Willing Seduction Barbara Kosta,2012 This fascinating cultural history of The blue angel provides a new interpretive framework with which to approach this classic Weimar film and suggests that discourses on mass and high culture are integral to the film s thematic and narrative structure These discourses surface in the relationship between the two main characters the cabaret entertainer Lola Lola Marlene Dietrich and the high school teacher Immanuel Rath one time

Oscar winner Emil Jannings In addition to offering insight into some of the major debates that informed the Weimar Republic this book also demonstrates how similar issues continue to shape the contemporary cultural landscape of Germany where Dietrich serves as a cultural icon whose symbolic value has contributed significantly to nation building since German unification rear cover **The Seduction of the Female Body** Eva De Clercq,2013-02-18 Drawing on the ambiguous meaning of the notion of vulnerability the book offers an innovative approach to the topic of the female body in relation to women s rights going beyond the age old dichotomy of casting women as either passive victims or conscious agents

George W. Hart, 2012-12-06 This book deals with the mathematical properties of dimensioned quantities such as length mass voltage and viscosity Beginning with a careful examination of how one expresses the numerical results of a measurement and uses these results in subsequent manipulations the author rigorously constructs the notion of dimensioned numbers and discusses their algebraic structure The result is a unification of linear algebra and traditional dimensional analysis that can be extended from the scalars to which the traditional analysis is perforce restricted to multidimensional vectors of the sort frequently encountered in engineering systems theory economics and other applications **EdPsych Modules** Cheryl Cisero Durwin, Marla Reese-Weber, 2024-12-12 EdPsych Modules by Cheryl Cisero Durwin and Marla Reese Weber uses an innovative modular approach integrating case studies drawn from real life classroom situations to address the challenge of effectively connecting theory and research to practice The text features succinct stand alone modules organized into themed units offering the flexibility to tailor content to the specific needs of a course Each unit opens with case studies written for early childhood elementary middle and secondary classrooms showing students the dynamics influencing the future students they plan to teach All 25 modules highlight diversity emphasizing how psychological factors adapt and change based on external influences such as sex gender race language disability status and socioeconomic background The Fifth Edition includes over seven hundred new references across all 25 modules with thorough coverage of the latest developments in education such as artificial intelligence virtual reality the latest neuroscience research and updated coverage of disabilities

Haunted Texts William Evan Fredeman, 2003-01-01 Begun by young rebels committed to revolutionizing the creative arts Pre Raphaelitism has moved from the margins of nineteenth century art and literature to the vanguard of interdisciplinary studies The term is now used to denote the Pre Raphaelite Aesthetic and Decadent movements in art culture and literature but it has remained as difficult to define as ever Haunted Texts attempts to meet the challenge of defining and illustrating the full spectrum of Pre Raphaelitism Working with a diverse range of Pre Raphaelite poetry painting decorative

arts book illustration and political prose the ten contributors to *Haunted Texts* pursue the critical strategies of such leading figures as Christina Rossetti and Dante Rossetti William Morris and Oscar Wilde Walter Pater and Aubrey Beardsley The essays consider the bibliocritical issues of archival research concerning the personal letters and diaries of the Rossetti family the technological issues that challenge conventional methods of scholarship the gender issues concerning constructions of identity derived from the changing conceptions of love desire anxiety and brotherhood and the interdisciplinary cultural issues that transgress the borders of high art and popular culture *Haunted Texts* pays tribute to the scholarship of Professor William Fredeman who devoted much of his career since the 1950s to establishing a critical foundation that would enable future scholars to define their understanding of the complexity of Pre Raphaelitism

The Reformation of the Image Joseph Leo Koerner, 2004-05-03 With his 95 Theses Martin Luther advanced the radical notion that all Christians could enjoy a direct personal relationship with God shattering years of Catholic tradition and obviating the need for intermediaries like priests and saints between the individual believer and God The text of the Bible the Word of God itself Luther argued revealed the only true path to salvation not priestly ritual and saintly iconography But if words not iconic images showed the way to salvation why didn't religious imagery during the Reformation disappear along with indulgences The answer according to Joseph Leo Koerner lies in the paradoxical nature of Protestant religious imagery itself which is at once both iconic and iconoclastic Koerner masterfully demonstrates this point not only with a multitude of Lutheran images many never before published but also with a close reading of a single pivotal work Lucas Cranach the Elder's altarpiece for the City Church in Wittenberg Luther's parish As Koerner shows Cranach breaking all the conventions of traditional Catholic iconography created an entirely new aesthetic for the new Protestant ethos In the Crucifixion scene of the altarpiece for instance Christ is alone and stripped of all his usual attendants no Virgin Mary no John the Baptist no Mary Magdalene with nothing separating him from Luther preaching the Word and his parishioners And while the Holy Spirit is nowhere to be seen representation of the divine being impossible it is nonetheless dramatically present as the force animating Christ's drapery According to Koerner it is this iconoclash that animates the best Reformation art Insightful and breathtakingly original *The Reformation of the Image* compellingly shows how visual art became indispensable to a religious movement built on words

Imagining Jewish Authenticity Ken Koltun-Fromm, 2015-01-28 Exploring how visual media presents claims to Jewish authenticity *Imagining Jewish Authenticity* argues that Jews imagine themselves and their place within America by appealing to a graphic sensibility Ken Koltun-Fromm traces how American Jewish thinkers capture Jewish authenticity and lingering fears of inauthenticity in and through visual discourse and opens up the subtle connections between visual expectations cultural knowledge racial belonging embodied identity and the ways images and texts work together

AIDS Narratives Steven F. Kruger, 2013-10-28 This is the first book length study of the rich fiction that has emerged from the AIDS crisis Examining first the ways in which scientific discourse on AIDS has reflected ideologies of gender and sexuality such as the construction of

AIDS as a disease of gay men part of a battle over masculinity and thus largely excluding women with AIDS from public attention the book considers how such discourses have shaped narrative understandings of AIDS On the one hand AIDS is seen as an invariably fatal weakening of an individual's bodily defenses a depiction often used to reconfirm an identification between disease and a weak and vulnerable gayness On the other hand AIDS is understood in terms of an epidemic attributable to gay immorality or unnaturalness The fiction of AIDS depends upon these two narratives with one major subgenre of AIDS novel presenting narratives of personal illness decline and death and a second focusing on epidemic spread These novels also question the narrative structures upon which they depend intervening particularly against the homophobia of those structures though also sometimes reinforcing it

Tales from Facebook Daniel Miller, 2013-04-25 Facebook is now used by nearly 500 million people throughout the world many of whom spend several hours a day on this site Once the preserve of youth the largest increase in usage today is amongst the older sections of the population Yet until now there has been no major study of the impact of these social networking sites upon the lives of their users This book demonstrates that it can be profound The tales in this book reveal how Facebook can become the means by which people find and cultivate relationships but can also be instrumental in breaking up marriage They reveal how Facebook can bring back the lives of people isolated in their homes by illness or age by shyness or failure but equally Facebook can devastate privacy and create scandal We discover why some people believe that the truth of another person lies more in what you see online than face to face We also see how Facebook has become a vehicle for business the church sex and memorialisation After a century in which we have assumed social networking and community to be in decline Facebook has suddenly hugely expanded our social relationships challenging the central assumptions of social science It demonstrates one of the main tenets of anthropology that individuals have always been social networking sites This book examines in detail how Facebook transforms the lives of particular individuals but it also presents a general theory of Facebook as culture and considers the likely consequences of social networking in the future
