Sacraments Rites Of Passage:

Sacraments William J. O'Malley, 1995 The progress of civilization has been in a very real sense a process of dehumanization History is a story of disenchantments not only in the sense of correcting naivete but of taking the magic out of everything The Sacraments of the Law and the Law of the Sacraments Judith Hahn, 2023-11-23 Sacraments are powerful actions With their help law religion and other social practices change our social world **Pastoral Foundations of the Sacraments** Gregory L. Klein, Robert A. Wolfe, 1998 A logical presentation of the sacraments as the principle acts of worship in the Catholic church Synthesizes contemporary research on symbol ritual and sacramental liturgical and pastoral theology into a single readable resource Each chapter ends with questions for reflection and discussion **Honest Rituals, Honest Sacraments** Joseph Martos, 2017-12-28 Honest rituals are ceremonial actions that celebrate what is actually happening in people's lives Religious rituals however often celebrate beliefs and doctrines e.g. the birth of Christ God's forgiveness of sins or the gifts of the Holy Spirit that have little to do with people's experience Martos argues that early Christian rituals were grounded in experiences such as conversion community commitment and self-giving Lacking a vocabulary to name such experiences the authors of the New Testament and other early documents resorted to metaphors such as baptism into Christ receiving the Holy Spirit forgiveness by God and the presence of Christ during worship By the fourth century however those metaphors were taken to be unexperienced metaphysical realities rather than experienced realities The medieval schoolmen developed philosophical explanations of what went on in church rituals and the Catholic Church continues to teach that its sacraments are automatically effective despite growing evidence to the contrary What if religious rituals were to regain their original authenticity What if the guiding value in designing church ceremonies was honesty rather than liturgical correctness After liberating the reader from doctrinal constraints Martos invites Catholics into a re-visioning of the traditional sacraments and a reawakening of ritual imagination in non-Western cultures The Church-as-family and Ethnocentrism in Sub-Saharan Africa Gerald K. Tanye, 2010 Ethnocentrism is one of the greatest obstacles to peace on the African continent Taking the Church as Family of God as a model of evangelization this work explores means of inculturating the Gospel message in African cultures in order to transform them make them blossom and enable Africans to live as authentic Christians in their cultures It examines the values of African extended families and the prospects of interreligious dialogue as means through which the various religious bodies can effectively work together to overcome ethnocentrism and its evil effects and thus establish a wholesome African society where every human person is at home irrespective of family orientation or tribal background **The Sacraments** Joseph Martos, 2009-08-01 What are the sacraments really For centuries the religious lives of Catholics and other Christians have revolved around church rituals with generally accepted individual and social effects What precisely are those effects and how are they produced Traditional theology used Greek philosophy to understand the sacraments and how they work But is there no other way to understand

them In fact there are a number of ways and this book invites you to look at the sacraments through a variety of lenses psychology sociology anthropology history theology morality and spirituality As the introduction to this volume challenges If you read this book and especially if you engage in the interactive study to which it invites you your understanding of sacraments will be changed forever To help personalize your investigation the author has created a web site with thought provoking questions that encourage you to interact with the ideas being proposed in this volume To engage these topics more deeply see [www TheSacraments org](http://www.TheSacraments.org)

Ritual in Early Modern Europe Edward Muir,2005-08-18 The comprehensive 2005 study of rituals in early modern Europe argues that between about 1400 and 1700 a revolution in ritual theory took place that utterly transformed concepts about time the body and the presence of spiritual forces in the world Edward Muir draws on extensive historical research to emphasize the persistence of traditional Christian ritual practices even as educated elites attempted to privilege reason over passion textual interpretation over ritual action and moral rectitude over gaining access to supernatural powers Edward Muir discusses wide ranging themes such as rites of passage carnivalesque festivity the rise of manners Protestant and Catholic Reformations the alleged anti Christian rituals of Jews and witches This edition examines the impact on the European understanding of ritual from the discoveries of new civilizations in the Americas and missionary efforts in China and adds more material about rituals peculiar to women

 Church Archibald L.H.M. van Wieringen,2022-06-08 The strong relationship between the Bible and the sacraments of the
 Catholic Church is generally accepted in theology This monograph approaches this relationship from a synchronic
 perspective This fresh perspective opens up new windows providing insight into similarities found in the various rites in and
 outside the Catholic Church For example the basic biblical pattern of the celebration of the Eucharist Last Supper appears to
 be standard It also poses critical questions regarding sacramental theology in general especially to the problematic equation
 of the proper name Jesus and the title Christ *Faith and Culture* Emmanuel Osigwe,2022-12-05 The recognition of the
 intersection of faith and culture has become a significant trend in contemporary theology Cultures are locations of divine
 activity The Sacramental Theology of Elochukwu Uzukwu in Light of Vatican II and Its Application in African Context brings
 freshness to the dominant Catholic sacramental thinking by offering an African appropriation of the Christian faith through
 African cultures It demonstrates the historical interaction of the Christian faith with multiple anthropologies that resonates
 with different peoples to celebrate rituals that convey divine activity This work engages the theology of Elochukwu Uzukwu a
 recent African sacramental liturgical theologian whose work reflects the elements of sacramental and liturgical renewal of
 the Second Vatican Council especially in its openness to a plurality of cultures This book retrieves resources from the African
 universe to offer a contextual appropriation of the interface between faith and African cultures It highlights the African view
 of the body in its expressive worship and significance of relationality as an undergirding existential philosophy of life
 Consequently it offers a flexible theological methodology that avoids polarities It provides an additional resource to the
 philosophical and theological approach to the perennial problem of duality and theologies constructed on this template This
 study moves beyond monocultural sacramental expression to engage symbols and indigenous resources to articulate an
 African sacramental theology
