Lindsey Hughes

Russia Under Peter The Great:

Russia Under Peter the Great Voltaire, 1983 History from the Russian perspective a generally favorable biographical approach *The History of Peter the Great* Voltaire, 2014-09-01 French Enlightenment thinker Voltaire saw much to admire in Russian emperor Peter the Great Most significantly Voltaire admired Peter's tireless efforts to drag Russia from its medieval mindset and thrust it into an age of rationality This exhaustive biography focuses more on Peter's philosophy and values than his wartime exploits *Russia in the Age of Peter the Great* Lindsey Hughes, 2000-01 Named one of the Best Nonfiction Books of 1998 by the Los Angeles Times Book Review this magisterial volume is a history of Peter the Great and the Russia he governed **The History of Peter the Great, Emperor of Russia** Voltaire, 2021-05-18 In The History of Peter the Great Emperor of Russia Voltaire presents a nuanced and engaging narrative that traverses the life of one of history's most influential monarchs Written in the Enlightenment style the book employs a blend of anecdote satire and historical analysis to examine Peter's reforms military conquests and the transformative ambitions that reshaped Russia into a European power Voltaire's characteristic wit and eloquence illuminate the complexities of Peter's character and his drive to modernize his empire against a backdrop of superstitions and traditionalism effectively situating the work within contemporary debates about governance and progress Voltaire a luminary of the Enlightenment was deeply influenced by the prevailing philosophies of rationality empiricism and human rights His experiences in the courts of Europe and sharp critiques of arbitrary rule undoubtedly informed his portrayal of Peter the Great as the author grappled with the delicate balance between autocratic power and the aspirations of modernity Having witnessed the upheaval of the French court Voltaire cleverly juxtaposes despotism with Enlightenment ideals inviting readers to reflect on the nature of authority This compelling biography is not only a historical account but also a timeless reflection on leadership and governance Recommended for scholars and general readers alike Voltaire's work offers profound insights into the ambition and complexities of one man's vision for an empire deftly intertwining historical rigor with philosophical inquiry **History of the empire of Russia under Peter the Great. pt. 2** Voltaire, 1780 *The Reforms of Peter the Great* Evgenii Viktorovich Anisimov, 1993 Aims to provide an exciting and psychologically penetrating account of the life of Russia's 18th century tsar reformer and the theme of progress through violence in Russia **Readings in Russian Civilization Volume II** Thomas Riha, 2009-02-15 This new and enlarged version of Readings in Russian Civilization is the result of fairly extensive revisions There are now 72 instead of 64 items 20 of the selections are new The first volume has undergone the least change with 3 new items of which 2 appear in English for the first time In the second volume there are 6 new items all of them appear in English for the first time The third volume has undergone the greatest revision with 11 new items of which 6 are newly translated from the Russian It is the editor's hope that items left out in the new edition will not be sorely missed and that the new selections will turn out to be useful and illuminating The aim throughout has been to cover areas of knowledge and

periods which had been neglected in the first edition and to include topics which are important in the study of the Russian past and present The bibliographical headnotes have been enlarged with the result that there are now approximately twice as many entries as in the old edition New citations include not only works which have appeared since 1963 but also older books and articles which have come to the editor s attention From the Editor s Preface a judicious combination of seminal works and more recent commentaries that achieves the editor s purpose of stimulating curiosity and developing a point of view C Bickford O Brien The Russian Review These three volumes cover quite well the main periods of Russian civilization The choice of the articles and other material is made by a competent and unbiased scholar Ivan A Lopatin Professor of Asian and Slavic Studies University of Southern California *Modernization of Russia Under Peter I and Catherine II*. Basil Dmytryshyn,1974 The Image of Peter the Great in Russian History and Thought Nicholas Valentine Riasanovsky,1992 The image of Peter the Great Tsar of Russia from 1689 to 1725 has been a central theme of Russian history art and literature This study draws on Russian historical accounts folklore and the arts to demonstrate how the image of Peter has reflected the changing cultural values of Russian people The History of the Empire of Russia Under Peter the Great Voltaire,1780
