Our Wisdom Years Charles Garfield, 2020-06-02 Psychologist and best selling author Charles Garfield shares an uplifting vision as he takes us on a journey of a lifetime Some of the most profound growth of our lives can happen in the home stretch the years after age sixty or so It s a time when we can finally crystallize the meaning of what we ve been and done and fully expand into the self we ve always intended to be But says psychologist Charles Garfield that can only happen if we first loosen the grip of the life we ve led so far the one that s been focused outwardly on activity achievement and the idea of success and let our souls lead the way

In **Our Wisdom Years** Dr Garfield skillfully and practically guides readers through nine tasks that can transform the struggles of aging bringing fulfillment joy and serenity Drawing on the understandings that come from both his work as acclaimed success guru in the 1980s and the truths distilled from volunteering with those at the end of life Garfield offers a fresh uplifting vision of the wholeness that awaits us

Dr Garfield shares how we can gracefully let go of the younger selves we ve been and walk through the opening that keeps beckoning toward this soul driven version of later life He encourages us to take the risk of being fully alive as our years pass This is no small task aging is not for the faint of heart The beautiful paradox of growing older is that none of the gifts of age are available without the kind of loss that forces us to confront mortality in a way we can t deny In the face of loss we re changed and expanded by truths that come from the heart not the mind We learn that we re more than our bodies part of something much larger than we are and that love and kindness matter most of all

C.H.O.I.C.E.S. Model: Choosing Love Instead of Fear John L. Stone,2023-12-05 C H O I C E S Model Choosing Love Instead of Fear is a self empowerment book which was 35 years in the making and based on extensive research That research distilled down to its essence demonstrates that stress is not as is often portrayed in popular culture the enemy Data from two separate fields academia and industry while having opposing views on who is responsible for reducing felt stress both agree that the primary mitigator of harmful distress is locus of control LOC Internal LOC locates the control within the individual whereas external LOC locates the control from outside forces The consensus by academia and industry is the more LOC is internal the less distress is felt Chosen versus imposed stressors yield less harmful impacts from the distress This research becomes a powerful tool to help reduce distress by restoring control to the individual Life can be so overwhelming that automatic knee jerk reactions are used to fend off a constant barrage of stressors The CHOICES Model provides a way to be proactive The more this is done consciously the greater the sense of wellbeing The book presents seven life areas which give purpose and meaning The areas include Community Health Occupation Investment Creativity Education and Spirituality Each is essential to a quality life The premise of this book is that an individual s perception of their own personal power increases with every small success and one area of success gives the individual confidence to believe in themselves enough to attempt challenges in the other domains There s a chapter for each of these seven equally important domains Each area is defined along with the rationale and tools necessary for personal development Community is important because we are social beings with needs for belonging Letting someone know you care allows joy to spring through both your hearts No matter our physical or mental condition health matters to all of us Our personal level of wellbeing sets the limits for what can be our personal best Build strength and immunity when feeling well and be gentle with yourself when you re not Occupation is important because we all have a need to be part of something bigger than ourselves a calling to make a difference and a desire to leave a meaningful legacy This needn t be one s vocation It is literally what occupies our time and energy It may be an avocation or volunteer service work However we spend our time let our life s work lift our hearts and move us all into better days Investment is not limited to finances This area is all about how we spend our resources Besides money it includes our time energy and level of commitment Let s be generous and give of ourselves without expecting anything in return In this way we all have the power to be superheroes Creativity is important because it defines who we are We build a life We express who we are We make something that only we can imagine Expressions from our hearts are never wasted When we bring something new into this world we give birth to something that will survive us Education is something we do naturally and have done since we took our first breath Lifelong learning helps us make our way in the world We know that reading to a child instills curiosity and ignites intelligence Let s read to a child tonight and if that s not possible let s all continue reading

to our inner child Finally spirituality provides transcendence to see and feel beyond our limitations and provides love when facing the void Namaste The light within me bows to the light within you Let s spread this message and celebrate the sacred in each other
