Exposing Mississippi Annette Trefzer,2022-03-25 WINNER OF THE 2022 EUDORA WELTY PRIZE Internationally known as a writer Eudora Welty has as well been spotlighted as a talented photographer The prevalent idea remains that Welty simply took snapshots before

she found her true calling as a renowned fiction writer But who was Welty as a photographer What did she see How and why did she photograph And what did Welty know about modern photography In *Exposing Mississippi* Eudora Welty's *Photographic Reflections* Annette Trefzer elucidates Welty's photographic vision and answers these questions by exploring her photographic archive and writings on photography The photographs Welty took in the 1930s and 40s frame her visual response to the cultural landscapes of the segregated South during the Depression The photobook *One Time One Place* which was selected, curated and shaped into a visual narrative by Welty herself serves as a starting point and guide for the chapters on her spatial hermeneutic The book is divided into sections by locations and offers how the framing of these areas reveals Welty's radical commentary of the spaces her camera captured There are over eighty images in *Exposing Mississippi* including some never before seen archival photographs and sections of the book draw on over three hundred more The chapters on institutional leisure and memorial landscapes address how Welty's photographs contribute to reflect on and intervene in customary visual constructions of the Depression era South

The Allure of Blackness Among Mixed-Race Americans, 1862-1916 Ingrid Dineen-Wimberly, 2019-01-01 In *The Allure of Blackness among Mixed Race Americans 1862-1916* Ingrid Dineen-Wimberly examines generations of mixed race African Americans after the Civil War and into the Progressive Era skillfully tracking the rise of a leadership class in Black America made up largely of individuals who had complex racial ancestries many of whom therefore enjoyed racial options to identity as either Black or White Although these people might have chosen to pass as White to avoid the racial violence and exclusion associated with the dominant racial ideology of the time they instead chose to identify as Black Americans a decision that provided upward mobility in social, political and economic terms Dineen-Wimberly highlights African American economic and political leaders and educators such as P. B. S. Pinchback, Theophile T. Allain, Booker T. Washington and Frederick Douglass as well as women such as Josephine B. Willson Bruce and E. Azalia Hackley who were prominent clubwomen, lecturers, educators and settlement house founders In their quest for leadership within the African American community these leaders drew on the concept of Blackness as a source of opportunities and power to transform their communities in the long struggle for Black equality *The Allure of Blackness among Mixed Race Americans 1862-1916* confounds much of the conventional wisdom about racially complicated people and details the manner in which they chose their racial identity and ultimately overturns the passing trope that has dominated so much Americanist scholarship and social thought about the relationship between race and social and political transformation in the nineteenth and twentieth centuries

Youth Jon N. Hale, 2022-11-29 The story of activist youth in America is usually framed around the Vietnam War the counterculture and college campuses focusing primarily on college students in the 1960s and 1970s But a remarkably effective tradition of Black high school student activism in the civil rights era has gone understudied In 1951 students at R R Moton High School in rural Virginia led a student walkout and contacted the law firm of Hill Martin and Robinson in Richmond Virginia to file one of the five pivotal court cases that comprised the Brown v Board of Education decision In 1960 twenty four Burke High School students in Charleston South Carolina organized the first direct action nonviolent protest in the city at the downtown S H Kress department store Months later in the small town of McComb Mississippi an entire high school walked out in protest of the conviction of a student who sat in on a local Woolworth lunch counter in 1961 guiding the agenda for the historic Freedom Summer campaign of 1964 A New Kind of Youth brings high school activism into greater focus illustrating how Black youth supported liberatory social and political movements and inspired their elders across the South

God's Long Summer Charles Marsh, 2024-08-06 In the summer of 1964 the turmoil of the civil rights movement reached its peak in Mississippi with activists across the political spectrum claiming that God was on their side in the struggle over racial justice This was the summer when violence against blacks increased at an alarming rate and when the murder of three civil rights workers in Mississippi resulted in national media attention Charles Marsh takes us back to this place and time when the lives of activists on all sides of the civil rights issue converged and their images of God clashed He weaves their voices into a gripping narrative a Ku Klux Klansman for example borrows fiery language from the Bible to link attacks on blacks to his priestly calling a middle aged woman describes how the Gospel inspired her to rally other African Americans to fight peacefully for their dignity a SNCC worker tells of harrowing encounters with angry white mobs and his pilgrimage toward a new racial spirituality called Black Power Through these emotionally charged stories Marsh invites us to consider the civil rights movement anew in terms of religion as a powerful yet protean force driving social action The book's central figures are Fannie Lou Hamer who worked for Jesus in civil rights activism Sam Bowers the Imperial Wizard of the White Knights of the Ku Klux Klan of Mississippi William Douglas Hudgins an influential white Baptist pastor and unofficial theologian of the closed society Ed King a white Methodist minister and Mississippi native who campaigned to integrate Protestant congregations and Cleveland Sellers a SNCC staff member turned black militant Marsh focuses on the events and religious convictions that led each person into the political upheaval of 1964 He presents an unforgettable American social

landscape one that is by turns shameful and inspiring In conclusion Marsh suggests that it may be possible to sift among these narratives and lay the groundwork for a new thinking about racial reconciliation and the beloved community He maintains that the person who embraces faith's life affirming energies will leave behind a most powerful legacy of social activism and compassion *A Black Physician's Struggle for Civil Rights* Florence Ridlon,2020-06 Biography of Edward Mazique respected physician contemporary of Martin Luther King Jr and influential Civil Rights activist in Washington D C
