Mergers In Perspective

Benton E. Gup

Mergers In Perspective:

Mergers in Perspective Yale Brozen, 1982 Discusses the appropriateness of mergers such as acquisitions of Conoco and Marathon Oil Corporation and of their impact on the American economy The author argues in favour of a natural government merger policy He believes that mergers do not result in an excessive concentration of the American economy that the present restrictive policy is at odds with that of the countries with which the U S competes that mergers may allow American companies to become large enough to compete effectively in international trade and improve the management of poorly managed assets

Bank Mergers: Current Issues and Perspectives Benton E. Gup, 2012-12-06 Historians of our financial system will record this as an age of deregulation and bank mergers Deregulation a cornerstone of President Reagan's Administration resulted in federal and state legislation that contributed to increased competition for financial services and increased merger activity During the 1981-1986 period there were 2,139 mergers in banking and finance accounting for 16 percent of total merger activity More mergers occurred in banking and finance than in any other industry Because of these bank mergers there are vast amounts of data available for scholarly research This book presents some results of that research which will be of interest to academics bankers investors legislators and regulators The book consists of ten articles and it is divided into three parts Part 1 National and Regional Bank Mergers gives a broad perspective of merger activity The first article by Peter S Rose compared the growth of bank holding companies that merged with those that did not merge One conclusion of his study was that banks planning mergers tended to be aggressively managed and were often beset by problems such as low profitability or declining loan quality Mergers were one solution to their problems But he found no solid evidence that mergers resulted in greater profitability or reduced risk He also observed that acquiring banks did not seem to grow faster than those choosing not to merge
