**Language Learners' Nonverbal Behavior** Tammy Gregersen, Peter D. MacIntyre, 2017-03-08 This book highlights the pivotal role that nonverbal behavior plays in target language communication affect and cognition It integrates research tenets and video demonstrations of nonverbal behavior with structured activities that will guide teachers and learners of any language to capitalize on the nonverbal means at their disposal It does not shy away from the challenges that nonverbal communication poses in target language communication including issues of personal and cultural identity that emerge with languages around the world With its easy to use format solid research support and fully integrated activities and videos this book is an essential resource for anyone interested in working with the nonverbal dimensions of communication The text will be especially valuable for language educators pre and in service teachers who are looking for classroom resources and ideas who want to create positive classroom environments and want to improve learner interaction and communication while increasing language proficiency This book is a valuable resource for anyone who interacts with other people in more than one language     **Computational Intelligence for Decision Support** Zhengxin Chen, 1999-11-24 Intelligent decision support relies on techniques from a variety of disciplines including artificial intelligence and database management systems Most of the existing literature neglects the relationship between these disciplines By integrating AI and DBMS Computational Intelligence for Decision Support produces what other texts don't an explanation of how to use AI and DBMS together to achieve high level decision making Threading relevant disciplines from both science and industry the author approaches computational intelligence as the science developed for decision support The use of computational intelligence for reasoning and DBMS for retrieval brings about a more active role for computational intelligence in decision support and merges computational intelligence and DBMS The introductory chapter on technical aspects makes the material accessible with or without a decision support background The examples illustrate the large number of applications and an annotated bibliography allows you to easily delve into subjects of greater interest The integrated perspective creates a book that is all at once technical comprehensible and usable Now more than ever it is important for science and business workers to creatively combine their knowledge to generate effective fruitful decision support Computational Intelligence for Decision Support makes this task manageable     Using Homework in Psychotherapy Michael A. Tompkins, 2004-07-05 A step by step guide for therapists who want to start implementing homework or to increase the effectiveness of assignments this hands on book is ideal for clinicians from any theoretical orientation Presented are creative strategies for developing meaningful homework assignments enhancing compliance and overcoming typical homework obstacles Nearly 50 reproducible forms are featured along with detailed recommendations for using them to accomplish five broad therapeutic goals increasing
