**The Letters to the Thessalonians** GENE L GREEN, 2020-05-21 In this commentary Gene Green reads Paul s two letters to the Thessalonians in light of the canon of Scripture and of new knowledge about the first century world of Thessalonica This fruitful approach helps illuminate the impact of the gospel on its original readers and in turn shows how potent a force it can be for the church and society today The book begins with an in depth study of the Thessalonians themselves their history land socioeconomic conditions and religious environment This fascinating discussion gives the necessary context for fully appreciating the circumstances surrounding the founding of the city s first church and the subsequent struggles of the Thessalonian believers to live out their Christian faith The main body of the book provides informed verse by verse commentary on 1 2 Thessalonians that extracts the fullest possible meaning from these important New Testament texts As Green s exposition shows the Thessalonian scriptures are especially valuable as letters of friendship and for showing Paul s pastoral concern for the many areas in which the Thessalonians needed guidance Some of Paul s purposes are to thank the new believers for their steadfastness amid suffering to encourage them in their trials to urge them not to neglect their daily work and no less important to teach them about the future of believers who die before Christ returns Indeed the matter of the last things and the second coming of Christ so permeates these texts that they are often called Paul s eschatological letters Filled with new information about ancient society this commentary will fast become a standard reference work for Bible study By carefully bridging the biblical and modern worlds Green shows with clarity and warmth the continuing relevance of 1 2 Thessalonians for contemporary readers **The Southern literary messenger** , 1835 **Southern Literary Messenger** , 1854 Messenger of Peace , 1925 Personnel Studies of Messengers in the Western Union Telegraph Company Ira Mitchell Dreese, 1929 Motivation and Narrative in Herodotus Emily Baragwanath, 2008-05-15 In his extraordinary story of the defence of Greece against the Persian invasions of 490 480 BC Herodotus sought to communicate not only what happened but also the background of thoughts and perceptions that shaped those events and became critical to their interpretation afterwards Much as the contemporary sophists strove to discover truth about the invisible Herodotus was acutely concerned to uncover hidden human motivations whose depiction was vital to his project of recounting and explaining the past Emily Baragwanath explores the sophisticated narrative techniques with which Herodotus

represented this most elusive variety of historical knowledge Thus he was able to tell a lucid story of the past while nonetheless exposing the methodological and epistemological challenges it presented Baragwanath illustrates and analyses a range of these techniques over the course of a wide selection of Herodotus most intriguing narratives from those on Athenian democracy and tyranny to Leonidas and Thermopylae and thus supplies a method for reading the Histories more generally
