Gray, 2009-01-01 This timely new leadership guide for the Presbyterian Church U S A is written for church officers who are looking for a deepened relationship with God Joan Gray challenges elders and deacons to see themselves as spiritual leaders and equips them to lead alongside their pastors Gray lays out a variety of leadership styles and helps leaders understand when each is appropriate She also provides resources for dealing with relationships in the church and identifies ways churches can be supportive of the spiritual leadership of elders and deacons Defending Royal Supremacy and Discerning God's Will in Tudor England Daniel Eppley, 2016-12-05 Early modern governments constantly faced the challenge of reconciling their own authority with the will of God Most acknowledged that an individual s first loyalty must be to God s law but were understandably reluctant to allow this as an excuse to challenge their own powers where interpretations differed As such contemporaries gave much thought to how this potentially destabilising situation could be reconciled preserving secular authority without compromising conscience In this book the particular relationship between the Tudor supremacy over the Church and the hermeneutics of discerning God's will is highlighted and explored This topic is addressed by considering defences of the Henrician and Elizabethan royal supremacies over the English church with particular reference to the thoughts and writings of Christopher St German and Richard Hooker Both of these men were in broad agreement that it was the responsibility of English Christians to subordinate their subjective understandings of God's will to the interpretation of God's will propounded by the church authorities St German originally put forward the proposition that king in parliament as the voice of the community of Christians in England was authorized to definitively pronounce regarding God s will and that

obedience to the crown was in all circumstances commensurate with obedience to God's will Salvation as envisioned by St German and Hooker was thus not dependent upon adherence to a single true faith Rather it was conditional upon a sincere effort to try to discern the true faith using the means that God had made available to the individual particularly the collective wisdom of one's church speaking through its representatives In tackling this fascinating dichotomy at the heart of early modern government this study emphasizes an aspect of the defence of royal supremacy that has not heretofore been sufficiently appreciated by modern scholars and invites consideration of how this aspect of hermeneutics is relevant to wider discussions relating to the nature of secular and divine authority Being an Intergenerational Church Suzi Farrant, Darren Philip, 2023-08-31 There is a growing realisation across mainstream churches that age segregated models of connecting with children young people and families are not working Drawing on their extensive experience Suzi Farrant and Darren Philip set out a vision for bringing the generations back together to become the intergenerational church we are designed to be In conversation with the writings of Dietrich Bonhoeffer they develop a theological rationale for intentional intergenerational relationships of mutuality lived out within the core activities of the church Through an exploration of the Christian practices of humility hospitality participation discipleship joy worship discernment and testimony they call the church to re discover its DNA as an all age community of transformation **Re-Imagining the Church** Robert J. Suderman, 2016-09-30 The church What has it become What was it meant to be Does it pave the way or get in the way Are we suspicious of the institutionalization of church bureaucracy Or thrilled with the relevant impact of its presence Robert J Suderman writes about the church as a practitioner His inspiration emerges out of the crossroads of biblical vision and human sincerity always tempered with frailty Years of ministry never a stranger to complexity only serve to sharpen the vision of possibility His imagination of what can be is never divorced from the realities of what is He does not bow to the common assumption that you can t get there from here Here is the only possible point of origin for us In his succinct easy to understand writing style Suderman provides insightful and thought provoking perspectives to what it means to be the church To be a people called out to participate together in God's activity in the world and to create programs and structures needed for effective ministry are two sides of the same coin This book is for dreamers and bureaucrats alike indeed it assumes that the two are indispensable pieces of God's coming presence Introduction by Tom Yoder Neufeld In Search of God's Will Trevor Hudson, 2024-11-05 Have You Ever Asked What Is God's Will for My Life A trusted voice of the Christian faith in spiritual formation and discipleship deeply shaped by the wisdom of Dallas Willard and St Ignatius Trevor Hudson has crafted a users guide to discern God's personal will for our lives After serving the local congregation as a Methodist pastor in South Africa for almost fifty years Trevor now lectures teaches and offers spiritual retreats both locally and internationally Over the years this question about discerning God s will is one that he has heard again and again In Search of God s Will creates a biblical imagination around the concept of discernment and provides practical ways to discern God's personal will for your

life ultimately helping you to become the unique person God wants you to be You ll be equipped and encouraged in your faith on how to align your heart with the heart of God attune yourself to your calling listen to God in Scripture pray the Scriptures pay attention to the movements of the Spirit in your heart uncover and exercise your God given giftedness notice God s presence and activity in daily life engage in sacred conversations with trusted companions make faithful decisions take the initiative when God seems silent and more Each concept includes a discernment exercise so that you can experience what you are learning If you have ever wondered about God s personal will for your life how your desires and God s desires intersect and how God is present and active around you In Search of God s Will can help you catch glimpses of what it means to become the person that from eternity you were destined to be
