Mertons Palace Of Nowhere:

Merton's Palace of Nowhere James Finley, 2018-02-02 For forty years James Finley's *Merton's Palace of Nowhere* has been the standard text for exploring reflecting on and understanding the rich vein of Thomas Merton's thought. Spiritual identity is the quest to know who we are to find meaning to overcome that sense of "Is this all there is?" Merton's message cuts to the heart of this universal quest and Finley illuminates that message as no one else can. As a young man of eighteen, Finley left home for an unlikely destination, the Abbey of Gethsemani, where Thomas Merton lived as a contemplative. Finley stayed at the monastery for six maturing years and later wrote this *Merton's Palace of Nowhere* in order to share a taste of what he had learned on his spiritual journey under the guidance of one of the great religious figures of our time. At the heart of the quest for spiritual identity are Merton's illuminating insights leading from an awareness of the false and illusory self to a realization of the true self. Dog-eared, tattered, underlined copies of this book are found on the bookshelves of retreat centers, parish libraries, and the homes of spiritual seekers everywhere. This anniversary edition brings a classic to a new generation and includes a new preface by Finley. **Merton's Palace of Nowhere**, 1983. Thomas Merton's American Prophecy Robert Inchausti, 1998-01-22 In *Thomas Merton's American Prophecy*, Robert Inchausti provides a succinct summary and original interpretation of Merton's contribution to American thought. More than just a critical biography, this book lifts Merton out of the isolation of his monastic subculture and brings him back into dialogue with contemporary secular thinkers. In the process, it reopens one of the roads not taken at that fateful cultural crossroads called The Sixties. Inchausti presents Merton not as the spokesman for any particular group, cause, or idea, but rather as the quintessential American outsider who defined himself in opposition to the world, then discovered a way back into dialogue with that world and compassion for it. As a result, Merton was the harbinger of a still yet to be realized eschatological counter-culture, the unacknowledged precursor, alternative, and heir to Norman O. Brown's defense of mystery in the life of the mind. Christian Meditation James Finley, 2004-06 Mining Christianity's own lineage of contemplatives and mystics, Finley guides readers through an unmatched eight-hour course of original meditations and other practices, fully illuminating this 2,000-year-old path to inner transformation and unity with the divine. Merton and Walsh on the Person Robert L. Imperato, 2014-09-16 Bob Imperato teaches religious studies at Saint Leo University, where he is coordinator of the Religious Studies Department. Bob studied psychology at Columbia University, MA 1969, where he began searching for God. While in New York, he was inspired by Swami Satchidananda to practice yoga. Meditation led Bob back to his childhood religion, Catholicism, and inspired him to spend a decade in a Trappist-Cistercian monastery at the Abbey of Gethsemani. He desired to communicate about God, and he chose to complete both an MA and PhD in Theology at Fordham University in order to dedicate himself to teaching religion on the college level. He has taught in New Jersey, Kansas, California, and Florida and frequently lectures in parish and diocesan programs. He has published a number of articles on spirituality and hopes to continue writing and teaching. **The Gifted**

Pastor Kenneth H. Carter Jr.,2012-11-01 Carter writes a piece which will stir the sympathies of pastors thwarted by their own efforts to emulate a congregation's successful predecessor Within months these pastors see little success as fatigue and burn out set in All Christians are graced with specific and distinctive spiritual gifts Too often pastors forget that God has given them particular gifts for ministry While all pastors must attend to the different tasks of congregational ministry they need to discover those functions for which they have been particularly gifted When they begin to make these gifts the focus of their ministry then deep personal satisfaction and connection with others results This book is written to help pastors overcome the false belief that if their ministry is to succeed it must emulate that of a high profile orator Carter explains that when we make our distinctive gifts the center of our ministry we lose the illusion that we are in control and instead trust that God will complement us with others gifts to meet the needs of God's people Key Features includes a consumer guide to spiritual gift inventories resource lists including retreat centers congregations and publications Key Benefits Provides pastors a biblical theological framework for understanding ministerial gifts **A Focus on Truth** Patrick W.

Collins,2021-04-15 The published writings of the Trappist monk Thomas Merton were always censored from two sources during his lifetime First by Merton himself as he certainly didn't write everything down or share all of what he included in his drafts He selected carefully what he considered appropriate for publication Second Thomas Merton was extensively censored by his religious superiors They regularly judged that things Merton chose to write should not be made available in print This was not infrequently a source of great frustration to Merton In this book Fr Patrick W Collins presents an uncensored view of the life and thoughts of Thomas Merton by plumbing his correspondence with family friends and colleagues over the years Merton's personal and professional correspondence was previously published by Farrar Straus and Giroux In this volume Collins extracts and organizes from these sources many of the significant subjects about which Merton wrote and presents each topic chronologically In this way readers can easily follow the development of Merton's thoughts feelings intuitions and impressions over the years on a variety of topics of concern to him *Illusions of Freedom* Jeffrey M. Shaw,2014-06-02

Illusions of Freedom examines the opinions and ideas of two twentieth century writers Thomas Merton a Catholic monk living in the United States and Jacques Ellul a French Protestant Contemporaries they never met or corresponded with each other but their critique of the influence that technology was beginning to have on the human condition is strikingly similar Both Merton and Ellul drew upon the ideas of others in formulating their worldview to include Karl Barth Soren Kierkegaard Aldous Huxley and Karl Marx Jeffrey Shaw examines the influence that these other philosophers had on Merton and Ellul as they formulated their own ideas on technology's impact on freedom Tracing the similarities and in some cases the differences between their critiques of technology and the idea that progress is always to be seen as something inherently good one finds that they bring a unique perspective to the debate and offer readers an alternative avenue for reflecting on the meaning of technology and its impact on our lives in the twenty first century No Abiding Place Fred Herron,2005-02-17 Thomas

Merton played a critical role in facilitating and embodying a revolutionary paradigm shift in Catholic life and thought. His public grappling with the issues raised by this shift in the life of the Catholic Church provided a vocabulary with which a generation of seekers has attempted to frame an on going discussion regarding the future of the Catholic Church. Consequently Merton's life and thought continue to be guideposts for spiritual pilgrims confronting issues of authority in the church, a changing moral landscape and the contemporary crisis in the Catholic Church. Part One of the book describes this profound paradigm shift and locates Merton's developing thought within that landscape. It places Merton's thought within the larger framework of the Catholic imagination as described by David Tracy, Andrew Greeley and Thomas Groome. The landmark research of Robert Wuthnow of Princeton University concerning the nature of contemporary spiritual seeking provides a framework that helps to identify Merton's continuing relevance for the study of spirituality. Parts Two and Three discuss Merton's lasting importance for contemporary spirituality. *The Only Mind Worth Having* Gardner

Fiona, 2016-11-24. In *The Only Mind Worth Having* Fiona Gardner takes Thomas Merton's belief that the child mind is the only mind worth having and explores it in the context of Jesus' challenging paradoxical and enigmatic command to become like small children. She demonstrates how Merton's belief and Jesus' command can be understood as part of contemporary spirituality and spiritual practice. To follow Christ's command requires a great leap of the imagination. Gardner examines what it might mean to make this leap when one is an adult without it becoming sentimental and mawkish or regressive and pathological. Using both psychological and spiritual insights and drawing on the experiences of Thomas Merton and others, Gardner suggests that in some mysterious and paradoxical way recovering a sense of childhood spirituality is the path towards spiritual maturity. The move from childhood spirituality to adulthood and on to a spiritual maturity through the child mind is a move from innocence to experience to organised innocence or from dependence to independence to a state of being in dependence with God. **Transforming Renewal** Andy Lord, 2015-01-12.

Pentecostal and charismatic renewal movements have seen great growth over the last century and have engaged with many Christian traditions. Yet there are signs that all is not well and there is a need to develop theologies of renewal that engage with practice and across the traditions if the movements are to continue to grow. In particular, this book seeks an ecumenical engagement between David Watson and Thomas Merton, leaders in the charismatic and monastic renewal movements. The aim is to reflect on the theological roots of these renewal movements through a study of particular people who lived them in practice and sought to help others understand how the triune God was at work. This is done against the wider background of contemporary renewalist theology to develop constructive proposals for renewal theology in the future. Receptive ecumenism provides the method for bringing the different voices into conversation in ways that also point forward in approaches to ecumenical dialogue. It is thus a study relevant to those seeking new ways in theology, those involved in renewal and ecumenical movements, students of Thomas Merton and all who seek to better understand the Christian renewal movements that have
