**Modern Orthodoxies** Lisa Mulman,2013-09-13 This study introduces a genuine provocative religious vocabulary into the discourse on Modernist art and literature Mulman looks at key texts and figures of the Modern period including Henry Roth Amedeo Modigliani James Joyce and Art Spiegelman revealing a significant engagement with the rituals of Jewish observance and the structure of Talmudic interpretation While critics often view the formal experimentation of High Modernism as a radical departure from conventional beliefs this book shows that these aspects of Modernist art are deeply entwined with and indebted to the very traditions that they claim to be writing against As such the book offers a unique and truly multidisciplinary approach to Modernist studies and a cogent analysis of the ways in which spirituality informs artistic production      **Journal of the Short Story in English** ,2005      *The Shakespeare Phrase Book* John Bartlett,1881
