Venice's Secret Service Ioanna Iordanou, 2019-10-28 Venice's Secret Service is the untold and arresting story of the world's earliest centrally organised state intelligence service Long before the inception of SIS and the CIA in the period of the Renaissance the Republic of Venice had masterminded a remarkable centrally organised state intelligence organisation that played a pivotal role in the defence of the Venetian empire Housed in the imposing Doge's Palace and under the direction of the Council of Ten the notorious governmental committee that acted as Venice's spy chiefs this proto modern organisation served prominent intelligence functions including operations intelligence and covert action analysis cryptography and steganography cryptanalysis and even the development of lethal substances Official informants and amateur spies were shipped across Europe Anatolia and Northern Africa conducting Venice's stealthy intelligence operations Revealing a plethora of secrets their keepers and their seekers Venice's Secret Service explores the social and managerial processes that enabled their existence and that furnished the foundation for an extraordinary intelligence organisation created by one of the early modern world's most cosmopolitan states

Stakeholders and Ethics in Healthcare Lisa A. Martinelli, 2022-03-20 This ground breaking book uses organizational ethics and stakeholder theory to explore the ethical accountability of leadership in healthcare organizations to their distinct vulnerable stakeholder communities The book begins with a discussion of the moral agency of healthcare organizations and introduces stakeholder theory It then looks at key ethical challenges in relation to the confidentiality and privacy of healthcare data before turning to child health and interventions around issues such as obesity maltreatment and parenting The book ends by focusing on ethics of care in relation to older people and people with disabilities An insightful contribution to thinking about ethics for contemporary healthcare management and leadership this interdisciplinary book is of interest to readers with a background in healthcare business and management law bioethics and theology

The Routledge Handbook of Family Communication Anita L. Vangelisti, 2012-11-27 With a synthesis of research on issues key to understanding family interaction as well as an analysis of many theoretical and methodological choices made by researchers studying family communication the Handbook serves to advance the field by reframing old questions and stimulating new ones The contents are comprised of chapters covering theoretical and methodological issues influencing current conceptions of family research and theory centering around the family life course communication occurring in a variety of family forms individual family members and their relationships dynamic communication processes taking place in families family communication embedded in social cultural and physical

contexts Key changes to the second edition include updates throughout providing a thorough and up to date overview of research and theory new topics reflecting the growth of the discipline including chapters on singles as family members emerging adults and physiology and physical health Highlighting the work of scholars across disciplines communication social psychology clinical psychology sociology family studies and others this volume captures the breadth and depth of research on family communication and family relationships The well known contributors approach family interaction from a variety of theoretical perspectives and focus on topics ranging from the influence of structural characteristics on family relationships to the importance of specific communication processes Shared Cognition in Organizations John M.

Levine, Leigh L. Thompson, David M. Messick, 2013-09-05 Written for those interested in the topic of shared knowledge in organizations this edited volume brings together a variety of themes and perspectives that emerge when multidisciplinary scholars examine this important subject The papers were presented at a conference designed to bring together behavioral scientists who were interested in the creation conversation distribution and protection of knowledge in organizations The editors bring together a distinguished group of social psychologists who have made important contributions to social cognition and group processes They cast a wide net in terms of the topics covered and challenged the authors to think about how their research applies to the management or mismanagement of knowledge in organizations The volume is divided into three sections knowledge systems emotional motivational systems and communication and behavioral systems A final conclusion chapter discusses and integrates the various contributions **Legal Secrets** Kim Lane Scheppele, 1988 Does the seller of a house have to tell the buyer that the water is turned off twelve hours a day Does the buyer of a great quantity of tobacco have to inform the seller that the military blockade of the local port which had depressed tobacco sales and lowered prices is about to end Courts say yes in the first case no in the second How can we understand the difference in judgments And what does it say about whether the psychiatrist should disclose to his patient's girlfriend that the patient wants to kill her Kim Lane Scheppele answers the question Which secrets are legal secrets and what makes them so She challenges the economic theory of law which argues that judges decide cases in ways that maximize efficiency and she shows that judges use equality as an important principle in their decisions In the course of thinking about secrets Scheppele also explores broader questions about judicial reasoning how judges find meaning in legal texts and how they infuse every fact summary with the values of their legal culture Finally the specific insights about secrecy are shown to be consistent with a general moral theory of law that indicates what the content of law should be if the law is to be legitimate a theory that sees legal justification as the opportunity to attract consent This is more than a book about secrets It is also a book about the limits of an economic view of law Ultimately it is a work in constructive legal theory one that draws on moral philosophy sociology economics and political theory to develop a new view of legal interpretation and legal morality *Identity as Reasoned Choice* Jonardon Ganeri, 2012-02-02 In an increasingly multi religious and multi ethnic world identity has become something

actively chosen rather than merely acquired at birth This book essentially analyzes the resources available to make such a choice Looking into the world of intellectual India this unique comparative survey focuses on the identity resources offered by India s traditions of reasoning and public debate Arguing that identity is a formation of reason it draws on Indian theory to claim that identities are constructed from exercises of reason as derivation from exemplary cases The book demonstrates that contemporary debates on global governance and cosmopolitan identities can benefit from these Indian resources which were developed within an intercultural pluralism context with an emphasis on consensual resolution of conflict This groundbreaking work builds on themes developed by Amartya Sen to provide a creative pursuit of Indian reasoning that will appeal to anyone studying politics philosophy and Asian political thought
