Meriwether Lewis Richard H. Dillon, 1965      Meriwether Lewis Richard H. Dillon, 2003 Meriwether Lewis was undoubtedly the greatest pathfinder this country has ever had The crucial expedition that he and William Clark led up the Missouri River opened up the American West This award winning biography chronicles that bold voyage and probes the lesser known aspects of Lewis's life his youth in Virginia his close relationship with Thomas Jefferson his turbulent career as governor of the Louisiana Territory and his tragic and mysterious death at 35 Detailed maps of the expedition's route included      Who Was Meriwether Lewis? | Lewis and Clark Book for Kids Grade 5 | Children's Historical Biographies Dissected Lives, 2021-11-01 This book is a continuation of an earlier Baby Professor title tackling the story of William Clark This time however spotlight will be given to Meriwether Lewis Lewis was not just an explorer he was also a soldier politician and public administration Read on to find out his contributions especially in the US expansion Grab a copy today

**Meriwether Lewis** Thomas Danisi, John C. Jackson, 2009 Instead of focusing exclusively on the Lewis and Clark expedition the authors concentrate on what Lewis was doing immediately before and after his journey through Western territory They assess his role as a natural scientist and as governor of the Louisiana Territory      **Uncovering the Truth About Meriwether Lewis** Thomas C. Danisi, 2012-02-07 The critically acclaimed biography Meriwether Lewis coauthored by Thomas C Danisi was praised for its meticulous research and for shedding new light on the adventurous life and controversial death of the great explorer who became famous through the Lewis and Clark Expedition Now the author with some help from contributors extends his groundbreaking studies of Meriwether Lewis with this compilation of historical essays that offers new findings based on recently discovered documents tackling such intriguing subjects as The court martial of Meriwether Lewis Danisi's discovery of the astonishing never before published transcript of the entire court martial proceedings affords him the distinction of being the first historian to mine the document for the many insights it offers into the then untested twenty one year old officer who eloquently defended himself and won his case Documentation straight from the medical ledgers of Dr Antoine Saugrain the physician who treated Governor Lewis which helps to confirm that Lewis suffered from malaria prior to his celebrated trek to the Pacific Ocean with the Corps of Discovery and continuing through his service as governor of the Louisiana Territory Was Lewis's death as reported the result of suicide or was he merely a victim of this episodic and incurable disease Documentation that proves the true nature of the much discussed Gilbert Russell State ment given at the court martial of General James Wilkinson Some historians have argued that Wilkinson orchestrated Lewis's murder but Danisi's research sets the record straight The role of Major James Neelly in Lewis's last days This subject has gained much prominence through the History Channel according to which Neelly supposedly lied to President Thomas Jefferson about his presence at Meriwether Lewis's burial but Danisi has evidence to the contrary The author presents an abundance of additional material to fill in previous historical gaps regarding the mysteries and controversies surrounding

Lewis's life and death. In doing so he paints a vivid picture of the brilliant rise of an ambitious young man by virtue of courage, talent, and political connections, and the tragic fall of a conscientious public servant under the weight of chronic illness, bureaucratic pettiness, and the political intrigue that was rampant throughout America's Wild West. This superb contribution to Meriwether Lewis research is a must read for students and scholars of American history and anyone with an interest in one of our nation's most important explorers and public servants. Meriwether Lewis Richard Dillon, 1968 Meriwether Lewis Kira Gale, 2015-06-01 This new full length biography of Meriwether Lewis is presented within the context of the turbulent times of the early American Republic. The author discusses intrigues to seize the Floridas and Louisiana from Spain with the help of France or Britain and makes the case for General James Wilkinson assassinating General Anthony Wayne to become the commanding general of the U.S. Army. She proposes that the deadlock in the presidential election of 1800 between Aaron Burr and Thomas Jefferson was caused by a British faction of Federalists who planned to invade Louisiana and Mexico if Burr were elected president. She identifies three parts of the conspiracy: a secret military base on the Ohio Cantonment Wilkinsonville where 700 U.S. army troops were stationed, the Philip Nolan filibuster into Texas, and British naval support. After Jefferson's election, Lewis lived in the White House as his confidential aide. In 1803 he left the White House as the leader of an elite army unit to reinforce America's claim to the Pacific Northwest. When he returned, Jefferson appointed him governor of Louisiana Territory based in St. Louis with orders to remove followers of Aaron Burr from positions of power and influence. Within two years, Meriwether Lewis was dead at the age of 35, killed by an assassin's bullets. In 1809, Gale presents the case that General Wilkinson and John Smith, a wealthy lead mine operator, were the organizers of his assassination. Their motive was to prevent Lewis from stopping another filibuster expedition into Mexico. In 1810, Kira Gale's biography of Lewis offers a very different interpretation of his character and achievements, supporting the idea that if he had lived, Lewis was in line to become president of the United States. She presents a detailed account of his activities as a loyal Jefferson supporter, presidential aide, leader of a continental expedition, and governor of Louisiana Territory. **The Character of Meriwether Lewis** Clay Jenkinson, 2011 The human aspects of the famed explorer in a revised and expanded biography. Meriwether Lewis commanded the most important exploration mission in the early history of the United States. Clay S. Jenkinson takes a fresh look at Lewis not to offer a paper cutout hero but to describe and explain a hyperserious young man of great complexity who found the wilderness of Upper Louisiana as exacting as it was exhilarating. Jenkinson sees Lewis as a troubled soul before he left St. Charles, Missouri, in May 1804. His experiences in lands upon which the foot of a civilized man had never trodden further fractured his sense of himself. His hiring William Clark as his partner in discovery was, Jenkinson shows, the most intelligent decision he ever made. When Clark was nearby, Lewis's leadership was stable and productive. When Clark was absent and thus unable to provide a calming influence on his mercurial friend, Lewis tended to get into trouble. Jenkinson argues that if Clark had been with Lewis on the Natchez Trace, the governor of Upper Louisiana

would not have killed himself Jenkinson sees Lewis's 1809 suicide not as an inexplicable mystery but the culmination of a series of pressures that extend back to the expedition and perhaps even earlier

*The Character of Meriwether Lewis Explorer in the Wilderness* is a revision of an earlier book greatly expanded with new scholarship and insights gained through Jenkinson's extensive participation in the Lewis and Clark Expedition

Bicentennial Jenkinson discusses Lewis's sense of humor his oft-stated fear that the expedition he was leading might collapse his self-conscious learnedness and his inability to re-enter polite society after his return

The book attempts to reconstruct from Lewis's journal entries and letters his rich troubled personality and his aspirations to heroism

When the American mythology surrounding him is removed and Lewis is allowed to reveal himself he emerges as a fuller more human and endlessly fascinating explorer

*By His Own Hand?* John D. W. Guice, James J. Holmberg, Jay H. Buckley, 2014-10-30

For two centuries the question has persisted Was Meriwether Lewis's death a suicide an accident or a homicide

*By His Own Hand* is the first book to carefully analyze the evidence and consider the murder versus suicide debate within its full historical context

The historian contributors to this volume follow the format of a postmortem court trial dissecting the case from different perspectives

A documents section permits readers to examine the key written evidence for themselves and reach their own conclusions

*Meriwether Lewis* Thomas C. Danisi, John C. Jackson, 2024-04-23

The definitive biography on Meriwether Lewis by Thomas C. Danisi and John C. Jackson now in paperback for the first time

October 11, 2009 marks the bicentennial of Meriwether Lewis's death

As the leader of the Lewis and Clark expedition an epic exploration of uncharted territory west of the Mississippi Lewis has been the subject of several biographies yet much of the published information is unreliable

A number of myths surrounding his life and death persist

Now independent scholars Thomas C. Danisi and John C. Jackson have written this definitive biography based on twelve years of meticulous research

They have re-examined the original Lewis and Clark documents and searched through obscure and overlooked sources to reveal a wealth of fascinating new information on the enigmatic character and life of Meriwether Lewis

Instead of focusing on the Lewis and Clark expedition the authors concentrate on what Lewis was doing immediately before and after the journey through Western territory

They assess his role as a natural scientist and as governor of the Louisiana Territory

His lifelong mentor Thomas Jefferson thrust the latter role upon Lewis during a time of crisis

As Danisi and Jackson reveal he would much rather have devoted this time compiling his notes and scientific findings into a vivid narrative of the expedition's adventures

Finally using medical documentation the book reveals the actual cause of Lewis's untimely death

The

authors address both the conspiracy theories regarding murder as the cause of Lewis's death and the longstanding belief that he committed suicide. The Meriwether Lewis that emerges from this thoroughly researched biography is a man of honorable intentions who met severe challenges and handled difficult confrontations with patience and diplomacy. Both professional historians and armchair devotees of American history will want to add this important new work to their libraries.

A biography of the man who commanded the 1804-1806 expedition to the Pacific to explore and map the newly acquired northwestern territories.      Undaunted Courage Stephen E. Ambrose, 2011-11. In this sweeping adventure story, Stephen E. Ambrose, the bestselling author of *D-Day*, presents the definitive account of one of the most momentous journeys in American history. Ambrose follows the Lewis and Clark Expedition from Thomas Jefferson's hope of finding a waterway to the Pacific through the heart-stopping moments of the actual trip to Lewis's lonely demise on the Natchez Trace. Along the way, Ambrose shows us the American West as Lewis saw it: wild, awesome, and pristinely beautiful. *Undaunted Courage* is a stunningly told action tale that will delight readers for generations. In 1803, President Thomas Jefferson selected his personal secretary, Captain Meriwether Lewis, to lead a voyage up the Missouri River to the Rockies, over the mountains, down the Columbia River to the Pacific Ocean, and back. Lewis was the perfect choice. He endured incredible hardships and saw incredible sights, including vast herds of buffalo and Indian tribes that had had no previous contact with white men. He and his partner, Captain William Clark, made the first map of the trans-Mississippi West, provided invaluable scientific data on the flora and fauna of the Louisiana Purchase territory, and established the American claim to Oregon, Washington, and Idaho. Ambrose has pieced together previously unknown information about weather, terrain, and medical knowledge at the time to provide a colorful and realistic backdrop for the expedition. Lewis saw the North American continent before any other white man. Ambrose describes in detail native peoples, weather, landscape, science, everything the expedition encountered along the way through Lewis's eyes. Lewis is supported by a rich variety of colorful characters: first of all, Jefferson himself, whose interest in exploring and acquiring the American West went back thirty years. Next comes Clark, a rugged frontiersman whose love for Lewis matched Jefferson's. There are numerous Indian chiefs and Sacagawea, the Indian girl who accompanied the expedition along with the French Indian hunter Drouillard, the great naturalists of Philadelphia, the French and Spanish fur traders of St. Louis, John Quincy Adams, and many more leading political, scientific, and military figures of the turn of the century. This is a book about a hero. This is a book about national unity. But it is also a tragedy. When Lewis returned to Washington in the fall of 1806, he was a national hero. But for Lewis, the expedition was a failure. Jefferson had hoped to find an all-water route to the Pacific with a short hop over the Rockies. Lewis discovered there was no such passage. Jefferson hoped the Louisiana Purchase would

provide endless land to support farming but Lewis discovered that the Great Plains were too dry Jefferson hoped there was a river flowing from Canada into the Missouri but Lewis reported there was no such river and thus no U S claim to the Canadian prairie Lewis discovered the Plains Indians were hostile and would block settlement and trade up the Missouri Lewis took to drink engaged in land speculation piled up debts he could not pay made jealous political enemies and suffered severe depression High adventure high politics suspense drama and diplomacy combine with high romance and personal tragedy to make this outstanding work of scholarship as readable as a novel *Dictionary of World Biography* Barry Jones,2022-11-30 Jones Barry Owen 1932 Australian politician writer and lawyer born in Geelong Educated at Melbourne High School and Melbourne University he was a public servant high school teacher television and radio performer university lecturer and lawyer before serving as a Labor MP in the Victorian Parliament 1972 77 and the Australian House of Representatives 1977 98 He took a leading role in reviving the Australian film industry and abolishing the death penalty in Australia and was the first politician to raise public awareness of global warming the post industrial society the IT revolution biotechnology the rise of the Third Age and the need to preserve Antarctica as a wilderness In the Hawke Government he was Minister for Science 1983 90 Prices and Consumer Affairs 1987 Small Business 1987 90 and Customs 1988 90 He became a member of the Executive Board of UNESCO Paris 1991 95 and National President of the Australian Labor Party 1992 2000 2005 06 He was Deputy Chairman of the Constitutional Convention 1998 His books include *Decades of Decision* 1960 1965 *Joseph II* 1968 and *Age of Apocalypse* 1975 and he edited *The Penalty Is Death* 1968 revised and expanded 2022 *Sleepers Wake Technology and the Future of Work* was published by Oxford University Press in 1982 became a bestseller and has been translated into Chinese Japanese Korean Swedish and braille The fourth edition was published in 1995 *Knowledge Courage Leadership Insights Reflections* a collection of speeches and essays appeared in 2016 He received a DSc in 1988 for his services to science and a DLitt in 1993 for his work on information theory Elected FTSE 1992 FAHA 1993 FAA 1996 and FASSA 2003 he is the only person to have become a Fellow of four of Australia s five learned Academies Awarded an AO in 1993 named as one of Australia s 100 living national treasures in 1997 he was elected a Visiting Fellow Commoner of Trinity College Cambridge in 1999 His autobiography *A Thinking Reed* was published in 2006 and *The Shock of Recognition* about music and literature in 2016 In 2014 he received an AC for services as a leading intellectual in Australian public life *What Is to Be Done* was published by Scribe in 2020 [Encyclopedia of Virginia Biography, Under the Editorial Supervision of Lyon Gardiner Tyler](#) Lyon Gardiner Tyler,1915 **Encyclopedia of the Lewis and Clark Expedition** Elin Woodger,Brandon Toropov,2014-05-14 Provides facts and information about the travels of Meriwether Lewis and William Clark and their Corps of Discovery and its importance in relation to Native Americans and the westward expansion in the United States
