Officially Sacred Michael A. Di Giovine,Jaeyeon Choe,2020-06-09 Pilgrimage beyond the Officially Sacred Understanding the Geographies of Religion and Spirituality in Sacred Travel examines the many ways in which pilgrimage engages with sacredness delving beyond the officially recognized and often religiously conceived pilgrimage sites As scholarship examining the lived experiences of pilgrims and tourists has demonstrated pilgrimage need not be religious in nature nor be officially sanctioned rather they can be hyper meaningful voyages set apart from the everyday profane life in a word they are sacred Separating the social category of religion from the sacred this volume brings together a multidisciplinary group of scholars employing perspectives from anthropology geography sociology religious studies theology and interdisciplinary tourism studies to theorize sacredness its variability and the ways in which it is officially recognized or condemned by power brokers Rich in case studies from sacred centers throughout the world the contributions pay close attention to the ways in which pilgrims central authorities site managers locals and other stakeholders on the ground appropriate negotiate shape contest or circumvent the powerful forces of the sacred Delving beyond the officially sacred this collective examination of pilgrimages both well established and new religious and secular authorized and not presents a compelling look at the interplay of secular powers and the transcendent forces of the sacred at these hyper meaningful sites Providing a blueprint for how work in the anthropology and geography of religion and the fields of pilgrimage and religious tourism may move

forward Pilgrimage beyond the Officially Sacred will be of great interest to an interdisciplinary field of scholars The chapters were originally published as a special issue in *Tourism Geographies*

Beyond Vengeance, Beyond Duality Sylvia Clute, 2010-05-01 We are in trouble Our social financial and religious institutions are crumbling Our criminal justice system is a prime example of society's dysfunction More than 1 in 100 Americans are now in jail Taxes now finance the incarceration of 1 in 53 of adults in their 20s There are now 2.3 million people locked up in the U.S. the same number of prisoners in Russia and China combined The U.S. accounts for 5 percent of the world's population and 25 percent of the world's prisoners What courtroom veteran and law professor Sylvia Clute saw on a daily basis was all too often the miscarriage of justice Because of her legal background Clute focuses on legal horror stories to demonstrate her underlying thesis The crisis in our legal system is merely symptomatic of a rot found in each of our institutions It is rooted in a philosophy of dualism that pits us against one another It is rooted in a philosophy that fails to recognize the oneness or unity of all life Clute unfolds her argument for applying the philosophy of non-duality to not only our criminal justice system but to all social relationships She explores the roots of dualist thinking in the religious traditions of the world and offers the hope that if individuals and societies can move beyond dualistic thinking we will create a society that is truly just and authentically caring Part social policy part metaphysics this is a book for all who are looking for a new model for individual and societal relationships

Nothing Personal: Seeing Beyond the Illusion of a Separate Self Nirmala, 2010-01-16 Advaita and nondual teachings are about finding the Truth This Truth is not a dogma that you study it is the Truth about life the Truth about who you really are This Truth is discovered not learned It is discovered through sincerely inquiring Who am I What you discover is that who you are has nothing to do with self images or roles and everything to do with what you experience when you ask this question What you discover is that who you think of yourself as is just that a thought And beyond that thought is a great Mystery an experience of nothingness which is your true nature Nothing Personal leads you to the experience of your true nature and helps you explore its depth Through exposition questions and dialogues it brings you to a place of realization of the Truth you are that spacious Awareness in which everything appears including your thoughts and feelings Your thoughts and feelings do not define you but merely appear within Consciousness along with everything else This Consciousness is who you are Nothing Personal offers a gentle and persistent guide to seeing the underlying truth of your ultimate nature In this concisely edited collection of satsang talks and dialogues you are invited to honor the limitless love that is your true nature and to enjoy the sweet richness that is revealed when you give this Truth your undivided attention From the introduction Unlike most books this one is not meant to add to your knowledge or understanding It is about the Truth that cannot be spoken or written Although the Truth cannot be contained in this or any other book each word written here is intended to point you toward that Truth Many of the words and ideas may seem paradoxical or contradictory because what they point to is larger than our conceptual frameworks Many questions are asked which are not answered anywhere in the book Find out what the

experience is like to ask yourself these questions even if they leave you emptier of knowledge and understanding In this emptying you just may discover what you are looking for The Truth is revealed when we allow ourselves to not know so I invite you to set aside all that you know for the time being and allow yourself to look with innocent eyes at what the words are attempting to unveil Take the time to experience the unspoken truth in each section before moving on to the next Resist the temptation to read these words with your mind which is likely to rush right past the Truth Allow the words to sink into your heart and reveal the truth of who you are

Religion beyond its Private Role in Modern Society Wim Hofstee, A. van der Kooij, 2013-09-12 The volume Religion beyond its Private Role in Modern Society aims at contributing to the debate on the distinction between public and private spheres with regard to the role of religion in modern societies This issue which is inherent to many conceptions regarding social order modernity freedom of conscience and the changing role and function of religion is discussed not only from a social scientific but also from a historical and philosophical point of view The articles dwell on several aspects of the role of religion in different societies in modern times and the overall theme is explored from the perspective of various religious traditions and groups both institutional and non institutional It turns out that the distinction made is difficult to maintain Contributors include Bart Labuschagne Linda Woodhead Niek Brunsveld Dick Douwes Mohammed Ghaly Heleen Murre van den Berg David Novak Alexandros Sakellariou Matthew Tennant Bruno Verbeek Ernestine G E van der Wall William Arfman Stef Aupers Jeroen Boekhoven Meerten B ter Borg and Kees de Groot
