Levy, 2021-11-23 Explores how wetiko covertly operates both out in the world and within our minds and how it underlies every form of self destruction both individual and collective Reveals how wetiko s power lies in our blindness to it and examines how people across the ages have symbolized wetiko to help see it and heal it Examines the concept of wetiko as it appears in the teachings of the Kabbalah Hawaiian Kahuna shamanism mystical Christianity and the work of C G Jung In its Native American meaning wetiko is an evil cannibalistic spirit that can take over people s minds leading to selfishness

insatiable greed and consumption as an end in itself destructively turning our intrinsic creative genius against our own humanity Revealing the presence of wetiko in our modern world behind every form of destruction our species is carrying out both individual and collective Paul Levy shows how this mind virus is so embedded in our psyches that it is almost undetectable and it is our blindness to it that gives wetiko its power Yet as Levy reveals in striking detail by recognizing this highly contagious mind parasite by seeing wetiko we can break free from its hold and realize the vast creative powers of the human mind Levy explores how artists philosophers and spiritual traditions across the ages have been creatively symbolizing this deadly pathogen of the psyche so as to help us see it and heal it He examines the concept of wetiko as it appears in the teachings of the Kabbalah Hawaiian kahuna shamanism Buddhism and mystical Christianity and through esoteric concepts like egregores demons counterfeiting spirits and psychic vampires He reveals how visionary thinkers such as C G Jung Sri Aurobindo Philip K Dick Colin Wilson Nicolas Berdyaev and Rene Girard each point to wetiko in their own unique and creative way He explores how the projection of the shadow self scapegoating is the underlying psychological mechanism fueling wetiko and examines wetiko in the context of the Covid 19 pandemic showing that we can reframe the pandemic so as to receive the lessons and opportunities embedded in it Revealing how the power of imagination can cure the wetiko mind virus Levy underscores how important it is for each of us to bring forth the creative spirit within us which helps shed the light of consciousness on wetiko taking away its power over us while simultaneously empowering ourselves Quaker Poets Mary Hoxie Jones,1975 **La Peste. *Consciousness in Jung and Patañjali* Leanne Whitney,2017-08-03 The East West dialogue increasingly seeks to compare and clarify contrasting views on the nature of consciousness For the Eastern liberatory models where a nondual view of consciousness is primary the challenge lies in articulating how consciousness and the manifold contents of consciousness are singular Western empirical science on the other hand must provide a convincing account of how consciousness arises from matter By placing the theories of Jung and Pata jali in dialogue with one another *Consciousness in Jung and Pata jali* illuminates significant differences between dual and nondual psychological theory and teases apart the essential discernments that theoreticians must make between epistemic states and ontic beliefs Pata jali s Classical Yoga one of the six orthodox Hindu philosophies is a classic of Eastern and world thought Pata jali teaches that notions of a separate egoic I are little more than forms of mistaken identity that we experience in our attempts to take ownership of consciousness Carl Jung s depth psychology which remains deeply influential to psychologists religious scholars and artists alike argues that ego consciousness developed out of the unconscious over the course of evolution By exploring the work of key theoreticians from both schools of thought particularly those whose ideas are derived from an integration of theory and practice Whitney explores the extent to which the seemingly irremediable split between Jung and Pata jali s ontological beliefs can in fact be reconciled This thorough and insightful work will be essential reading for academics theoreticians and postgraduate students
