Imitation, Counterfeiting and the Quality of Goods in Modern Asian History Kazuko Furuta, Linda Grove, 2017-10-12 This book focuses on the production of low quality goods the rise of markets for imitations and shoddy goods and dishonest trading practices which developed along with the expansion of global trade in the nineteenth and twentieth centuries in East Asia Fake imitation counterfeit and adulterated goods have long plagued domestic and international trade While we are all familiar with contemporary attempts to control the manufacture and sales of such goods economic historians have given the subject little attention despite the fact that the growth of international trade and the lengthening of commodity chains played a major role in the spread of such practices The problem is approached in several ways Part I of the book examines the ways in which the asymmetry of product quality information was reduced and mechanisms were developed to bring greater order in the markets using case studies on cotton fiber silk pongee cotton cloth fertilizer and tea Part II of the book focuses on problems associated with imported everyday use items which are referred to here as small things and the role played by imitations of such everyday goods as soap matches glass bottles and

toys in the development of the modern economies of Japan China and Taiwan The project brings together the work of an international team of scholars who offer important historical perspectives on these issues exploring the ways in which new institutions were created that continue to play a role in contemporary global economic activities **Dead Hand of History** Sally Spencer,2011-04-01 The Woodend series has always been one of the best British police procedurals around Now Spencer has taken up a new series with Paniatowski in the lead and she proves again that she is in the league with Peter Turnbull and Lynda La Plante Library Journal The first book in the page turning DCI Monika Paniatowski British police procedural series set in the 1970s It will be no easy task to fill the shoes of a local legend like DCI Charlie Woodend the newly promoted Monika Paniatowski tells herself but given a little time she thinks she can grow into them Yet time is the one thing she does not have On her first day in the new job a severed female hand is discovered on the riverbank The obvious suspect is Stan Szymborska the victim s war hero husband though Paniatowski refuses to arrest him But is it the lack of evidence which is holding her back or is it the fact that he is not only the most attractive man she has met in a long time but also a fellow Pole Woodend is preparing to leave for a new life in Spain and Paniatowski is determined not to ask for his help But when her colleagues prove untrustworthy the urge to call him becomes almost irresistible *Zack Files 25: Trapped in the Museum of Unnatural History* Dan Greenburg,2002-02-18 It seems like a regular field trip to a natural history museum until Zack gets locked inside for the night and discovers what really goes on in those display cases when no one is watching A tribe of curious Neanderthals rampaging woolly mammoths prehistoric food shortages it s just another wild adventure for Zack **Wales, A Very Peculiar History** Rupert Matthews,2020-02-24 From the Roman invasion through tall tales of Merlin and King Arthur and right up to and beyond the incredible power of the mining industry Wales A Very Peculiar History takes a quirky sideways look at some of the slightly bizarre aspects of the home of welsh rarebit Maelgwn the Dragon and Llanfairpwllgwyngyllgogerychwyrndrobwlantysiliogogogoch Featuring the full gamut of Welsh providence from the coal mining years to its rebirth in the 1970s this book tells a tale of ups and downs of hills and valleys and of hope and triumph against the odds with a few leeks thrown in for good measure **My Book of History** Olive Beaupré Miller,1929 History of the Air Force Materials Laboratory ,2000 *Professional and Industrial History of Suffolk County, Massachusetts* ,1894
