CATHARINE CROZIER GLEASON

Method Of Organ Playing

Arthur Page

Method Of Organ Playing:

Method of Organ Playing Harold Gleason,1965

A Method of Organ Playing Mario Salvador,Pauline Robert,2011-12

Method of organ playing Harold Gleason,1940

Method of Organ Playing Harold Gleason,1996 Thirty five years of organ teaching and years of research as a musicologist have made Gleason s guide one of the most reputable and well documented of its kind on the market today providing future organists with the musical and technical foundation necessary for mastering the fine art of organ playing Reflecting the latest principles of techniques and interpretation it offers clear basic instruction providing users with a solid foundation and practical start to a lifetime profession in organ playing Supporting technical practice with important and applicable background musical information it includes a new section An Outline of Study for the Beginning Organist which shows users how to use the book in the most efficient manner to achieve their particular career goal Also available in Braille for use in schools for the blind Ideal resource manual for organ faculty and those interested in a background study of organ playing

The Technique and Art of Organ Playing Clarence

Dickinson,1922

Method of Organ Playing Ernest Douglas,1932

Complete Organ Method John Stainer,2013-06-17

This classic method for beginners provides a brief history of the instrument an explanation of organ construction a discussion of the various stops and their management a section devoted to practical study and several pieces Technique and Art of Organ Playing Clarence Dickinson,1922 THE TECHNIQUE AND ART OF ORGAN PLAYING is designed to provide the teacher with the technical material necessary to carry the student from the beginning of his studies through to the acquirement of complete command of his instrument The aim has been to include in one volume a study of all the distinctive principles of organ technique with enough illustrations and exercises through which they may be mastered together with interesting compositions which will at once call for their application

The Technique and Art of Organ Playing (Classic Reprint)

Clarence Dickinson,2016-09-30 Excerpt from The Technique and Art of Organ Playing This book is designed to provide the teacher with the technical material necessary to carry the student from the beginning of his studies through to the acquirement of complete command of his instrument The aim has been to include in one volume a study of all the distinctive principles of organ technique with enough illustrations and exercises through which they may be mastered together with interesting compositions which will at once call for their application It is hoped that the textual division Part I may prove of value in saving the teacher s time by supplying a book of reference for students and also by providing material from which themes may be drawn for class conferences in which these points may be discussed and enlarged upon In assembling in one volume studies of all the various points of organ technique necessary to the equipment of the organist with as detailed a description as possible of the process by which each is to be mastered the author has had in mind also the many students who must pursue their work without the personal guidance of a teacher To the studio of every teacher there come pupils who are able to remain only a short time who then although eager for further study are obliged to return to their posts to do the

best they can for their further advancement in their art and to teach others out of their still limited equipment Of course nothing can ever take the place of the personal guidance and example of an inspired teacher this book simply aims to provide the next best thing for students who must continue their studies thus or not at all With their needs in View the author has endeavored in Part I to take up each point of technique in logical and related order and to describe it clearly and definitely with illustrations whenever they may aid in comprehension and application and in Part II to supply also in logical order just as many exercises as are absolutely necessary to cover each point and pieces which although they demand the application of each point of technique as it is acquired and are therefore excellent studies are never mere studies but are such as will be of use to the organist always and of so great variety in style that effective recital programs can be made from just these numbers About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Harold Gleason (1892-1980) and His Method of Organ Playing Charles Newton Sedgwick,1999

On Organ Playing - Hints to Young Organists, with Complete Method for Pedal Scales and Arpeggios Arthur Page,2016-09-06 On Organ Playing is a classic treatise on playing the organ specially designed for young or new players with chapters on everything from learning the basic principles to mastering advanced techniques and beyond Written in simple plain language and profusely illustrated this is a timeless volume that will be of considerable utility to all with an interest in playing this wonderful instrument Contents include Touch Fingering Probable Faults and Difficulties Voluntary fingered Pedal Playing Scales Exercises Various Arpeggio Church Music Chants Various ways of Playing Accompaniment for Unison Singing Giving Out Starting Choir Ending Chant etc Pauses Expression etc Anthems and Services etc Many vintage books such as this are increasingly scarce and expensive It is with this in mind that we are republishing this volume now in an affordable modern high quality edition complete with a specially commissioned new introduction on the history of the organ *An Organist's Guide to Resources for the Hymnal 1982* ,1987 A listing of organ settings descants and alternative harmonizations for the tunes of The Hymnal 1982 along with their publishers volume location in a multi volume work or selection location in a collection and level of difficulty This book does not contain the music itself *The Technique and Art of Organ Playing* Clarence Dickinson,2001-01-01 **TECHNIQUE AND ART OF ORGAN PLAYING** CLARENCE. DICKINSON,2018 **Organ Accompaniment and Extempore Playing** George Elbridge Whiting,1887
