**S Ashworth**

## **Metaphysics Vs Hypnotism:**

**Metaphysics Vs. Hypnotism** Leander Edmund Whipple, 2005-12 This scarce antiquarian book is a facsimile reprint of the original. Due to its age it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. **Hypnotic Therapeutics in Theory and Practice** John Duncan Quackenbush, 1908 **Heresies; or, Agnostic theism, ethics, sociology, and metaphysics** Harry Croft Hiller, 1902 **Hypnotism and Hypnotic Suggestion** E. Virgil Neal, Charles S. Clark, Charles Samuel Clark, 1900 *Clairvoyance and Clairaudience - Premonitions and Impressions* Edward B. Warman, 1995-12 *The Pitfalls of Occult Arts and Metaphysical Healing* Helena Petrovna Blavatsky, William Quan Judge, 2018-05-28 Healing the sick requires unalloyed benevolence, untainted even by latent selfishness. Therefore a would-be healer must be physically and morally healthy, confident in his science and in himself. Only then can he heal effectively, safely, and permanently. There is nothing spiritual or divine in any of the latent occult powers in man. But interfering with someone else's mind, whether consciously or unconsciously, is Black Magic, particularly since there is always more than a tinge of selfishness in the operator's mind. The true Theosophist neither intrudes in others' mind nor hinders others' freedom of thought. Hypnotism is the new scientific name for the old superstition. What the operator is using is not his benevolent will, as it is commonly thought, he simply bewitches the patient by means of his auric fluid. No one has the right to take the mind of another for any purpose into his possession. Doing good works in this way is likely to be vitally injurious, as all but those who are blind in their love of benevolence are compelled to acknowledge. Instead of healing, the hypnotisers awaken the dark forces of nature and end up inoculating the sick with their own ills and vices. Learning and doing good, rightly informed by higher knowledge, is far more effective and safe than the imprudent haste for good works. Though acceptance of Truth and practice of virtue cannot avert stored-up Karma, good effects can be produced today and in future. Compassionate action is what really counts, not mere thoughts and wishful thinking. Central to spiritual development is unfeigned compassion, sacrifice, which when enacted becomes altruism, as much as inaction in a deed of mercy becomes an action in a deadly sin. Cf. Voice of the Silence, frag. II vs. 135 p. 31. **Hypnosis, Channeling and Raising Consciousness** Peter Dennis, 2019-04-15 Peter Dennis is a hypnotist and has done many past-life regressions with his clients. A few years ago some of Peter's clients, while visiting past lives, started reporting lives on other planets. This prompted Peter to pursue this further, and in so doing a number of clients began to channel. After five women began channeling, Peter wrote this book detailing some of the concerns, inhibitions, and fears that these women dealt with as they pursued this adventure. After discovering that hypnosis could be a very effective route to channeling, Peter's hypnosis practice is now mainly focused on helping people to become channelers. Peter is not a channeler but is referred to as a Channeling Facilitator, as he helps people to make a channeling connection.

strengthen that connection and if the client wishes take that talent to the public More about this can be seen on Peter s website at peterhdennis com Channeling takes many forms When we get ideas or inspirations chances are that we are Channeling Intuitive flashes can be Channeling Authors songwriters composers inspired speakers all have moments of Channeling This book is not about these more subtle forms of Channeling but rather it s about what might be called Conscious Channeling or Overt Channeling and sometimes Trance Channeling What then is Channeling As you may know our scientists have been telling us that everything at the sub atomic level is composed of a vibrating energy and that everything and everyone has his her its own unique rate of vibration So for Channeling to work the Channeler has to raise his or her vibration and the sender has to lower its vibration so that a match can be made and a connection established Once that connection is established the sender sends a message telepathically and the receiver or Channeler uses his or her brain voice box vocal cords and perhaps some other things to receive and vocalize that information Like a lot of things in our lives these days we don t have to fully understand how something works to benefit from using it and Channeling is much the same We don t have to understand the Physics of Channeling in order to figure out if the content of the channeled messages works for us or not This book is also an introduction to Spirituality and it offers many messages and explains many metaphysical concepts It is the Author s hope that you will find that these messages expand your thinking raise a number of new questions and bring you more peace

The Metaphysical Magazine ,1909      **Heresies Or Agnostic Theism, Ethics, Sociology, and Metaphysics** H. Croft Hiller,1900      **The Publishers Weekly** ,1894      Publishers' Weekly ,1894      *A Complete Concordance to Science and Health* Albert Francis Conant,1909      **The New Cycle** ,1897      *The Morning Star and Free Baptist* ,1908      The Hypnotic Magazine ,1896      Metaphysical Magazine ,1899      Bergson's Scientific Metaphysics Yasushi Hirai,2023-05-18 This volume brings Bergson s key ideas from Matter and Memory into dialogue with contemporary themes on memory and time in science across analytic and continental philosophy Focusing specifically on the application of Bergson s ideas to cognitive science the circuit between perception and memory receives full explication in 15 different essays By re reading Bergson through a cognitive lens the essays provide a series of alternative analytic interpretations to the standard continental approach to Bergson s oeuvre without fully discounting either approach The relevance of philosophies of mind and memory sit alongside the role of a metaphysics of time in exploring connections to psychology biology and physics This eclecticism includes an exciting focus on numerous topics that are not given sufficient attention in extant studies of Bergson including the precise nature of his ideas on dualism memory and ecological theories of perception especially in relation to his contemporaries Led by leading Bergson scholars from France and Japan this book maps the rich terrain of Bergson s contemporary relevance alongside the historical context of his ideas
