

A woman wearing a grey hijab is seen from the side, looking out over a vast, misty landscape. The background is filled with dense green trees and foliage, with a layer of mist or fog hanging over the valley. The sky is overcast and grey. The overall mood is contemplative and serene.

Orphans Of Islam:

Orphans of Islam Jamila Bargach, 2002-02-26 *Orphans of Islam* portrays the abject lives and excluded body of abandoned and bastard children in contemporary Morocco while critiquing the concept and practice of adoption which too often is considered a panacea Through a close and historically grounded reading of legal social and cultural mechanisms of one predominantly Islamic country Jamila Bargach shows how the surplus bastard body is created by mainstream society Written in part from the perspectives of the children and single mothers intermittently from the view of adopting families and employing bastardy as a haunting and empowering motif with a potentially subversive edge this ethnography is composed as an intricate open ended and arabesque like evocation of Moroccan society and its state institutions It equally challenges received sociological and anthropological tropes and understandings of the Arab world *Ethics in Islam* Behruz

Married to Islam M. F. Sawyer,Dalia Shah,2007-05 Dalia Shah was a European who converted to Islam Then she met and married an Arab European Moslem At first things went well but things changed Religious differences cultural problems and her husband s depression all hurt her marriage and their children This book tells of her early life and her dissatisfaction with Christianity in her home country We share her travels abroad as a young woman including a trip to Israel where she learned

about Judaism We also learn of her early studies of Buddhism It was the Islam of the Koran that caught her though Except the Islam she thought she had joined is not that of the Koran Instead it is something skewed by people for very selfish ends It is especially hurtful for women Dalia reveals the secrets of the Marriage Contract which properly done gives the spouse ensured child property and divorce rights along with freedom of travel The events of 9 11 absolutely effected her marriage Her perspectives as a Christian born European Islamic woman to the War on Terror and the terrorists themselves are another very interesting part of Married To Islam Surprises abound here This is a book from which Christians Moslems and Jews can all gain a new understanding Any persons thinking of marrying an Islamic person should absolutely read this the Marriage Contract information alone makes it utterly worthwhile It was wonderful to work with Dalia To keep such a positive spirit after all she has endured sometimes I think she has the patience of a saint M F Sawyer Coauthor Reading this book I got to where I couldn t wait to find out what was going to happen next Rebecca McDonald Islam Cenap Çakmak,2017-05-18 This expansive four volume encyclopedia presents a broad introduction to Islam that enables learning about the fundamental role of Islam in world history and promotes greater respect for cultural diversity One of the most popular and widespread religions in the world Islam has attracted a great deal of attention in recent times particularly in the Western world With the ongoing tensions in the Middle East and a pervasive sense of hostility toward Arab Americans there is ever increasing need to examine and understand Islam as a religion and historical force Islam A Worldwide Encyclopedia provides some 700 entries on Islam written by expert contributors that cover the religion from the birth of Islam to the present time The set also includes 16 pages of color images per volume that serve to illustrate the diverse expressions of this important religious tradition Each entry begins with a basic introduction followed by a general discussion of the subject and a conclusion Each entry also features a further readings list for readers In addition to supplying a comprehensive authoritative overview of Islam this work also specifically addresses many controversial related issues including jihad violence in Islam polygamy and apostasy *The Position of Women in Islam* Mohammad Ali Syed,2012-02-01 Challenging the conservative framers of Islamic law who accorded a lesser status to women Mohammad Ali Syed argues that the Quran and the Hadith the two primary sources of Islamic law actually place Muslim women on the same level as Muslim men Syed provides an overview of both sources and explores their respective roles in Islamic law emphasizing the Quran s role as the supreme authority and questioning the authenticity of some of the alleged sayings of the Prophet Muhammad pbuh From these texts he elaborates women s rights in a variety of areas including treatment by God marriage divorce financial provisions and custody of children coming out of seclusion purdah and taking part in social economic legal and political activities Rather than presenting what is practiced today the book covers the theoretical position of Muslim women as sanctioned by the Quran and the authentic Hadith and offers a glimpse of the exalted position of honor and dignity enjoyed by Muslim women in the early days of Islam This well researched book is made more distinctive by the author s personal experience Raised in

Bengal India Syed was inspired by his family who valued men and women equally As he grew up Syed realized that most Muslim women lived very differently than the women of his family According to the author his family was egalitarian because his father and male relatives were not only devout Muslims but also very knowledgeable about Islam This book is a culmination of his lifelong concern for women s rights under Islam
