Baumeister, 2001 Presents a selected group of influential articles dealing specifically with the social aspects of sexuality topics covered include differences between male and female sexuality virginity harassment rape and coercion and jealousy If You Seduce a Straight Person, Can You Make Them Gay? John Dececco, Phd, John Patrick Elia, 2014-05-01 The debate on whether or not people are born homosexual biological essentialist theory or become homosexual during the course of their lives social constructionist theory continues as each side claims to prove the truth through research and clinical findings This breakthrough book shows the fissures in concepts of the gay and lesbian identity and the one sidedness of both biological essentialist and social constructionist versions of both sexual and gender identity The editors present an alternative view sexual and gender expression is a product of complementary biological personal and cultural influences in If You Seduce a Straight Person Can You Make Them Gay Through theoretical analysis ethnographic and empirical data and case studies the editors show how the one sidedness of both biological essentialist and social constructionist versions of sexual and gender identity make it difficult if not impossible to conceptually determine the origin of an individual's sexual expression This thought provoking book covers many topics that are sure to cause readers to re evaluate their thinking about the origins of gay and lesbian identity Among the topics examined with this fresh perspective are Childhood Cross Gender Behavior and Adult Homosexuality Gay and Lesbian Teachers and Coming Out Homosexuality Marriage Fidelity and the Gay Community Case of Gay Husbands Can Seduction Make Straight Men Gay Gay and Lesbian Identities in Non industrialized Societies Surinam Dutch New Guinea Turkey Nicaragua and Argentina Political Economic Construction of Gay Male Identities Readers will clearly see that the controversy over the being born gay or becoming gay debate is far from resolved From the beginning the book explores how human beings are less constrained by biology than many would like to believe Social circumstances and economics cause some determination of identity but not exclusively Theoretical introductions to each chapter attempt to synthesize elements on both sides of this most contemporary debate

Masochism and the Self Roy F. Baumeister, 2014-02-04 This volume provides an integrative theory firmly grounded in current psychology of the self and offers a fresh compelling account of one of psychology's most enigmatic behavior patterns Professor Baumeister provides comprehensive coverage of historical and cross cultural theories and empirical data on masochism and presents recent original data drawn from a large data set of anonymous masochistic scripts of fantasies and favorite experiences Drawn from the latest social psychological research and theories Professor Baumeister returns the emphasis to the original and proto typical form of masochism sexual masochism and explains these phenomena as a means of releasing the individual from the burden of self awareness It is the first volume to present a psychological theory compatible with the mounting evidence that most masochists are not mentally ill nor does masochism derive from sadism Instead Professor Baumeister finds that masochism emerges as an escapist response to the problematic nature of selfhood and he attempts to foster an understanding of sexual masochism that emphasizes both escape from self and construction of meaning

hypotheses The book is directed at all those interested in the self and identity in paradoxical behavior patterns and in the construction of meaning presenting specific clinical recommendations **Cinema, Pain and Pleasure** Steven Allen, 2013-03-28 From Tattoo to Saw this book considers mainstream cinema's representation of the viscerally dominated and marked body Examining a shift in the late twentieth century to narratives that highlight subjection endurance and willed acquiescence it probes the confluence of pain pleasure and consent to analyse the implications of the change
