Russian Foreign Policy 1994-1998 Charting An Independent Course:

Russian Foreign Policy, 1994-1998 Gordon Livermore, 1998 *Russian civil-military relations and the origins of the second Chechen war* Sz&aszdi, Lajos F., 2008-08-29 This book has relevance for those interested in understanding Russia's course in international relations under the leadership of Vladimir Putin. This book will inform the reader and is especially relevant in light of the events of 2008 in the Caucasus and the war in Georgia in particular. The author explains the ideology of Neo Eurasianism which in turn inspires the policy thinking of the Kremlin. Also studied is Putin's origins in the KGB from the previous posts of Secretary of the Security Council and Director of the FSB and his rise to power in the crucial year of 1999 when he became Russian Prime Minister. The author highlights the continuing trend of appointing high ranking officers of the Russian intelligence community to senior positions in the government studying this in the context of Russian civil military intelligence relations. The author reached the conclusion back in 2003 that the members of Russian intelligence hold the reins of power above the civilian and military elements of the Russian government. The author returns to the Kosovo Crisis of 1999 discussing also the motives that led the Kremlin and Putin to invade Chechnya for a second time in a decade. Parallels can be drawn to the 2008 Russian invasion of Georgia and the roots of the Neo Eurasianist ideology that is behind the two invasions are examined. This book will help the reader understand Russia's current and future distribution of power in the Caucasus, the Balkans and the world at large. Moscow's search for a multipolar world and its opposition to U.S. hegemony *Cold Peace* Janusz Bugajski, 2004-11-30 The Russian regime under President Vladimir Putin has embarked on a coherent long term strategy to regain its influence over former satellites and to limit Western penetration in key parts of this region. Moscow is intent on steadily rebuilding Russia as a major power on the Eurasian stage and will use its neighbors as a springboard for expanding its dominance. In this first systematic analysis detailing Russia's post Cold War imperialism Bugajski challenges the contemporary equivalent of Cold War appeasement which views Russia as a benign and pragmatic power that seeks cooperation and integration with the West The Current Digest of the Post-Soviet Press , 2001
