and using words as weapons they have found ways to survive assaults and rescue others from harm all while repairing the fraying edges in the fabric of their social worlds Like the tongueless Philomela who spins the tale of her rape into a tapestry or Arachne who

portrays the misdeeds of the gods they have discovered instruments for securing fairness in the storytelling circles where so called women s work spinning mending and weaving is carried out Tatar challenges the canonical models of heroism in Joseph Campbell s *The Hero with a Thousand Faces* with their male centric emphases on achieving glory and immortality Finding the women missing from his account and defining their own heroic trajectories is no easy task for Campbell created the playbook for Hollywood directors Audiences around the world have willingly surrendered to the lure of quest narratives and charismatic heroes Whether in the form of Frodo Luke Skywalker or Harry Potter Campbell s archetypical hero has dominated more than the box office In a broad ranging volume that moves with ease from the local to the global Tatar demonstrates how our new heroines wear their curiosity as a badge of honor rather than a mark of shame and how their mischief making evidences compassion and concern From Bluebeard s wife to Nancy Drew and from Jane Eyre to Janie Crawford women have long crafted stories to broadcast offenses in the pursuit of social justice Girls too have now precociously stepped up to the plate with Hermione Granger Katniss Everdeen and Starr Carter as trickster figures enacting their own forms of extrajudicial justice Their quests may not take the traditional form of a hero s journey but they reveal the value of courage defiance and above all care By turns dazzling and chilling Ruth Franklin *The Heroine with 1 001 Faces* creates a luminous arc that takes us from ancient times to the present day It casts an unusually wide net expanding the canon and thinking capaciously in global terms breaking down the boundaries of genre and displaying a sovereign command of cultural context This then is a historic volume that informs our present and its newfound investment in empathy and social justice like no other work of recent cultural history

The Water of Life David Hart, 2013-06-14 The intensive study of Jungian psychology was amplified by another subject taught continuously while I was a student at the Jung

Institute in Zurich Switzerland the psychology of fairy tales The study of fairy tales was the specialty of a fairly young single woman Dr Marie Louise von Franz She lectured to us English speaking students in well spoken English and the conviction and power of her voice made me feel how deep and meaningful these stories were to her Not only that I myself was immediately deeply affected by the convincing spiritual reality that was being presented to me in the stories themselves It was as if the reality of life came out here in a wholly new form untouched by the standard accepted form of common life What most struck me I think now was the following realization here in this story is a completely insoluble problem I want to follow it all the way through and to my surprise finally feel that this problem has been solved This outcome has been both essential and unbelievable to me As one who felt that life posed just such an insoluble problem I found the typical fairy tale both impossible and incredible I found in fairy tales a healing presence and possibility for the terror of my own early life This is the unexpressed feeling that kept me fastened on the totally unexpected subject of fairy tales **Trauma and Embodied**
