Pleasures Of Peace:

The Pleasures of Peace Kenneth Koch, 1959 **Pleasure and the Good Life** Fred Feldman, 2004-03-25

Fred Feldman's fascinating new book sets out to defend hedonism as a theory about the Good Life. He tries to show that when carefully and charitably interpreted, certain forms of hedonism yield plausible evaluations of human lives. Feldman begins by explaining what we mean when we ask what the Good Life is. He argues that this should not be taken to be a question about the morally good life or about the beneficial life. Rather, the question concerns the general features of the life that is good in itself for the one who lives it. Hedonism says roughly that the Good Life is the pleasant life. After showing that the usual formulations of hedonism are often confused or incoherent, Feldman presents a simple, clear, coherent form of sensory hedonism that provides a starting point for discussion. He then considers a webalogue of classic objections to hedonism coming from sources as diverse as Plato, Aristotle, Brentano, Ross, Moore, Rawls, Kagan, Nozick, Brandt, and others. One of Feldman's central themes is that there is an important distinction between the forms of hedonism that emphasize sensory pleasure and those that emphasize attitudinal pleasure. Feldman formulates several kinds of hedonism based on the idea that attitudinal pleasure is the Good. He claims that attitudinal forms of hedonism, which have often been ignored in the literature, are worthy of more careful attention. Another main theme of the book is the plasticity of hedonism. Hedonism comes in many forms. Attitudinal hedonism is especially receptive to variations and modifications. Feldman illustrates this plasticity by formulating several variants of attitudinal hedonism and showing how they evade some of the objections. He also shows how it is possible to develop forms of hedonism that are equivalent to the allegedly anti-hedonistic theory of G. E. Moore and the Aristotelian theory according to which the Good Life is the life of virtue or flourishing. He also formulates hedonisms relevantly like the ones defended by Aristippus and Mill. Feldman argues that a carefully developed form of attitudinal hedonism is not refuted by objections concerning the shape of a life. He also defends the claim that all of the alleged forms of hedonism discussed in the book genuinely deserve to be called hedonism. Finally, after dealing with the last of the objections, he gives a sketch of his hedonistic vision of the Good Life.

Peace AiR - Atman in Ravi, 2020-10-31

We human beings are enveloped in deep darkness of ignorance. We seek Peace of mind, but we don't realize that Peace is not an external thing. It is our original state. It is our own mind that steals our Peace by constantly jumping from thought to thought. It craves and desires, and we lose our Peace. Unless we tame the Monkey Mind and make it into a Monk, we will never be able to experience true Bliss. This book will show us the way.

The A to Z of Happiness AiR - Atman in Ravi, Who doesn't want to be happy? We all enjoy pleasure, but we think that it is bliss. Pleasure is only momentary. It is ephemeral. Little do we realize that we can be eternally happy, and there is a way to it. The A to Z of Happiness is a collection of happiness secrets that is guaranteed to take us to the ultimate peak of happiness where there is no suffering, no misery, no sorrow. There is a way, a way to eternal bliss and joy that comes from Truth Consciousness. And this book will lead you to it. Get ready to smile all the while as you discover the A to Z of Happiness.

On Peace and Happiness Sir John Lubbock, 1909 **Peace in the Buddha's Discourses** Dennis Candy, 2008-12-01 The Buddha's discourses as recorded in the Pali Canon contain many references to the value of *santi* or peace at both the personal and social levels. The extracts have been selected with the aim of covering the whole range of references to peace in the Pali discourses from the individual's inner mental state through everyday social actions to social and governmental levels. The extracts are linked by discussions and comments aimed at clarifying the practical implications of the Buddha's teachings.

Back cover **Peace, Value, and Wisdom** George David Miller, 2021-11-22 This book introduces readers to the Buddhist based philosophy of education of Daisaku Ikeda. Ikeda's philosophy of education offers human revolution, value creation and dialogue as counterweights to the violence lurking in today's classrooms. Where education becomes wisdom based, it transforms learners into keen assessors of their inner lives and establishes a foundation for global citizenship.

Emotion and Peace of Mind Richard Sorabji, 2000-08-24 Richard Sorabji presents a ground breaking study of ancient Greek views of the emotions and their influence on subsequent theories and attitudes, pagan and Christian. The key questions are ones that concern everyone: what is emotion and how does one cope with one's own emotions and establish peace of mind? The central focus of the book is the Stoics, but Sorabji draws on a vast range of texts to give a rich historical survey of how Western thinking about this central aspect of human nature developed. The result is a magisterial work of scholarship which will be fascinating for anyone with an interest in the emotions from a historical or contemporary perspective.

Attaining Inner Peace in Islam Zuleyha Keskin, 2021-08-20 This book discusses inner peace from an Islamic theological and spiritual perspective, the writings of Said Nursi, a twentieth century Muslim scholar. Inner peace is a topic of great interest in the world at present. While happiness and mental health have been extensively discussed from a psychological and sociological perspective and while inner peace has been written about from various religious viewpoints, there is very little scholarly work on inner peace from an Islamic theological and spiritual perspective. This book addresses this significant gap. With Islam being the second largest religion in the world, this book provides an important contribution to the literature on a faith tradition which is followed by so many. In addressing the intersection between Islam, spirituality and psychology, this book makes an original contribution to the literature on modern Islamic thinkers like Nursi and to the broader fields of Islamic studies and theology, philosophy and well being studies.

The AiR Philosophy of Life AiR - Atman in Ravi, A philosophy is a way of living, life, a paradigm, a mindset. We all need a philosophy to live with so that we can understand what life is and make the most of it. Life is a precious gift. It is not meant to be lived like a circus. We are not meant to live like a clown jumping up and down. There is a purpose to life and we must discover the purpose of life. The AiR Philosophy of Life will help you do just that. The AiR Philosophy of Life is a simple and practical way of living life. It will help you overcome the trauma of life as you realize that life is Karma and ultimately nothing but a drama. You will discover the secret to true Happiness. You will realize the truth which will pave the way for you to live a life of Peace, Love and Bliss. Are you ready to adopt and live with this
