Stars on the Earth Richard Leviton, 2006-08-18 Discover the wonderful secret the Earth holds for us that the stars of the galaxy live on our planet Holograms of high magnitude stars over holy mountains Physical travel to other planets through stargates on the Earth s surface Near instantaneous transportation across the planet through quick way portals Outrageous science fiction or sober geomantic fact Earth Mysteries researcher Richard Leviton takes you on a wild tour of three geomantic features of our planet and reveals that what science fiction has dreamed the Earth in fact offers us Stars on the Earth combines scholarship clairvoyance and field experience with the latest discoveries of geology and astrophysics and the timeless insights of the world s myths to open the planetary door to the stars It s all part of the Earth s unsuspected but staggeringly rich endowment as a designer planet Our planet was precisely designed and implemented for us and it s equipped with a visionary geography that mirrors features of the galaxy and Heavens Why are so many of the Earth s mountains said to be holy producing visions and encounters with the gods They all have canopies of light called domes each transmitting the presence of a galactic star What is the geomantic origin of the Bermuda Triangle Two dysfunctional stargates If working properly they and the Earth s other two million stargates could transport us rapidly to other planets Is there a way to travel quickly across the planet without using cars airplanes boats or trains Yes and it s called a traversable wormhole and the Earth has thousands of them awaiting our discovery and use Come join the tour of a planet you ve never seen before our own star infused Earth millennial star ,1878 *Seed of Stars* Hayward Roy (author), 1901 *Seeding*

The Testimony of Yahuchanon Paul Sides,2018-04-26 Yahusha came at the fullness of time or rather the time of the fulfillment of The Plan of Salvation written in the stars He came to fulfill what is promised and written LOGOS DABAR in The Heavenly Scroll on Earth in the flesh Yahusha s Message was the same as Yahuchanon John the Immerser s that we are to repent and follow The Way because The Kingdom proclaimed in The Heavenly Scroll is at hand as he came to fulfill it at just the right time We have been blinded by tradition and religion to deny The Heavenly Scroll and

commit what the Scriptures call the two evils by denying Yahusha was the fulfillment of ORION and AQUARIUS The Bible is the story of The Battle of the Ages that plays out in the stars constellations between ORION The Son of Man and The Dragon Serpent That battle then plays out on Earth and is documented from Genesis to Revelation This battle between The Son of Man and The Dragon materializes in the personal life of Yahusha the Messiah as he is the fulfillment of ORION and AQUARIUS This Battle plays out over the ages of mankind foretold in The Heavenly Scroll where the Messiah comes in the 4th Prophetic Day and The Dragon strikes his heel and he crushes the head of the Serpent In the Gospel of Yahchanan John we see that Yahusha ascends to read The Heavenly Mysteries secrets preserved in The Heavenly Scroll Enoch 9 6 as confirmed by Daniyahel Daniel Chapter 7 and Yahchanan John in the Book of Revelation Chapter 5 We also see that Yahusha brought his knowledge of The Secret Divine Counsel which is The Heavenly Scroll with him in his ministry and that is what he taught exclusively Matthew 4 16 17 This book restores back to the Messiah his mission and his message and for the first time delivers an accurate rendition of his teachings which astonished every one who heard him speak This book is the restoration of the Gospel of John bringing back to the text The Word of Yahuah s Testimony that Yahusha is the Messiah written in the stars and the Doctrine of Righteousness called The Way *Astrometric and Photometric Statistics of Certain of Hagen's Fields Photographed with the 24-inch Reflector* Harriet McWilliams Parsons,1928 Teaching Science Karl Maton,J. Doran,2021-04-25 Science has never been more important yet science education faces serious challenges At present science education research only sees half the picture focusing on how students learn and their changing conceptions Both teaching practice and what is taught science knowledge itself are missing This book offers new interdisciplinary ways of thinking about science teaching that foreground the forms taken by science knowledge and the language imagery and gesture through which they are expressed This book brings together leading international scholars from Systemic Functional Linguistics a long established approach to language and Legitimation Code Theory a rapidly growing sociological approach to knowledge practices It explores how to bring knowledge language and pedagogy back into the picture of science education but also offers radical innovations that will shape future research Part I sets out new ways of understanding the role of knowledge in integrating mathematics into science teaching scientific explanations and using multimedia resources such as animations Part II provides new concepts for showing the role of language in complex scientific explanations in how scientific taxonomies are built and in combining with mathematics and images to create science knowledge Part III draws on the approaches to explore how more students can access scientific knowledge how to teach professional reasoning the role of body language in science teaching and making mathematics understandable to all learners Teaching Science offers major leaps forward in understanding knowledge language and pedagogy that will shape the research agenda far beyond science education **The Israelites Found in the Anglo-Saxons.
