Copyright Office,1977 **Children** David Archard,2004 Offering a serious and sustained philosophical examination of children s rights David Archard provides a clear and accessible introduction to the topic The second edition is fully revised and updated and include a new preface and two new chapters

Children David Archard,Reader in Moral Philosophy David Archard,2005-06-20 Whether children have rights is a debate that in recent years has spilled over into all areas of public life It has never been more topical than now as the assumed rights of parents over their children is challenged on an almost daily basis David Archard offers the first serious and sustained philosophical examination of children and their rights Archard reviews arguments for and against according children rights He concludes that every child has at least the right to the best possible upbringing Denying that parents have any significant rights over their children he is able to challenge current thinking about the proper roles of state and family in rearing children Crucially he considers the problem of how to define and understand child abuse The Visionary Moment Paul Maltby,2012-02-01 In *The Visionary Moment* Paul Maltby draws on postmodern theory to examine the metaphysics and ideology of the visionary moment or epiphany in twentieth century American fiction Engaging critically with the works of Don DeLillo Jack Kerouac Saul Bellow Flannery O Connor Alice Walker and William Faulkner Maltby explains how the literary

convention of the visionary moment promotes the myth that there is a superior level of knowledge that can redeem or regenerate the individual He contends that this common sense assumption is a paradigm that needs to be confronted and critiqued *Seedtime and Harvest* Rosalie Koch,Maria Burg,1859 **Through the Eyes of a Child** Diane Hicks White,2010-03 About the Book *Through The Eyes of a Child* is a fictional side to the true story of the Cherokee Indians plight being removed from their homeland in which they existed for centuries The Cherokee Nation was forced from their homelands and this story tells how a small loving family dealt with the tragedy they would succumb to on this perilous journey They travel through hazardous conditions Through all the hardships of family loss a young child Little Bird grows from the wisdom taught from her grandmother and mother whose lives become joined with their Great Spirit Little Bird becomes an icon of strength for her people Filled with great wisdom and the knowledge of storytelling Little Bird gives the Cherokee Nation a perseverance of faith and the ideal to never to give up I have had many friends and family members who have constantly encouraged me to tell this story The plight of this brave Cherokee Nation will always be remembered In creating the character of Little Bird and her family I feel that I have given reality to this Trail of Tears that it deserves I viewed myself as a member of the Cherokee People and wondered what it must have been like traveling so far each day seeing hunger disease treacherous abuse rape of women and children these elements attacking this mighty people and watching so many people die before your eyes *Favourite Poems to Celebrate Babies and Children* Lucy Gray,2019-12-13 A beautifully illustrated anthology of poetry celebrating babies children and childhood from the magical times and memories of childhood through to the unconditional love a parent has for a child Some of our best loved poets are featured such as William Blake John Betjeman Robert Louis Stevenson Adrian Mitchell and WH Auden The poems begin in infancy with the joys that babies and toddlers bring as they learn to move and speak and progresses to playtime friendships holidays trips and school days The wonderful endearing illustrations throughout make this the ideal book for anyone who celebrates a child in their life *The Standard of the Best Interests of the Child* Claire Breen,2021-10-18 This text examines the application of the standard of the best interests of the child in the context of international law The United Nations Convention on the Rights of the Child recognises the best interests standard as being one of its guiding principles The question of whether the best interests standard succeeds in reaching this goal is the central theme of this book The point of departure for this analysis is that of the best interest standard being a Western notion based on an idea of the child as an innocent in need of protection However difficulties arise when the best interests standard has to be applied to a child who does not fit these criteria Consideration is then given to the malleability of the standard which allows it to overcome such difficulties and to justify its position as one of the guiding principles underpinning children s rights at the domestic and international level **The Kindergarten-primary Magazine** Bertha Johnston,E. Lyell Earle,1914 **Seeds of Turmoil** Bryant Wright,2023-12-19 Dive into the biblical history that provides a clear in depth explanation of the origin history and significance of the Middle

East conflict Starting with Abraham learn how he became the father of 3 religions how his sons rivalry planted the roots for turmoil and how the nations of Israel and Palestine continue this stalemate in current affairs The current conflict in the Middle East began long before the creation of the state of Israel in 1948 It originated when Abraham sinned distorting God's promise that he and his heirs would make a great nation and inherit the land now called The Holy Land A historical and political account Seeds of Turmoil clearly explains the biblical story of Abraham Sarah and Hagar and the ensuing sibling rivalry between Jacob and Esau whose choices formed the world's three most influential religions Judaism Christianity and Islam This fascinating insight into the beginnings of the conflict also explains what about the land is so important today In addition Wright sheds light on the conflicting Jewish Christian and Islamic perspectives and answers the question Does God play favorites A faith based view on Middle Eastern relations Seeds of Turmoil provide the historical context for a modern understanding of how and why these current events take place

Childhood in the Contemporary English Novel Sandra Dinter, 2019-10-10 Since the 1980s novels about childhood for adults have been a booming genre within the contemporary British literary market *Childhood in the Contemporary English Novel* offers the first comprehensive study of this literary trend Assembling analyses of key works by Ian McEwan Doris Lessing P D James Nick Hornby Sarah Moss and Stephen Kelman and situating them in their cultural and political contexts Sandra Dinter uncovers both the reasons for the current popularity of such fiction and the theoretical shift that distinguishes it from earlier literary epochs The book's central argument is that the contemporary English novel draws on the constructivist paradigm shift that revolutionised the academic study of childhood several decades ago Contemporary works of fiction Dinter argues depart from the notion of childhood as a naturally given phase of life and examine the agent's interests and conflicts involved in its cultural production Dinter also considers the limits of this new theoretical impetus observing that authors and scholars alike even when they claim to conceive of childhood as a construct do not always give up on the idea of its natural core Accordingly this book reconstructs how the English novel between the 1980s and the 2010s oscillates between an acknowledgment of constructivism and an endorsement of childhood as the last irrevocable quintessence of humanity In doing so it successfully extends the literary and cultural history of childhood to the immediate present
