Origins Of Christs New Covenant:

Origins of Christ's New Covenant Alfred D. Holcombe, Suzanne M. Holcombe, 2003 When the Bible's symbolic codes are broken intricately woven spiritual threads are unveiled linking the biblical first and last Adam through a sequential system of reincarnation Among other revelatory divulgences is the rather astonishing fact that angelic figures referred to as morning stars entered into the earth plane in the beginning with Adam before His final appearance as Jesus of Nazareth to implement His New Covenant That many of these stars have since repeatedly manifested here through the ages inspires the rhetorical question Were you here in the beginning when the morning stars sang together and all the Sons of GOD shouted for joy Job 38 7

The Origin of Paul's Gospel Seyoon Kim, 2007-04-01 In answer to Pauline scholarship that tends to explain the origin of Paul's gospel in Palestinian Judaism Hellenistic Judaism mystery cults or Gnosticism Seyoon Kim here argues that the origin lies in Paul's own testimony that he received the gospel from the revelation of Jesus Christ on the Damascus road Only when this insistence of Paul is taken seriously says Kim can we really understand Paul and his theology Kim begins his investigation of Paul's interpretation of the Damascus event by examining Paul's Rabbinic background He then takes a more detailed look at just what occurred on the Damascus road and follows this with a thorough discussion of Paul's gospel the revelation its Christology and its soteriology keeping in mind at all times how it relates to the Damascus event

The Origin and Meaning of Ekklēsia in the Early Jesus Movement Ralph J. Korner, 2017-06-06 In *The Origin and Meaning of Ekklēsia* in the Early Jesus Movement Ralph J. Korner explores the ideological implications of Christ follower associations self-designating collectively as ekklēsiai Politically Korner's inscriptional research suggests that an association named ekklēsia would have been perceived as a positive rather than as a counter-imperial participant within Imperial Greek cities Socio-religiously Korner argues that there was no universal ekklēsia to which all first-generation Christ followers belonged ekklēsia was a permanent group designation used by Paul's associations Ethno-religiously Korner contends that ekklēsia usage by intra-muros groups within pluriform Second Temple Judaism problematizes suggestions not least at the institutional level that Paul was parting ways with Judaism's Jewishness or Jewish organizational forms

The Holy Spirit and Christian Origins

Graham Stanton, Bruce W. Longenecker, Stephen C. Barton, 2004-11-04 Anyone who is interested in the rigorous study of early Christianity and who has not engaged with the works of James D. G. Dunn is not really interested in the rigorous study of early Christianity No one would dispute that Professor Dunn is one of the most prolific New Testament scholars of the late twentieth and early twenty-first centuries And while a handful of scholars might have a list of publications to rival his own extensive publications list none of them could claim to have set the agenda of scholarly study to the extent that Jimmy Dunn has done for a sustained period of time since the 1970s *The Holy Spirit and Christian Origins* comprises a selection of original essays that explore a topic that has held a prominent and distinctive place in the majority of Professor Dunn's publications Written by twenty-seven leading scholars this singular volume probes deep into the nascent Christian

communities and their writings and investigates the early Christians convictions concerning the Holy Spirit Ranging widely through Scripture and across early church history many of these essays introduce groundbreaking research in biblical studies and some engage directly with Dunn s work in the field Presenting some of the best new work in New Testament studies as well as celebrating a respected career *The Holy Spirit and Christian Origins* will help to stimulate further discussion and reflection in the theological academy and in the Christian church two sectors that Jimmy Dunn has consistently and passionately sought to straddle nurture and refresh Contributors Robert Banks John M G Barclay Richard Bauckham Peder Borgen David Catchpole Gordon D Fee Victor Paul Furnish Beverly Roberts Gaventa Joel B Green Morna D Hooker Robert Jewett Hermann Lichtenberger Bruce W Longenecker Ulrich Luz I Howard Marshall Scot McKnight R W L Moberly Robert Morgan J Lionel North Graham N Stanton Loren T Stuckenbruck Peter Stuhlmacher Anthony C Thiselton Marianne Meye Thompson Paul Trebilco Max Turner Alexander J M Wedderburn

Jesus and His Death Scot McKnight,2005 Recent scholarship on the historical Jesus has rightly focused upon how Jesus understood his own mission But no scholarly effort to understand the mission of Jesus can rest content without exploring the historical possibility that Jesus envisioned his own death In this careful and far reaching study Scot McKnight contends that Jesus did in fact anticipate his own death that Jesus understood his death as an atoning

sacrifice and that his death as an atoning sacrifice stood at the heart of Jesus own mission to protect his own followers from the judgment of God

In Defense of the Faithful C. DeVolld,2006-12 In Defense of the Faithful The Scriptural Truth of Catholicism was written as an aggressive defense of the Catholic Faith It explores the foundations and historic origins of Catholic doctrine from an evangelical fundamentalist and reformed Protestant point of view It offers the teachings of the Church in common language then defends the position with scriptural quotations from throughout the Holy Bible It then quotes the Catechism formal teaching doctrine of the Catholic Church offering a factual presentation of what the Church actually teaches rather than what many people think it teaches In doing so it is critical not only of Protestantism but some aspects of Catholicism in practice as well It credits and praises both groups of Christians as being believers dedicated to Jesus and the Trinity while pointing out the mutual failures of both groups It is a thought provoking examination of Catholic doctrine practice theology and ethics from a biblical viewpoint and is not afraid to point fingers at all parties involved in greater Christianity

Christ, History and Apocalyptic Nathan R. Kerr,2008-10-13 This book offers a comprehensive reflection on what it means that Christians claim that Jesus is Lord by engaging in a defense of Christian apocalyptic as the criterion for evaluating the truth of history and of history s relation to the transcendent political reality that theology calls the Kingdom of God The heart of this work comprises an original genealogical analysis of twentieth century theological encounters with the modern historicist problematic through a series of critical engagements with the work of Ernst Troeltsch Karl Barth Stanley Hauerwas and John Howard Yoder Bringing these thinkers into conversation at key points with the work of Walter Benjamin Carl Schmitt John Milbank and Michel de Certeau among others this genealogy analyzes and exposes the ideologically Constantinian assumptions shared by both modern liberal and contemporary post liberal accounts of Christian politics and mission On the basis of a rereading of John Howard Yoder s place within this genealogy the author outlines an alternative apocalyptic historicism which conceives the work of Christian politics as a mode of subversive missionary encounter between church and world The result is a profoundly original vision of history that at once calls for and is empowered by a Christian apocalyptic politics in which the ideologically reductionist concerns for political effectiveness and productivity are surpassed by way of a missionary praxis of subversion and liberation rooted in liturgy and doxology

Trinity in History, Volume Two Robert M. Doran,2019-04-17

The second volume of Robert M Doran s magisterial *The Trinity in History* continues his exploration of the Trinitarian theology of Bernard Lonergan focusing now on the notions of relations and persons and connecting the systematic proposals with the so called Third Quest for the Historical Jesus Doran not only interprets Lonergan s major work in Trinitarian theology and Christology but also suggests at least a twofold advance a new version of the psychological analogy for understanding Trinitarian doctrine and a new starting point for the whole of systematic theology He links these theological concerns with Ren Girard s mimetic theory proposes a theory of history based in Lonergan s scale of values and creates a link

between exegetical and historical scholarship and systematic theology *Origin of the holy Scriptures; their progress, transmission [&c.], 1864*

Politics after Christendom David VanDrunen, 2020-04-21 For more than a millennium beginning in the early Middle Ages most Western Christians lived in societies that sought to be comprehensively Christian ecclesiastically economically legally and politically That is to say most Western Christians lived in Christendom But in a gradual process beginning a few hundred years ago Christendom weakened and finally crumbled Today most Christians in the world live in pluralistic political communities And Christians themselves have very different opinions about what to make of the demise of Christendom and how to understand their status and responsibilities in a post Christendom world

Politics After Christendom argues that Scripture leaves Christians well equipped for living in a world such as this Scripture gives no indication that Christians should strive to establish some version of Christendom Instead it prepares them to live in societies that are indifferent or hostile to Christianity societies in which believers must live faithful lives as sojourners and exiles

Politics After Christendom explains what Scripture teaches about political community and about Christians responsibilities within their own communities As it pursues this task **Politics After Christendom** makes use of several important theological ideas that Christian thinkers have developed over the centuries These ideas include Augustine's Two Cities concept the Reformation Two Kingdoms category natural law and a theology of the biblical covenants **Politics After Christendom** brings these ideas together in a distinctive way to present a model for Christian political engagement In doing so it interacts with many important thinkers including older theologians e.g. Augustine Aquinas and Calvin recent secular political theorists e.g. Rawls Hayek and Dworkin contemporary political theologians e.g. Hauerwas O'Donovan and Wolterstorff and contemporary Christian cultural commentators e.g. MacIntyre Hunter and Dreher

Part 1 presents a political theology through a careful study of the biblical story giving special attention to the covenants God has established with his creation and how these covenants inform a proper view of political community Part 1 argues that civil governments are legitimate but penultimate and common but not neutral It concludes that Christians should understand themselves as sojourners and exiles in their political communities They ought to pursue justice peace and excellence in these communities but remember that these communities are temporary and thus not confuse them with the everlasting kingdom of the Lord Jesus Christ Christians ultimate citizenship is in this new creation kingdom

Part 2 reflects on how the political theology developed in Part 1 provides Christians with a framework for thinking about perennial issues of political and legal theory Part 2 does not set out a detailed public policy or promote a particular political ideology Rather it suggests how Christians might think about important social issues in a wise and theologically sound way so that they might be better equipped to respond well to the specific controversies they face today These issues include race religious liberty family economics justice rights authority and civil resistance After considering these matters Part 2 concludes by reflecting on the classical liberal and conservative traditions as well as recent challenges to them by nationalist and progressivist movements
