The Russian Landed Gentry and the Peasant Emancipation of 1861 Terence Emmons, 1989 **The Russian Landed Gentry and the Peasant Emancipation of 1861** Terence LeRoy Emmons, 1966 Imperial Russia Jane Burbank, David L. Ransel, 1998-09-22 On the basis of the work presented here one can say that the future of American scholarship on imperial Russia is in good hands American Historical Review innovative and substantive research The Russian Review Anyone wishing to understand the state of the field in Imperial Russian history would do well to start with this collection Theodore W Weeks H Net Reviews The essays are impressive in terms of research conceptualization and analysis Slavic Review Presenting the results of new research and fresh approaches the historians whose work is highlighted here seek to extend new thinking about the way imperial Russian history is studied and taught Populating their essays are a varied lot of ordinary Russians of the 18th and 19th centuries from a luxury loving merchant and his extended family to reform minded clerics and soldiers on the frontier In contrast to much of traditional historical writing on Imperial Russia which focused heavily on the causes of its demise the contributors to this volume investigate the people and institutions that kept Imperial Russia functioning over a long period of time *States and Social Revolutions* Theda Skocpol, 2015-09-29 State structures international forces and class relations Theda Skocpol shows how all three combine to explain the origins and accomplishments of social revolutionary transformations Social revolutions have been rare but undeniably of enormous importance in modern world history States and Social Revolutions provides a new frame of reference for analyzing the causes the conflicts and the outcomes of such revolutions It develops a rigorous comparative historical analysis of three major cases the French Revolution of 1787 through the early 1800s the Russian Revolution of 1917 through the 1930s and the Chinese Revolution of 1911 through the 1960s Believing that existing theories of revolution both Marxist and non Marxist are inadequate to explain the actual historical patterns of revolutions Skocpol urges us to adopt fresh perspectives Above all she maintains that states conceived as administrative and coercive organizations potentially autonomous from class controls and interests must be made central to explanations of revolutions *Russia's Great Reforms, 1855-1881* Ben Eklof, John Bushnell, Larissa Zakharova, 1994-06-22 The Great Reforms undertaken during the reign of Alexander II represented a unique attempt by the tsarist government to restructure virtually every aspect of Russian life beginning with the emancipation of the serfs and continuing through reforms of local government the judiciary the military education the financial system censorship and other domains This volume the work of an international group of scholars that includes historians from Russia maps out the major landmarks in the conceptualization and implementation of the Great Reforms during the reign of Alexander II and proposes a variety of perspectives from which to view them From publisher's description **The Great Rumanian Peasant Revolt of 1907** Philip Gabriel Eidelberg, 1974 *Russia, the Roots of Confrontation* Robert Vincent Daniels, 1985 This book examines the historical contrasts between East and West and elucidates the Russian enigma It springs from the thesis that

Russia's national character and its international relations can be understood only in light of the traumas and triumphs, privation and privileges that the country weathered under the tsars and the Soviets Russian Writers and Society in the Nineteenth Century Ronald Hingley, 2021-06-15 This book first published in 1977 begins with a close look at the lives of nineteenth century Russian writers and at the problems of their profession. It then examines their environment in its broader aspects: the Russian empire being considered from the point of view of geography, ethnography, economics, and the impact of individual Tsars on writers and society. A discussion of the main social estates follows, and concluding is an analysis in their literary context of the activities of the competing forces of cohesion and disruption in imperial society: the civil service, law, courts, police, army, schools, universities, press, censorship, revolutionaries and agitators. This book makes possible a fuller understanding of the works of Pushkin, Dostoyevsky, Chekhov, and the other great Russian writers Imperial Russia's Jewish Question, 1855-1881 John Doyle Klier, 2005-11-17 John Klier examines Russian public opinion on the Jewish Question in the Russian Empire during a period of sweeping social and political reform. He studies the manner in which public opinion influenced and was influenced by state policy towards the Jews and traces the roots of modern antisemitism throughout Eastern Europe **California Slavic Studies** Nicholas V.
