Scotland's Future History Stuart McHardy,2015-04-06 McHardy presents a new approach to history changing our mindset to look at Scotland as the centre of our story Rather than starting from the Mediterranean from the classical Christian bias we have been taught for centuries Rather than being a remote dark land populated by barbaric tribes Perhaps we were the centre of a well organised civilisation around the Orkneys and islands and coasts and rivers with our own priorities community centred locally self sufficient well versed in lore of all kinds Who were are we The great centres of ritual in Orkney Lewis and Kilmartin suggest an indigenous population much more sophisticated in terms of social ritual and

communal rule than we have been led to believe In whose interest is it that we accept the classical Christian version of history relayed to us by monks These are some of the questions McHardy addresses in a passionate and accessible style Read and become more Alba centric in terms of what we see as important to research study and understand **Sculptured Stones of Scotland** ,1867 **On the Trail of Scotland's Myths and Legends** Stuart McHardy,2024-05-03 A journey through Scotland s past from the earliest times through the medium of the awe inspiring stories that were at the heart of our ancestors traditions and beliefs As the art of storytelling bursts into new flower many tales are being told again as they once were As On the Trail of Scotland s Myths and Legends unfolds mythical animals supernatural beings heroes giants and goddesses come alive and walk Scotland s rich landscape as they did in the time of the Scots Gaelic and Norse speakers of the past Visiting over 170 sites across Scotland Stuart McHardy traces the lore of our ancestors connecting ancient beliefs with traditions still alive today Presenting a new picture of who the Scots are and where they have come from this book provides an insight into a unique tradition of myth legend and folklore that has marked the language and landscape of Scotland **Ancient Pillar Stones of Scotland** George Moore,1865
