Urban Waterways. Evolving Paradigms for Hydro-based Urbanisms Nancy M. Clark, 2016-10-31 *Urban Waterways Evolving Paradigms for Hydro based Urbanisms* investigates the environmental cultural and economic future of cities on the water in the 21st century Collected here are urban projects across the globe from 15 cities on 5 continents representing not only the complexities of urban life in the face of environmental concerns global economic shifts waste and energy management and post industrial legacies but also new thinking and practices that are emerging from a reconsideration of the value of hydro based urbanism through a recalibration of our settlement patterns Contexts range from coastal cities to cities associated with river lake and wetlands ecologies and offer strategies from retrofitting and recovery to imagining new cities on the water Although each of these urban projects proposes site specific responses that are locally relevant and respond to the city s distinctive landscapes they are also linked through their reconceptualization of a land and water dialogue and in the manner in which they tap into the broader spectrum of what portunism that suggests alternative directions and visions for our urban futures The congress was held in Durban South Africa *Atlas of Warsaw's Architecture* Juliusz A. Chrościcki, Andrzej Rottermund, 1978 **Avery Index to Architectural Periodicals** Avery Library, 1997 **British Built** Lucy Bullivant, 2005-09-22 For a while now the Young British Artists have been soaking up the international limelight thanks to a sensibility that is at once outrageous and thoughtful Architecture of course always takes a while to catch up to the other arts but now finally Britain has emerged as one of the world s most fertile breeding grounds for international design talent Catalyzed by such leading international architecture schools as the Architectural Association and the Bartlett a new wave of architects from home and abroad is combining local and global styles in exciting new buildings and projects Post Imperial British designers are indeed synthesizing foreign cultures with Western conditions in an entirely original way Profiling Britain s most dynamic and intriguing practices *British Built* features projects by S333 Caruso St John Alison Brooks Foreign Office Architects FOA muf Allford Hall Monaghan Morris Gollifer Langston de Rijke Marsh Morgan dRMM Kathryn Findlay FAT Adjaye Associates Sergison Bates Klein Dytham Architects KDa and Deborah Saunt David Hills Architects *British Built* the sequel to our successful *SuperDutch* includes studio profiles and essays outlining the unique characteristics of the British architect working today and presenting an even younger generation of architects whose stars are only just appearing on the horizon including atopia softroom dECOi and Tonkin Liu among many others *Designed Landscapes* Alan Tate, Marcella Eaton, 2023-09-20 *Designed Landscapes* is a case by case study of 37 significant existing works of landscape design worldwide largely constructed since the Renaissance Being an informative and easy to read reference volume for practitioners and students alike it presents key precedents in landscape architecture using site plans and recent photographs to showcase each project Organised and presented in 12 sections based on project type each project is examined based on date previous site condition designer s design intentions current composition unique features ownership and management

and comparable projects Each chapter offers an insightful critique of the featured projects Written by the authors of Great City Parks the book posits that these carefully selected key projects have maintained their status throughout the ages because they express values and design intentions that continue to inform the practice of the landscape architecture in the present day The book concludes with a ten point summary of lessons for professional practice gleaned from the studies Including a wide range of case studies from countries including many in western Europe the United States Canada India Japan and China and lavishly illustrated with over 200 full colour images the book is a must have volume for anyone interested in the history and current practice of landscape architecture

Ecological by Design Kjetil Fallan,2022-11-22

How ecological design emerged in Scandinavia during the 1960s and 1970s building on both Scandinavia s design culture and its environmental movement Scandinavia is famous for its design culture and for its pioneering efforts toward a sustainable future In *Ecological by Design* Kjetil Fallan shows how these two forces came together in the late 1960s and early 1970s when Scandinavian designers began to question the endless cycle in which designed objects are produced consumed discarded and replaced in quick succession The emergence of ecological design in Scandinavia at the height of the popular environmental movement Fallan suggests illuminates a little known reciprocity between environmentalism and design not only did design play a role in the rise of modern environmentalism but ecological thinking influenced the transformation in design culture in Scandinavia and beyond that began as the modernist faith in progress and prosperity waned Fallan describes the efforts of Scandinavian designers to forge an environmental ethics in a commercial design culture sustained by consumption shows by recounting a quest for sustainability through Norwegian wood s that one of the main characteristics of ecological design is attention to both the local and the global and explores the emergence of a respectful and sustainable paradigm for international development Case studies trace key connections to continental Europe Britain the US Central America and East Africa Today ideas of sustainability permeate design discourse but the historical emergence of ecological design remains largely undiscussed With this trailblazing book Fallan fills that gap

The History of the Merchant Taylors' Company Matthew Davies,2022-09-16

One of the Great Twelve livery companies of the City of London the Merchant Taylors Company has been in existence for some seven hundred years This new history will chart the remarkable story of the Company and its members from its origins until the 1950s encompassing the lives and achievements of men such as Sir Thomas White founder of St John s College Oxford and the celebrated chronicler John Stow as well as the roles played by the Company in the City and beyond in different periods As well as looking in detail at the internal life of the Company the book will also focus on a

number of important themes in the wider history of London These include trade and industry apprenticeship the impact of religious change the foundation of schools and other charities and the government and politics of the City In doing so the book will contribute to an understanding of the aims and activities of the livery companies over the centuries their ability to adapt to changing circumstances and their relevance in a modern world far removed from that in which they were first established The History of the Merchant Taylors Company will appeal to a wide range of people interested in the history of London It is fully illustrated with more than seventy five black and white and thirty colour illustrations

Landscape Theory in Design Susan Herrington, 2016-12-08 Phenomenology Materiality Cybernetics Palimpsest Cyborgs Landscape Urbanism Typology Semiotics Deconstruction the minefield of theoretical ideas that students must navigate today can be utterly confusing and how do these theories translate to the design studio Landscape Theory in Design introduces theoretical ideas to students without the use of jargon or an assumption of extensive knowledge in other fields and in doing so links these ideas to the processes of design In five thematic chapters Susan Herrington explains the theoretic groundings of the theory of philosophy why it matters to design an example of the theory in a work of landscape architecture from the twentieth and twenty first centuries debates surrounding the theory particularly as they elaborate modern and postmodern thought and primary readings that can be read as companions to her text An extensive glossary of theoretical terms also adds a vital contribution to students comprehension of theories relevant to the design of landscapes and gardens Covering the design of over 40 landscape architects architects and designers in 111 distinct projects from 20 different countries Landscape Theory in Design is essential reading for any student of the landscape
