Judaism and Human Geography Yossi Katz,2021-05-11 Judaism is a religion and a way of life that combines beliefs as well as practical commandments and traditions encompassing all spheres of life Some of the numerous precepts emerge directly from the Torah the Law of Moses Others are commanded by Oral Law rulings of illustrious Jewish legal scholars throughout the generations and rabbinic responsa composed over hundreds of years and still being written today Like other religions Judaism has also developed unique symbols that have become virtually exclusive to it such as the Star of David and the menorah This book argues that Judaism impacts human geography in significant ways it shapes the environment and space of its believers thus creating a unique Jewish geography *Judaism and Global Survival* Richard Schwartz,2023-08-15 Judaism and Global Survival discusses the challenges facing humanity and the Jewish teachings related to these challenges in order to galvanize Jews to help repair the world tikkun olam as required by Jewish law It argues that we don t need to discover new values and approaches to address current global threats What is needed is a rediscovery and application of basic Jewish teachings and mandates such as to pursue peace and justice to love our neighbors as ourselves and to act as co workers with God in protecting and preserving the world Judaism and Global Survival is meant to be a wake up call the strongest that one can make on the urgency of addressing climate threats and other environmental threats and the importance of Jews applying Jewish values in addressing these threats Among the issues discussed in the book are the following Jews are to guardians of the earth partners and co workers with God in working toward tikkun olam the healing repair and proper transforming of the world climate change is an existential threat to the world and the only hope to avert a climate catastrophe is through a major shift to plant based diets as that would enable reforestation of the vast areas now used for animal agriculture reducing atmospheric CO2 to a much safer level vegetarianism and even more so veganism is the diet most consistent with Jewish teachings on preserving our health treating animals with compassion protecting the environment conserving natural resources and helping hungry people

Expressivist Religious Zionism Shlomo Fischer, 2024-12-24 This book presents a new approach to the study of Religious Zionism In counter distinction to the prevalent fundamentalist approach it argues that mainstream of Religious Zionism is a romantic religious nationalist movement in which the modern idea of self expression and related notions such as the free and authentic self and the overcoming of alienation forms its philosophical core By showing how such notions are combined with conservative and un modern cultural and political goals such as the restoration of a messianic kingdom it provides a profoundly complex and nuanced account both of pervasiveness of modern notions in contemporary culture and of the modern aspects of conservative and even extremist religious and nationalist groups By uncovering the process of the sacralization of the nation the state the national destiny and territory it contributes to our understanding of religious nationalism globally It also shows how the violence and extremism perpetrated by Religious Zionism elements is not some atavistic holdover from the past but is in fact rooted in the drive to self actualization and constitutes modernist violence This book will appeal to researchers and students of Jewish studies Israel and the Middle East Its intended audience also includes researchers on religious nationalism and contemporary religious and national movements

Pearls of Jewish Wisdom on Living with Kindness Shmuly Yanklowitz, 2023-06-29 In this book we will share forty lessons each with its own unique theme The common thread to the series is living with deeper kindness How can the Jewish tradition inspire us to live with deeper love and compassion How can Jewish pearls of wisdom inform how we care for one another The book contains five sections Kindness Toward Specific Individuals Kindness Toward All Individuals Kindness Through Restraint Care for Our Environment and Self Improvement as a Catalyst for Kindness to Others The first two sections address proactive kindness towards our fellow humans the third addresses kindness by avoiding hurting others the fourth kindness towards all of God s creations including animals and nature as kindness cannot be only people directed the fifth serves as a starting point and catalyst for all of the above for without first being kind to ourselves and improving our general character we cannot be truly kind towards others The argument is not only that God wants us to live with kindness

and that Torah necessitates it but that kindness has the greatest chance of bringing happiness and meaning to our lives

Conway, 2017-11-15 The Catholic Church teaches that punishment must have a constructive and redemptive purpose and that it be coupled with treatment and when possible restitution Rehabilitation and restoration must include the spiritual dimension of healing and hope Since the publication of the United States Conference of Catholic Bishops' 2000 pastoral statement on restorative justice the conversation surrounding the need for criminal justice reform and restorative justice has moved forward *Redemption and Restoration* responds from a Catholic perspective to help form an educational campaign to equip Catholics and their leaders to participate in the national conversation on this issue create the programs needed to assist in healing the harm caused by crime and restore our communities The book develops the traditional Catholic understanding of justice offers a theological understanding of restorative justice explains how it can be implemented and reflects on the practical arguments for restorative justice Grounded in the stories of real people *Redemption and Restoration* helps readers gain a deeper understanding of how this affects us all as a country and a church It includes discussion questions to engage groups in exploring issues related to restorative justice **Living Kabbalah** Simcha H.
