Eisenstein on the Audiovisual Robert Robertson, 2011-03-24 The pioneering film director and theorist Sergei Eisenstein is known for the unequalled impact his films have had on the development of cinema Less is known about his remarkable and extensive writings which present a continent of ideas about film Robert Robertson presents a lucid and engaging introduction to a key area of Eisenstein's thought his ideas about the audiovisual in cinema which are more pertinent today than ever before With the advent of digital technology music and sound now act as independent variables combined with the visual medium to produce a truly audiovisual result Eisenstein explored in his writings this complex exciting subject with more depth and originality than any other practitioner and this is an accessible and original exploration of his ideas Winner of the Kraszna Krausz Foundation's And Or Award for Best Moving Image Book of 2009 *Eisenstein on the Audiovisual* is essential reading for students and practitioners of the audiovisual in cinema and related audiovisual forms including theatre opera dance and multimedia

The Eisenstein Reader Sergei Eisenstein, 2019-07-25 For the first time in one volume this book presents in concise chronological form Sergei Eisenstein's most significant work including his famous theories of montage and articles on subjects as diverse as sound film language

and Russian history The selection ranges from early writings on his silent masterpieces *The Strike* *October* and *The Battleship Potemkin* to later works hatched in the hostile and paranoid environment of Stalin's Soviet Union Drawn from the acclaimed four volume *Selected Works* this collection which includes a new introduction and explanatory notes by Richard Taylor as well as many illustrations further illuminates the startling originality diversity and power of the greatest and most flamboyant of all Russian film makers Legendary director Sergei Eisenstein has emerged as cinema's most influential theorist and author of some of the most important aesthetic writings of the twentieth century

Modernism, Media, and Propaganda Mark Wollaeger, 2008-09-15 Though often defined as having opposite aims means and effects modernism and modern propaganda developed at the same time and influenced each other in surprising ways The professional propagandist emerged as one kind of information specialist the modernist writer as another Britain was particularly important to this double history By secretly hiring well known writers and intellectuals to write for the government and by exploiting their control of new global information systems the British in World War I invented a new template for the manipulation of information that remains with us to this day Making a persuasive case for the importance of understanding modernism in the context of the history of modern propaganda *Modernism Media and Propaganda* also helps explain the origins of today's highly propagandized world *Modernism Media and Propaganda* integrates new archival research with fresh interpretations of British fiction and film to provide a comprehensive cultural history of the relationship between modernism and propaganda in Britain during the first half of the twentieth century From works by Joseph Conrad to propaganda films by Alfred Hitchcock and Orson Welles Mark Wollaeger traces the transition from literary to cinematic propaganda while offering compelling close readings of major fiction by Virginia Woolf Ford Madox Ford and James Joyce

After Kubrick Jeremi Szaniawski, 2020-02-20 Taking at its starting point the idea that Kubrick's cinema has constituted an intellectual cerebral and philosophical maze in which many filmmakers as well as thinkers and a substantial fringe of the general public have gotten lost at one point or another this collection looks at the legacy of Kubrick's films in the 21st century The main avenues investigated are as follows a look at Kubrick's influence on his most illustrious followers Paul Thomas Anderson the Coen Brothers Christopher Nolan Ridley Scott and Lars von Trier to name a few Kubrick in critical reception Kubrick in stylistic camera movements set designs music thematic artificial intelligence new frontiers large and small aesthetic the question of genre pastiche stereoscopy and political terms paranoia democracy and secret societies conspiracy theories The contributions coalesce around the concept of a Kubrickian substrate rich and complex which permeates our Western cultural landscape very much to this day informing and sometimes announcing reflecting it in twisted ways 21 years after the director's death

Theorising National Cinema Valentina Vitali, Paul Willemen, 2019-07-25 Why do we think of clusters of films as national cinema Why has the relationship between the nation and film become so widely and uncritically accepted *Theorising National Cinema* is a major contribution to work on national cinema by many of the leading scholars in the field It addresses

the knotty and complex relationship between cinema and national identity showing that the nationality of a cinema production company and the films that its made have not always been seen as pertinent The volume begins by reviewing and rethinking the concept of national cinema in an age of globalisation and it goes on to chart the parallel developments of national film industries and the idea of a nation state in countries as diverse as Japan South Korea Russia France and Italy The issues of a national cinema for nation states of contested status with disputed borders or displaced peoples is discussed in relation to film making in Taiwan Ireland and Palestine The contributors also consider the future of national cinema in an age of trans national cultural flows exploring issues of national identity and cinema in Latin America Asia the Middle East India Africa and Europe Theorising National Cinema also includes a valuable bibliography of works on national cinema

Eisenstein Rediscovered Ian Christie, Professor Richard Taylor, Richard Taylor, 2005-06-28 Offers important new perspectives for reinterpreting Russian culture of the Soviet period presenting an unparalleled diversity of views and methodologies together with two newly discovered texts by Eisenstein **The Routledge Companion to Film History** William Guynn, 2010-09-13 The Routledge Companion to Film History is an indispensable guide for anyone studying film history for the first time Incorporating a series of 11 introductory critical essays on key subject areas with a dictionary of key names and terms it serves to introduce the reader to the field of film history in a comprehensive and well rounded manner

Explorations in Cinema through Classical Indian Theories Gopalan Mullik, 2020-06-26 This book explores cinema and film theory through classical Indian theories While non Western philosophies have largely been ignored by existing paradigms Gopalan Mullik responds through an interrogation of how audio visual images are processed by the audiences at the basic level of their being outside of Western experience In the process this book moves away from the heavily Eurocentric film discourse of today while also detailing how this new platform for understanding cinema at the most basic level of its meaning can build upon existing film theories rather than act as a replacement for them
